Around Weston

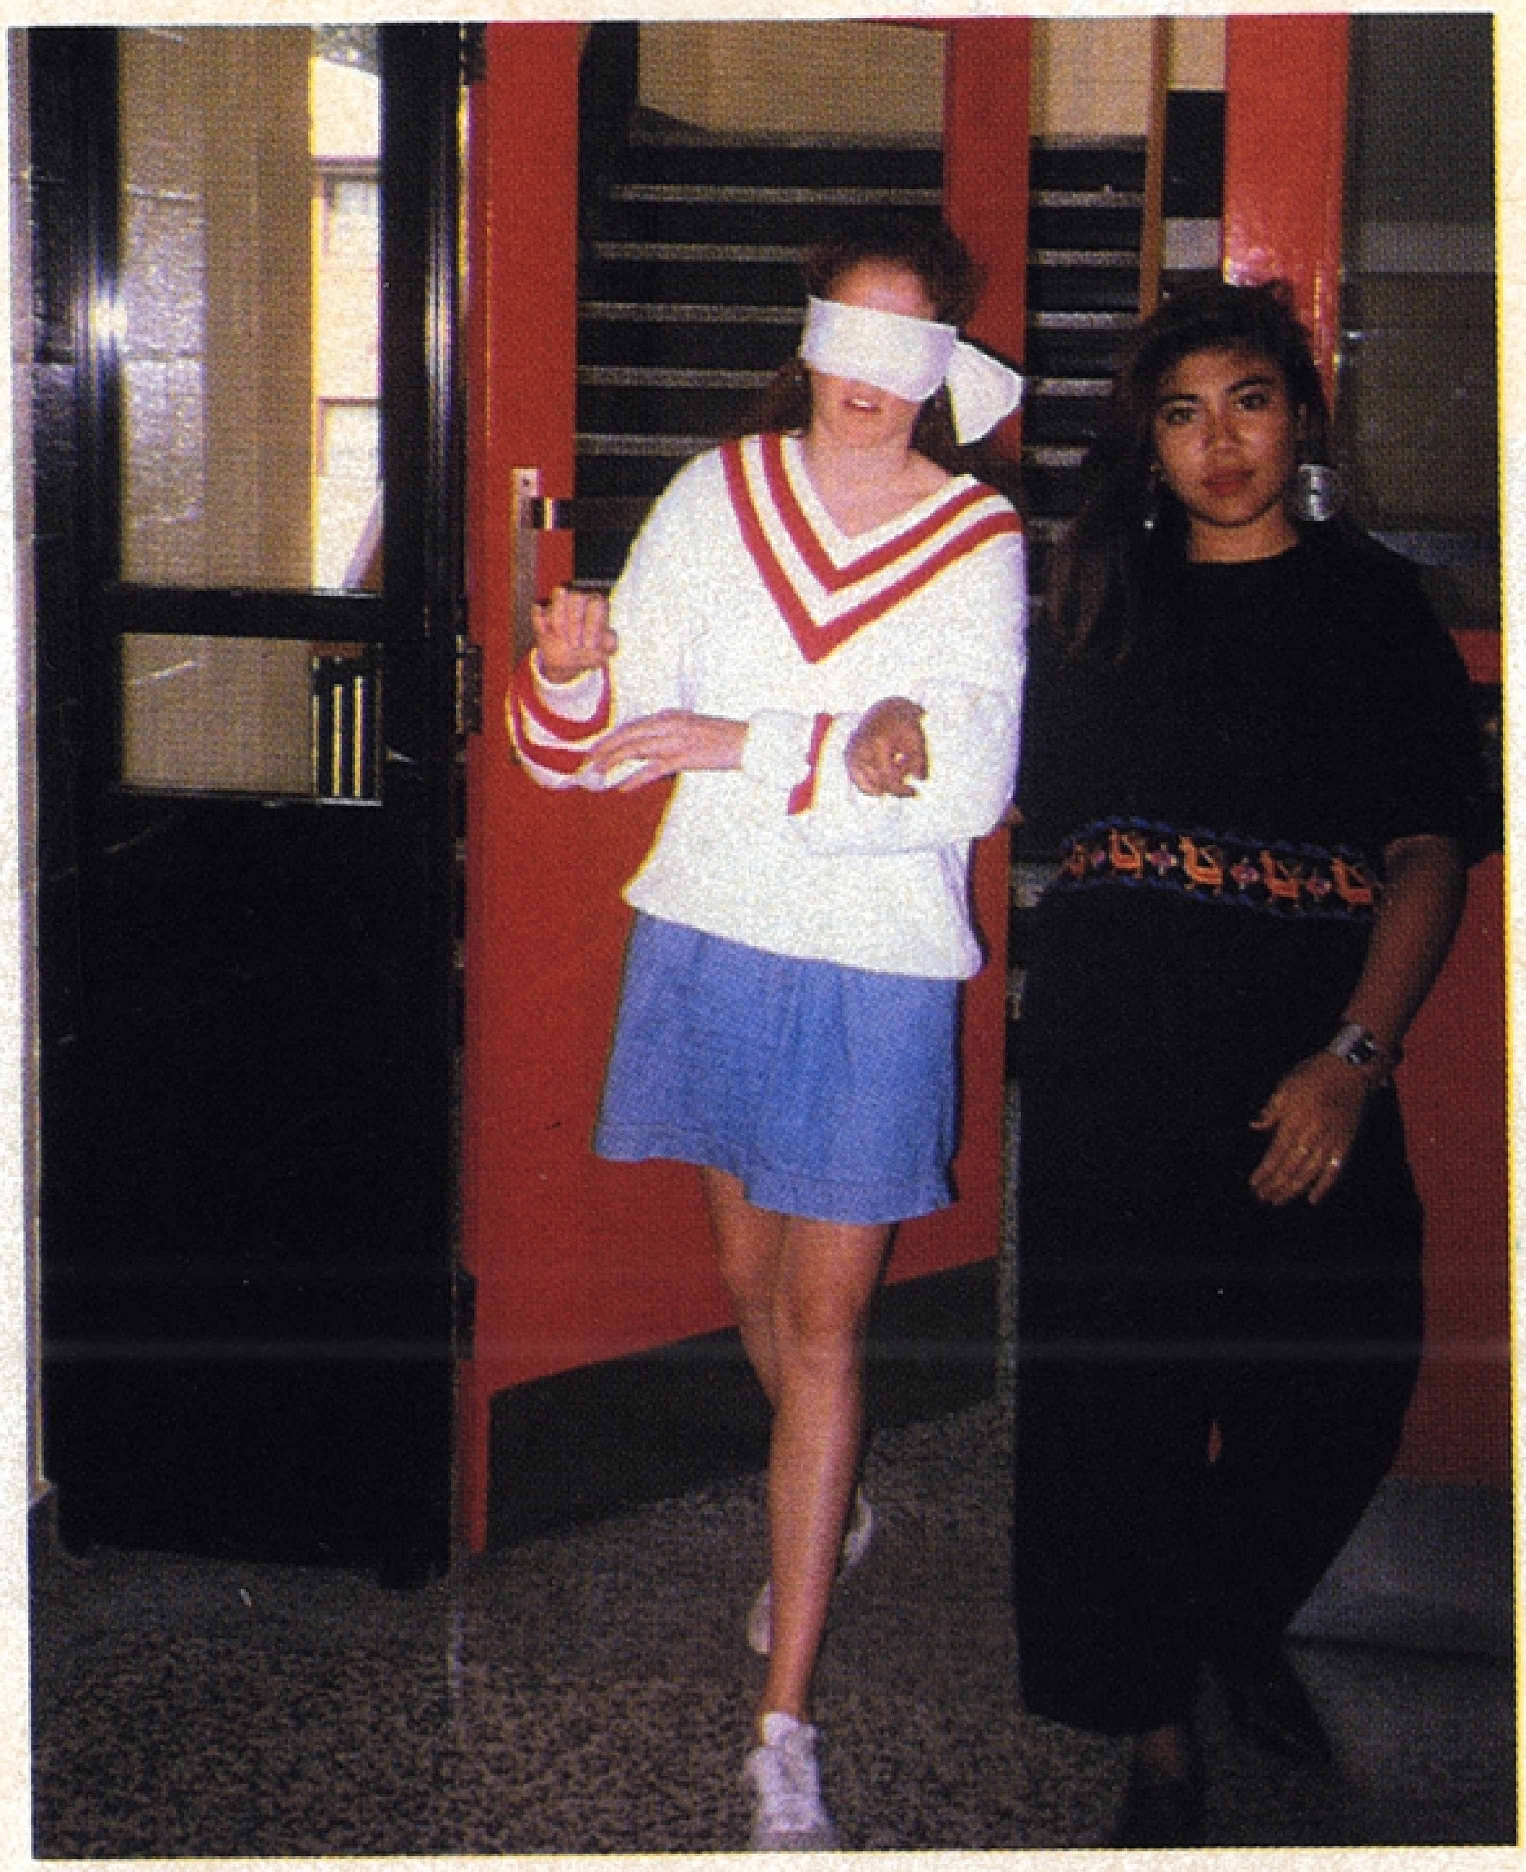

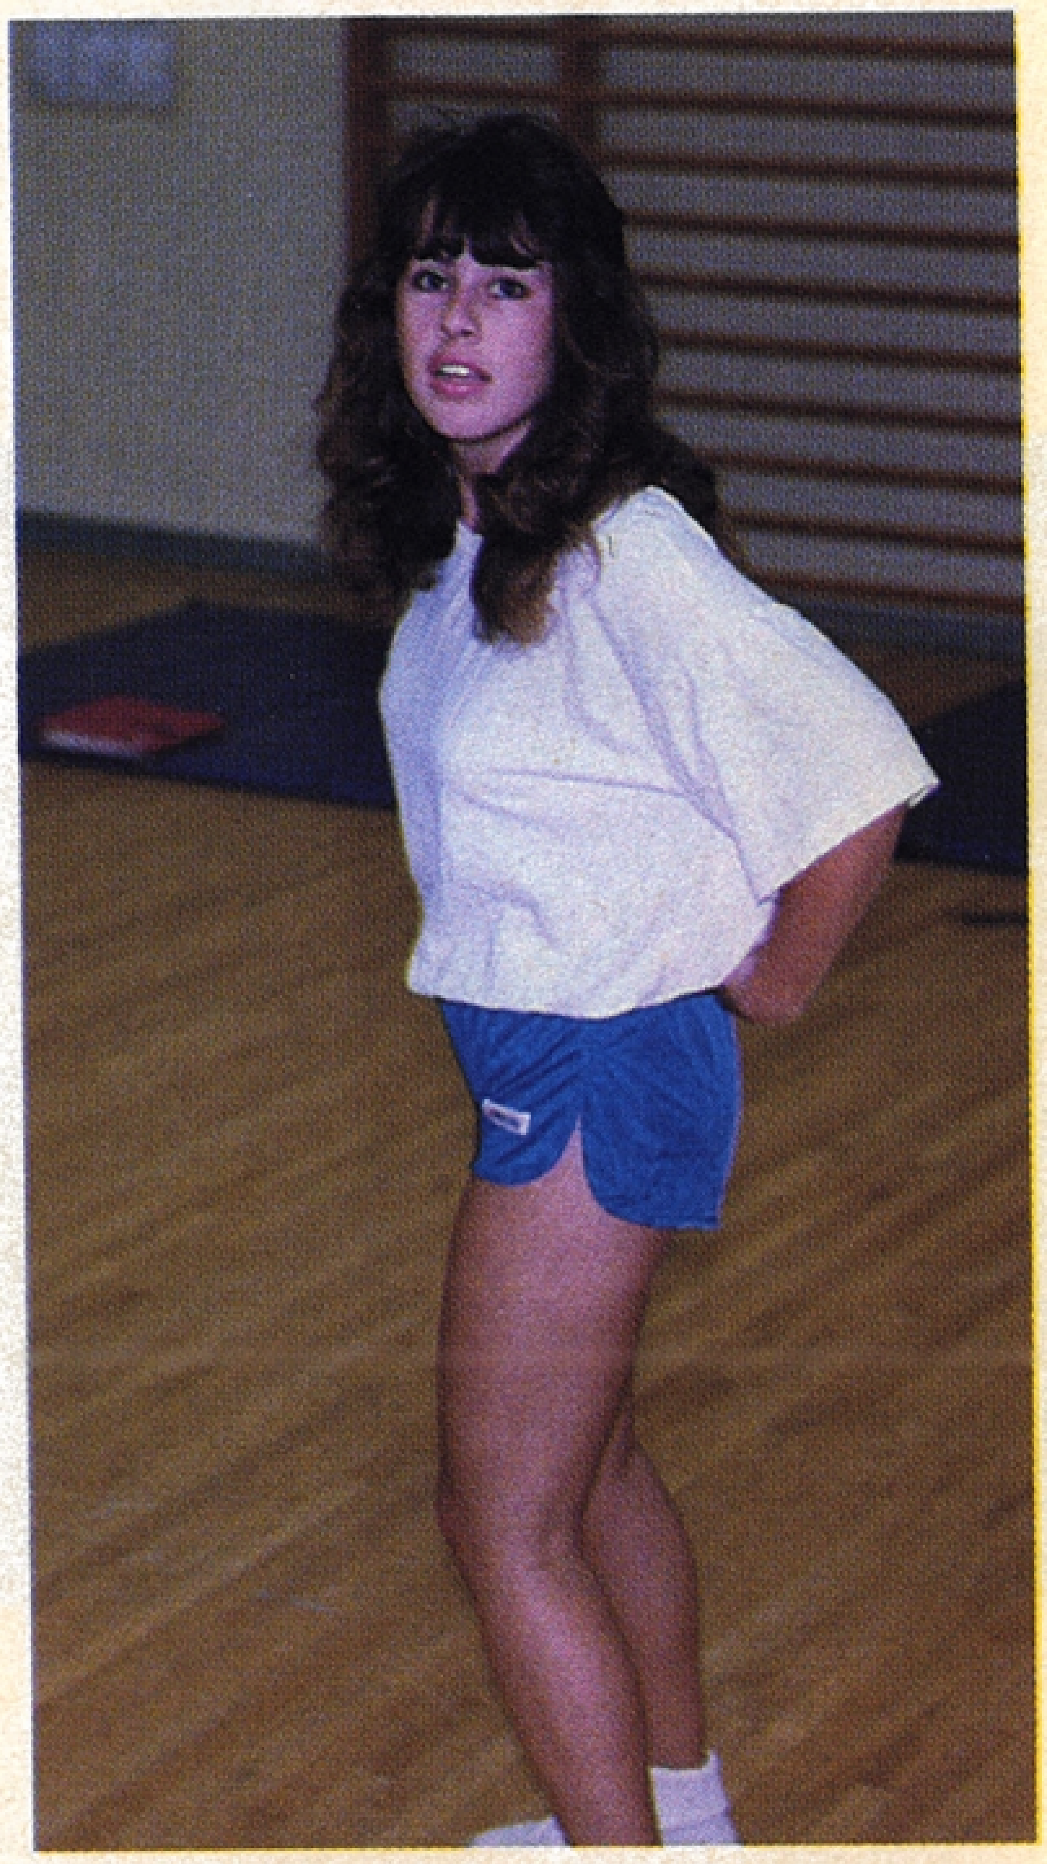

These two pages show what makes Weston original in almost every aspect. The pictures show the shop, gym and drama classes, the library, the lockers or just students having fun outside.

Just Hangin Out

All these pictures portray group shots. All students have their special friends who they hang around with during the high school years. These friends and hangout spots will not be forgotten, ever, even after graduation.

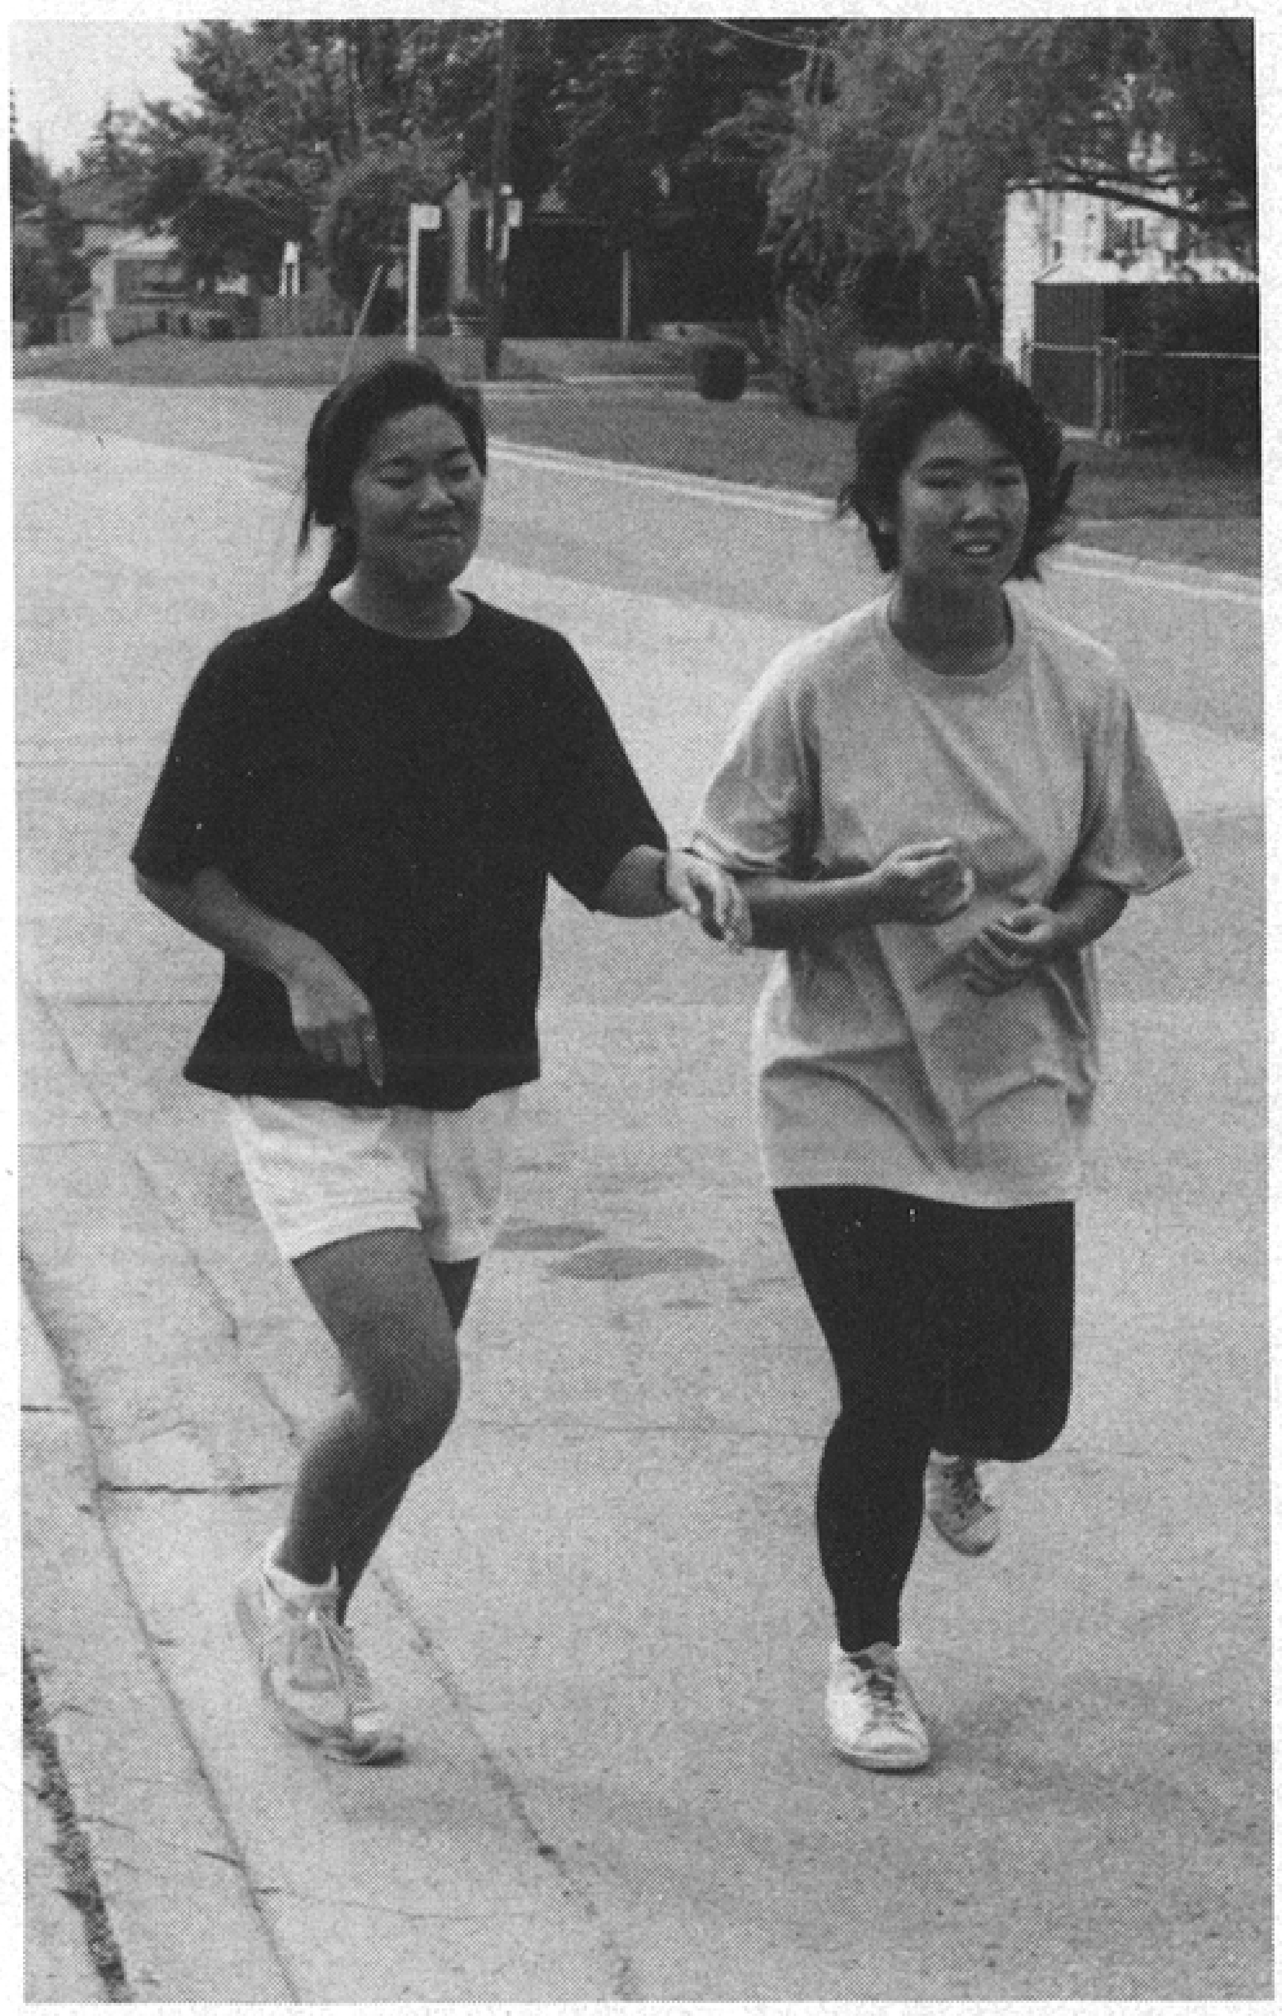

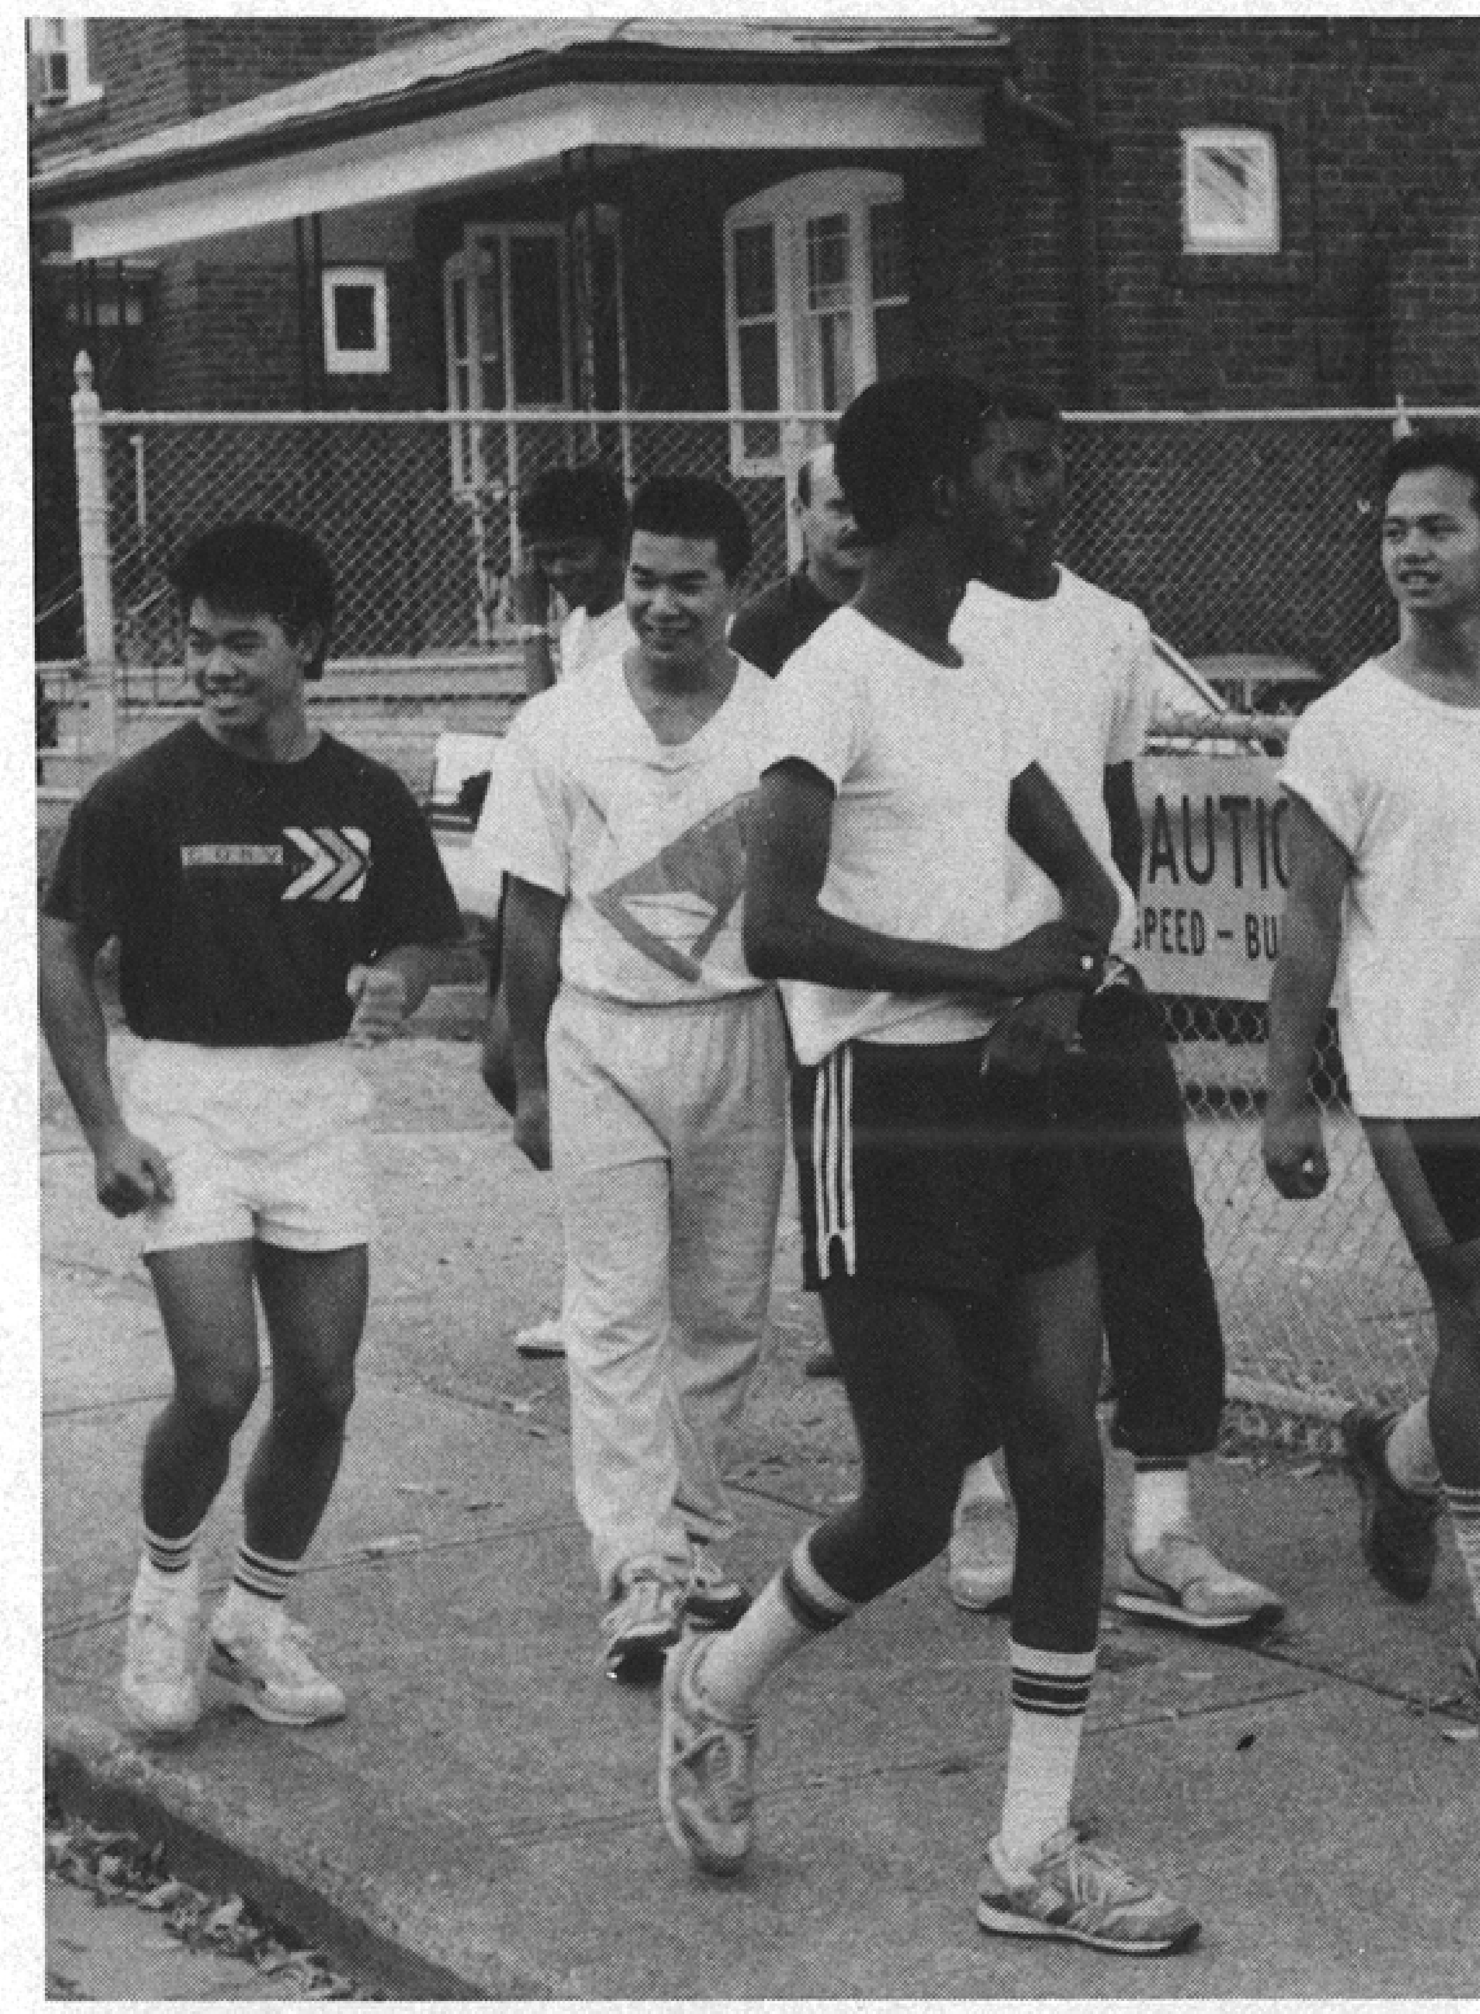

Terry Fox Annual Run

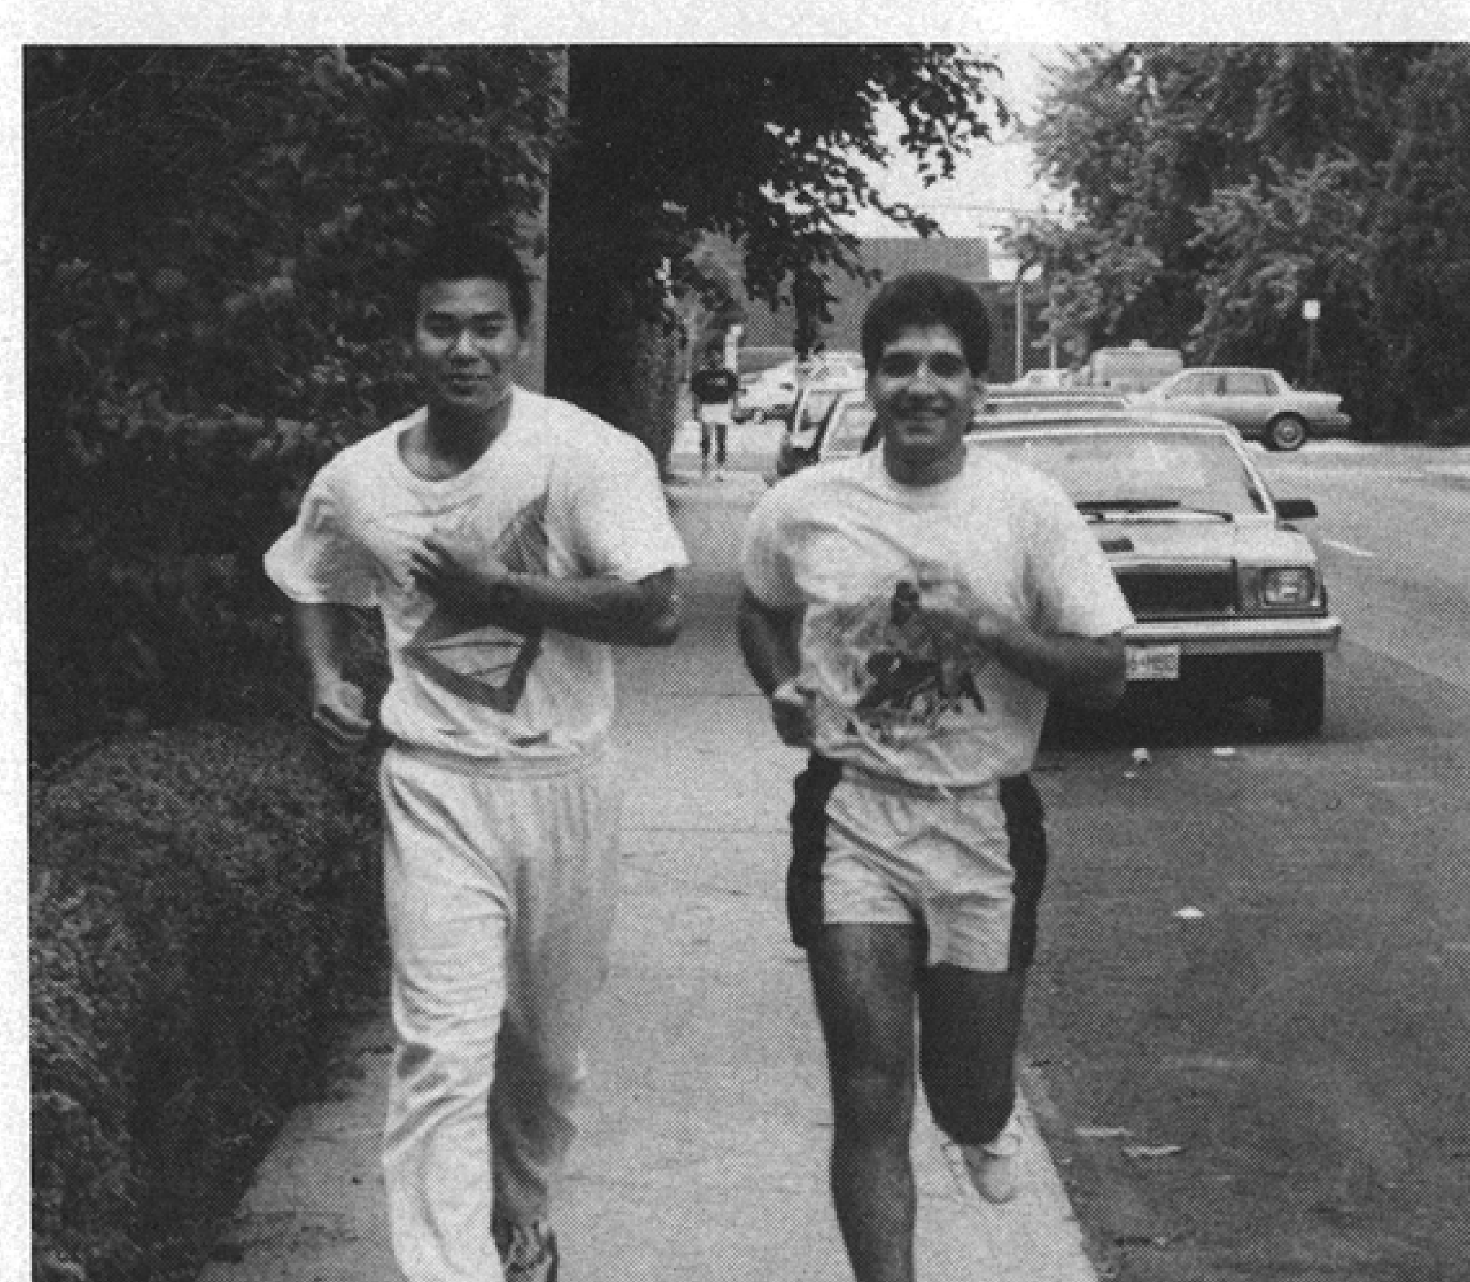

The annual "TERRY FOX RUN" was held on Friday, September 22nd, 1989, with a handful of Weston runners, bikers and walkers who helped contribute to the cause. The participants were few, but full of goodwill, on the long course that stretched over nine kilometres. Great work!

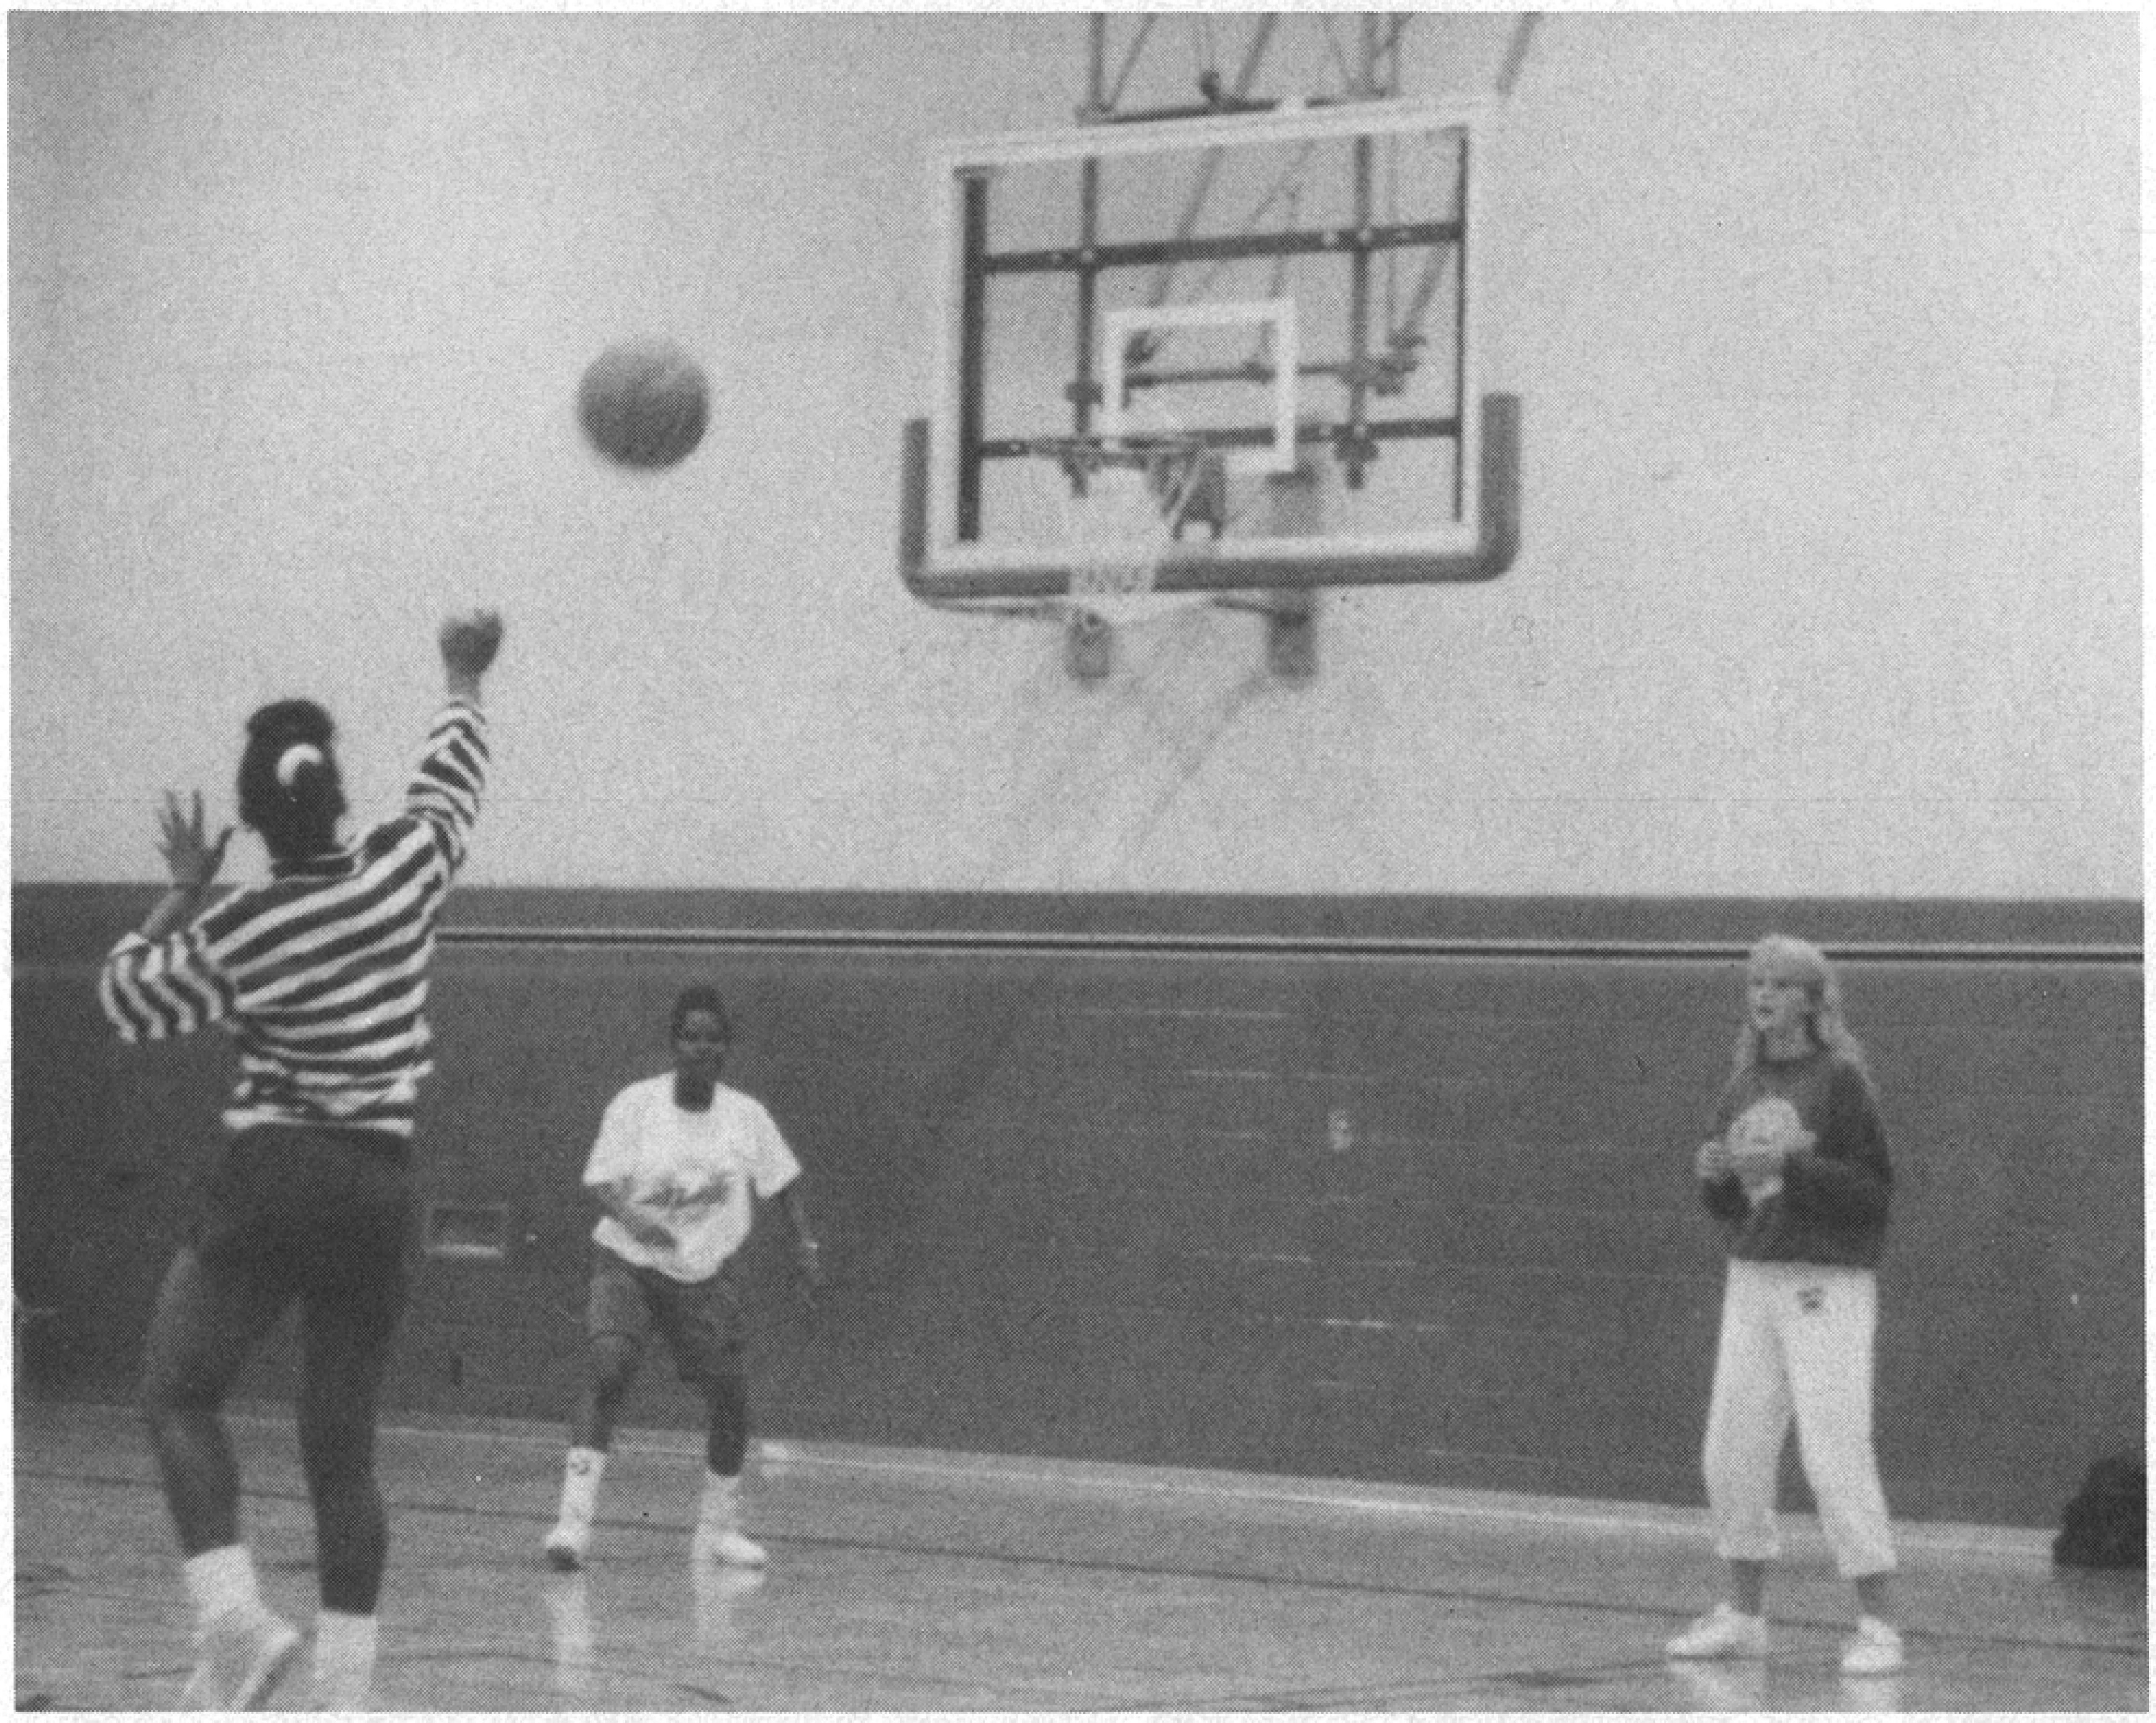

In honour of the Terry Fox organization, Weston started a new BASKETBALL DUNKOFF CONTEST. This event was held in the gymnasium with enthusiastic players. The participants in the boys' finals were: Ray Peters, Bill Senior, Bernard Lewis and Jermaine Morris. In the girls' category the finalists were: Christine Harris, Danielle Brown and Ivania Mandez. But special 'congrats' went to Ray Peters and Christine Harris who went on to win the Dunkoff Contest.

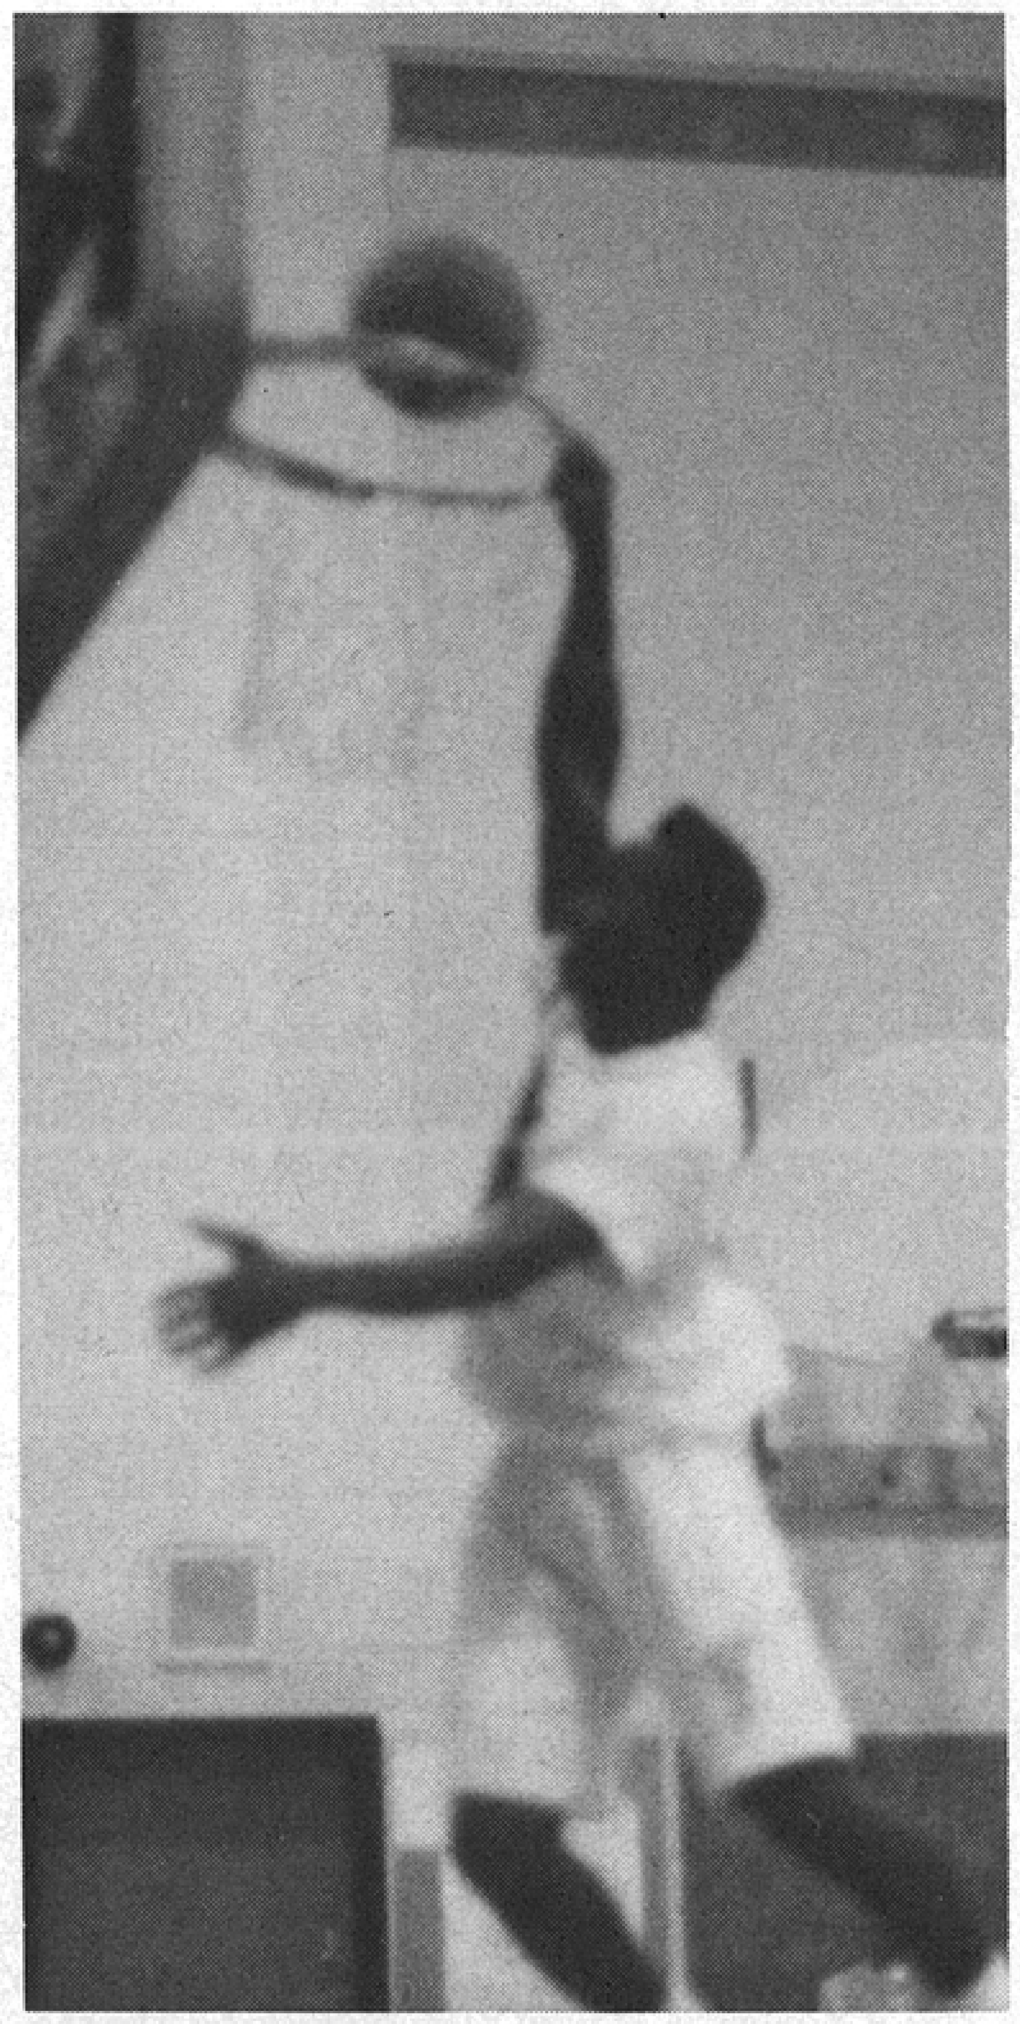

All together, these fund raisers provided the Terry Fox Fund with $97.00. For those who worked hard on these events, the fund thanks you.

HUMPTY DUMPTY

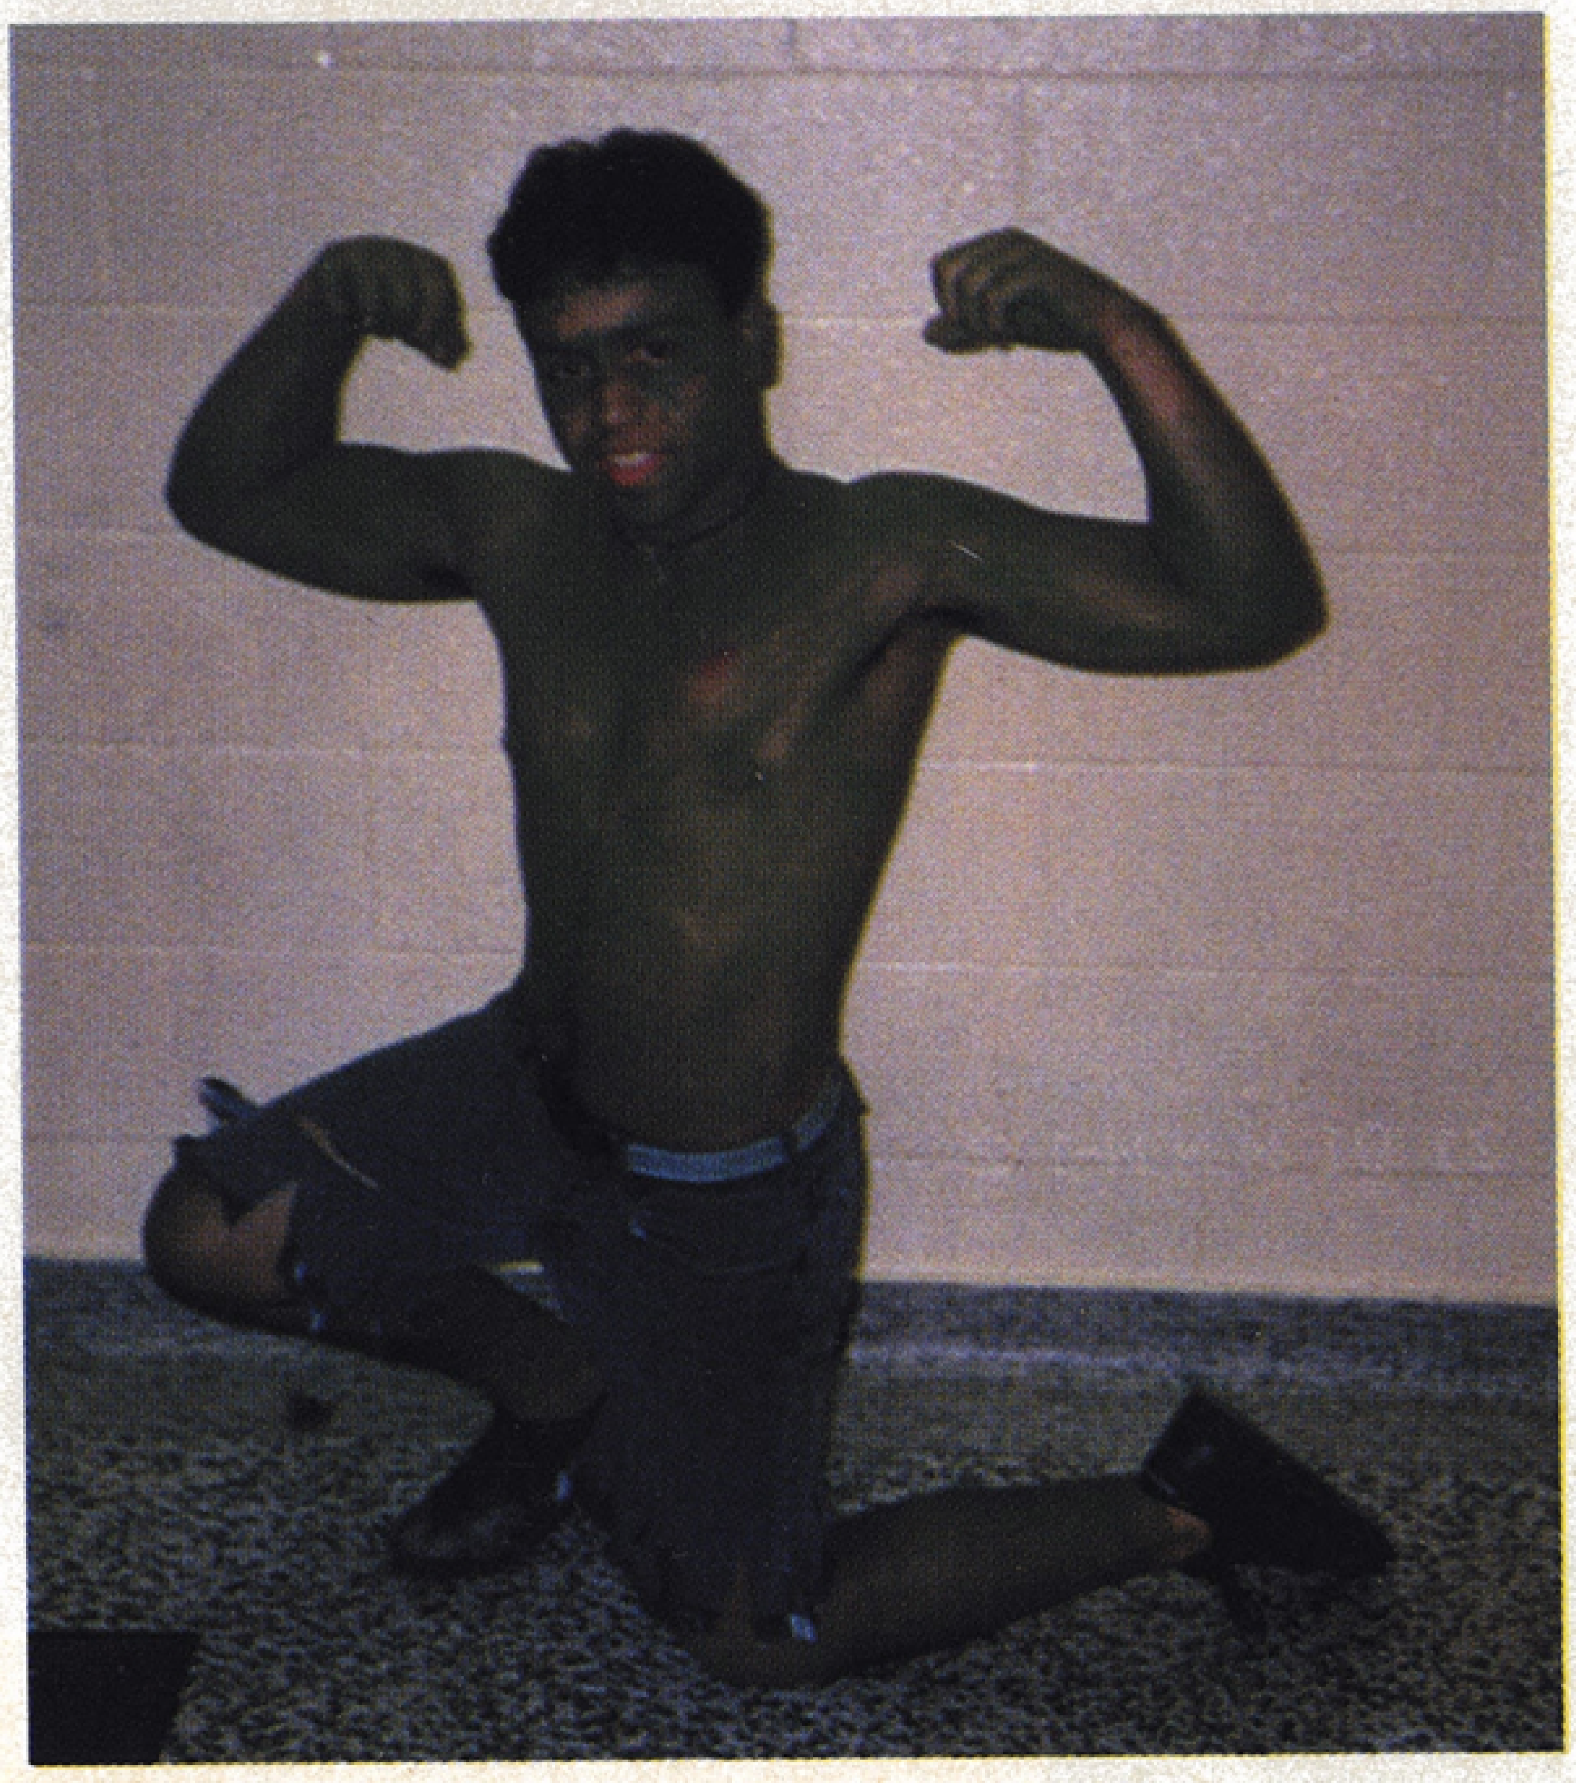

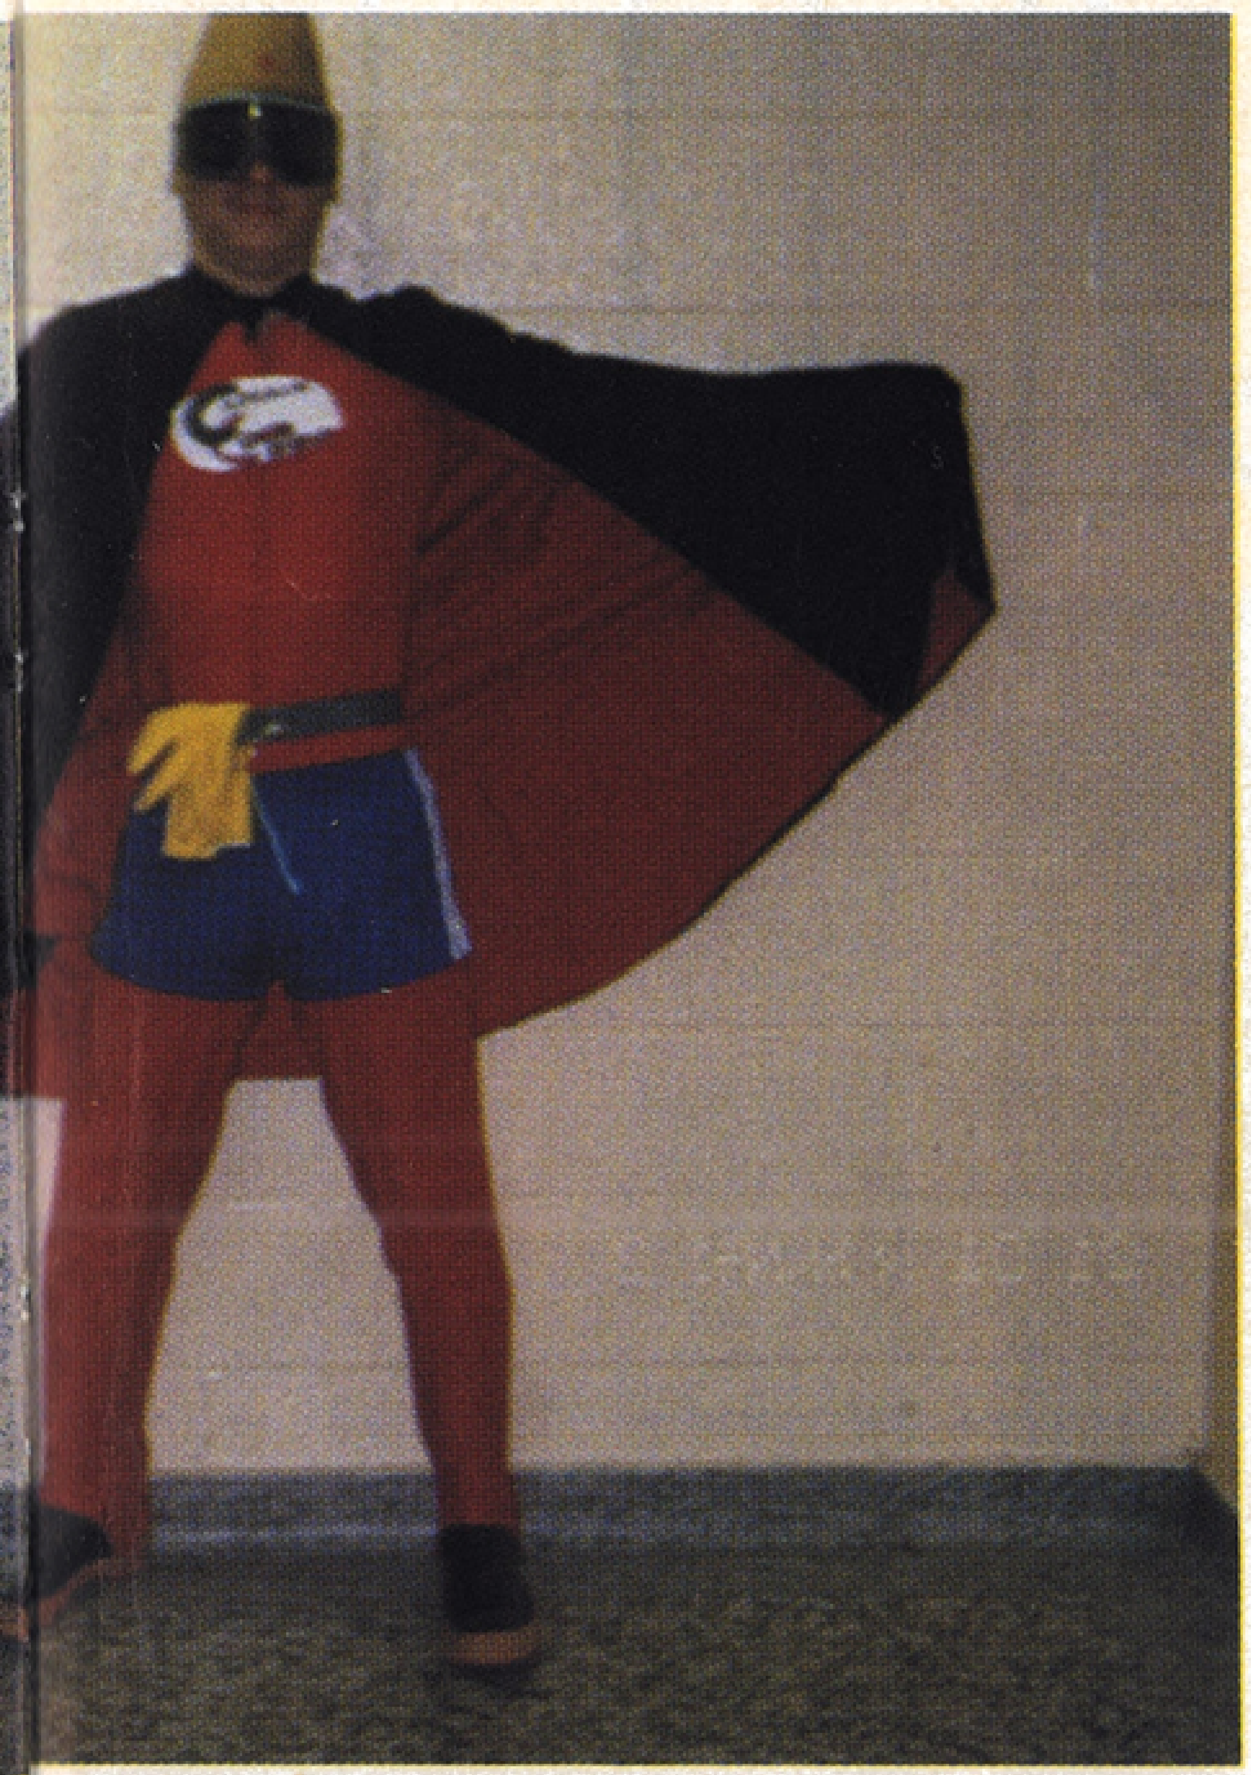

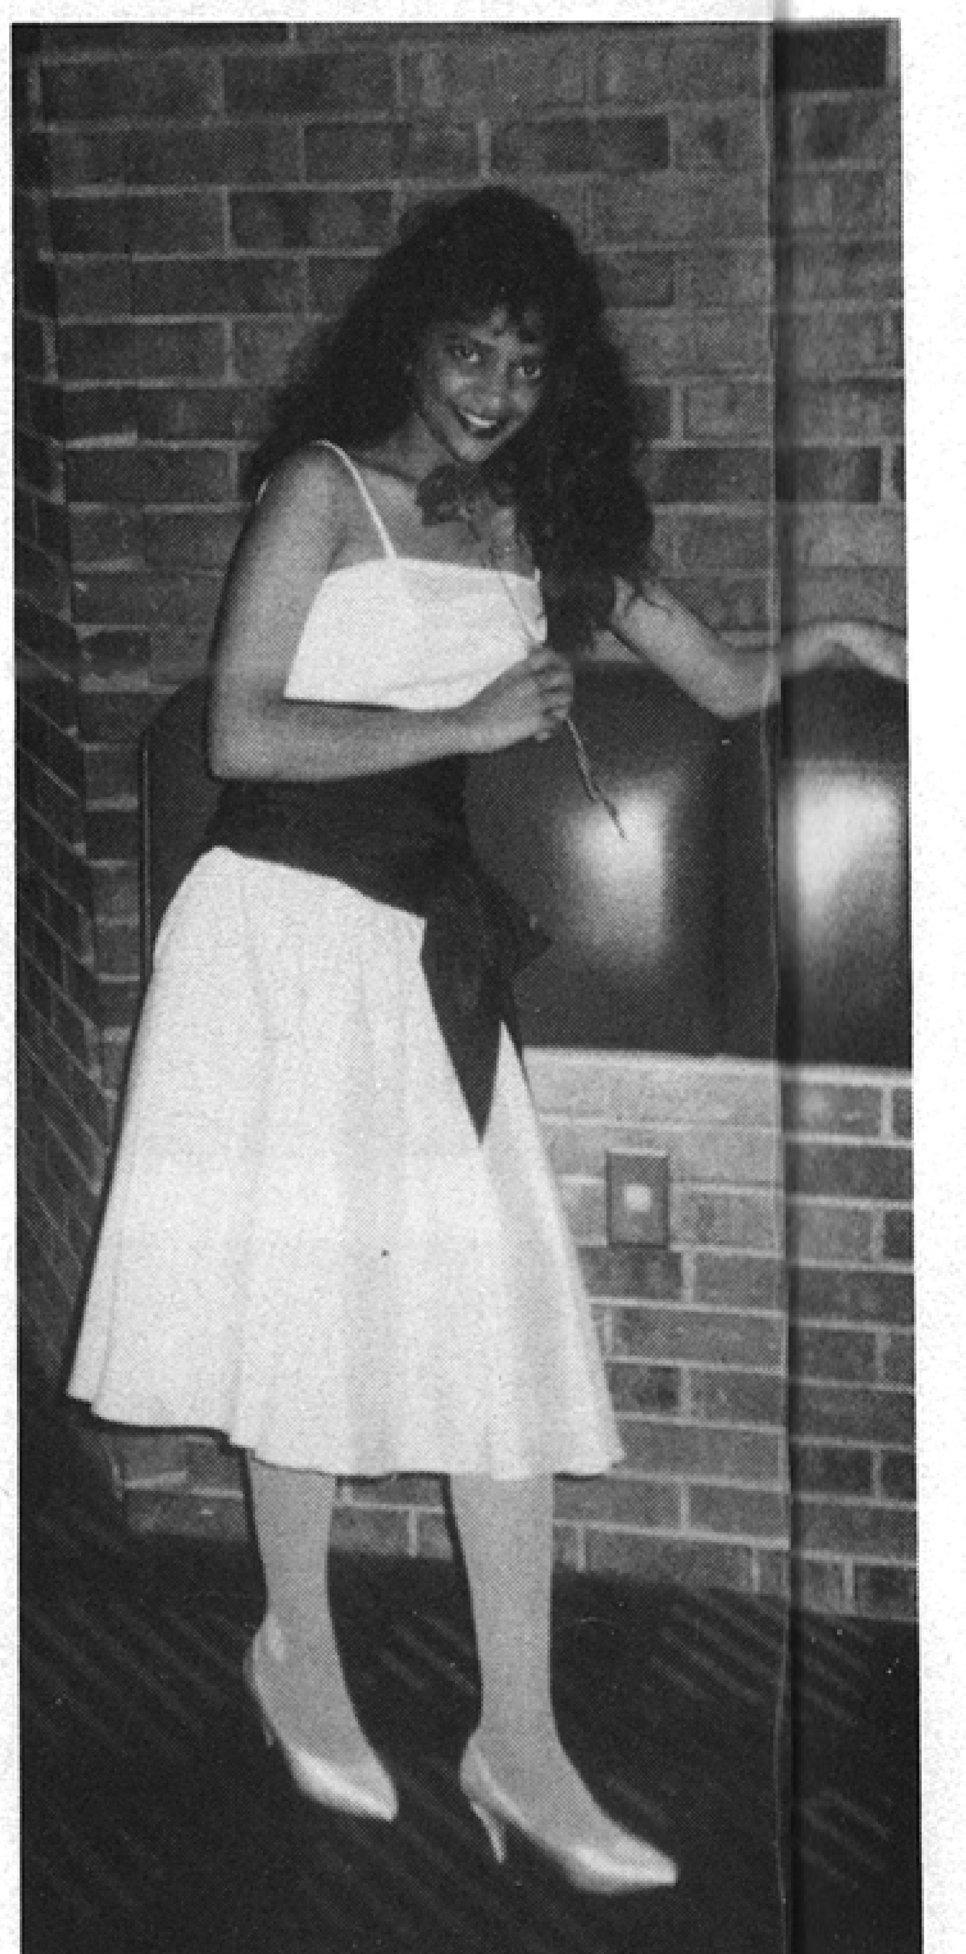

Hallowe'en Dance

Weston's annual Hallowe'en Dance was visited by such 'creatures' as The Incredible Hulk, The Flying Nun (wearing a Jason mask), the Joker himself, and a quartet of skeletons who apparently rose from the dead. The Paradise Crew played a range of dance music that satisfied a large group of people enough to keep them grooving all night long. Prizes were awarded by the Student Council to Rob Brien and Melinda Crone, who were a crow and a scarecrow, Amanda Davis who was an amazon woman, and John Kim, a Ninja warrior. All those who attended, and especially those who were dressed up, had a great time while contributing to the spirit of W.C.I!

STARLIGHT

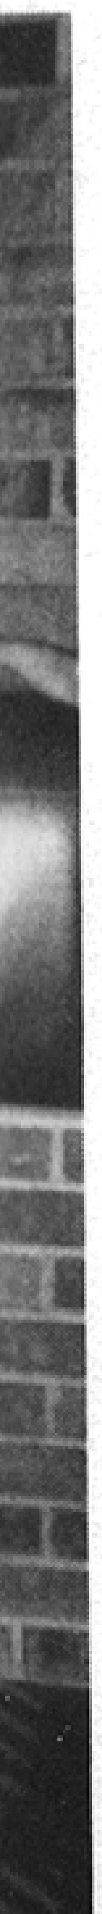

1989

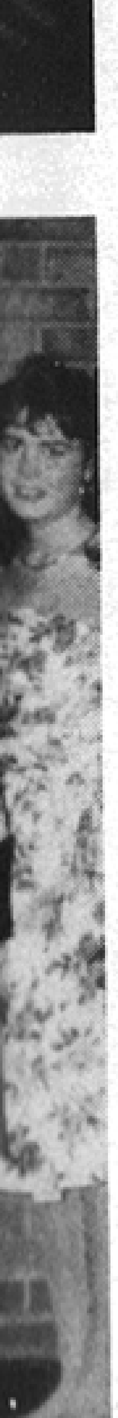

"STARLIGHT": The Prom 1989: The star event of events to attend in the spring - the beautiful finale where friends gather, all dressed up in their best apparel. The Constellation Hotel was host to the evening's events on Saturday May 27. During the night, Dave Madio was elected Prom King, and Kate Ashbourne, the queen. The elegant gala held happiness and memories for all.

Mrs. Gledall

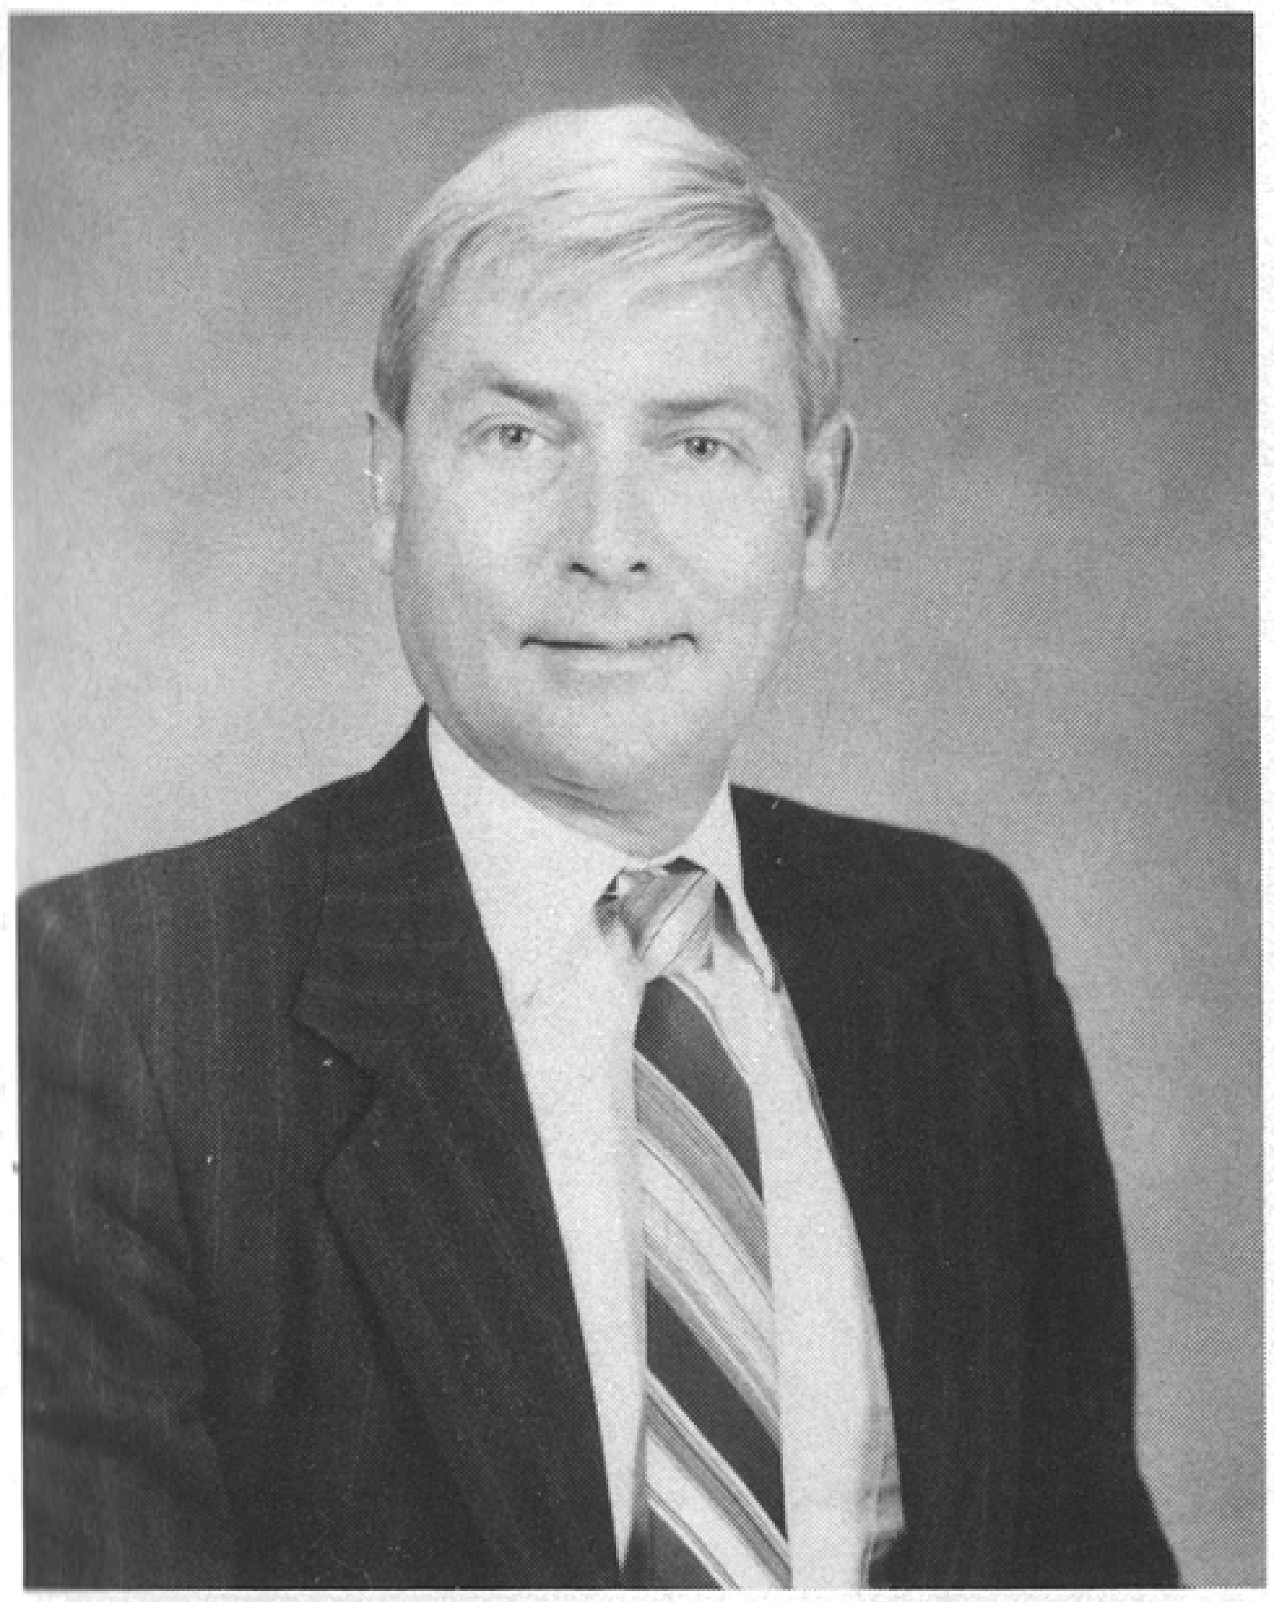

Mrs. Gledall, our administrative assistant, will unfortunately be leaving us this year. After many years of hard work at Weston C.I., Mrs. Gledall has decided to move on. We will all miss her and wish her the best of luck!

Principal's Address

With significant happenings and changes in the 1989-90 school year, it is appropriate that these events be recorded in the Conning Tower.

Because of problems with trespassers in the school semester I, it became apparent that changes were required.

It was not only Weston Collegiate Institute that has had intruders in their schools. The media was reporting about the increasing problems with trespassers in schools.

Weston Collegiate Institute was determined to make changes in the school for semester II to correct the situtation. Changes did occur in semester II and the problem of trespassers ceased. At the beginning, not all people were ready for these changes.

The most significant change was to the timetable that had been at Western Collegiate since 1971. A major change was the elimination of the two seventy-five minute lunch periods and the introduction of a one sixty-minute lunch period. One of the reasons for this change was to discourage non-students from visiting the school. All staff and students now strongly support the new lunch hour. With a sixty-minute lunch period the school day ends fifteen minutes earlier.

Many of our students, who drop subjects, act as an encouragement for outsiders to come and visit them on their free period. To prevent this, a study hall was incorporated for any stuent, who dropped a subject, unless there were in their graduating year. For semester II, the hallways were empty during class time.

A stringent attendance system for tracking skipping was incorporated. Many saw this change, in semester II, by being sent down to the cafeteria to see their Vice-Principal at 9:00 a.m. to explain their absence from any classes from the previous day. Overall, the student body supported the check up on skipping. As well, the policy of one, two, three for skipping was new. With one skip you received a detention, two skips a detention and a letter sent home and three skips a suspension.

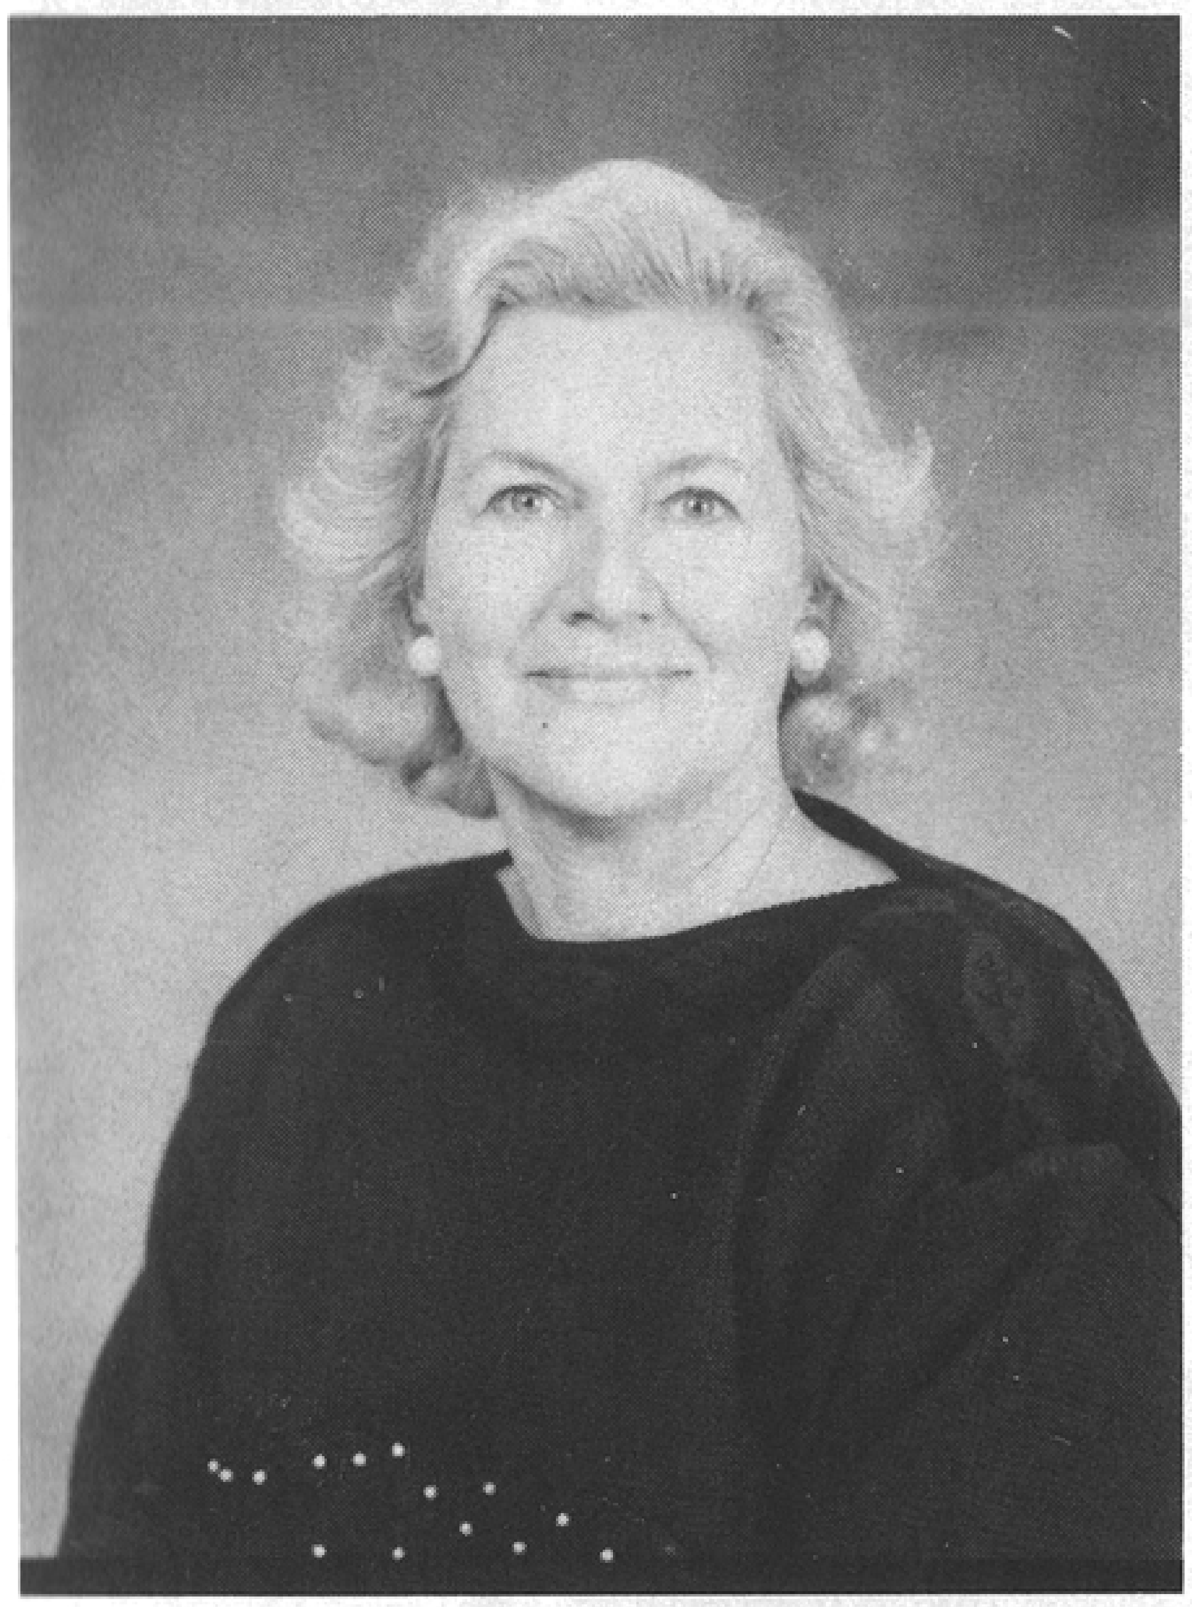

Both the introduction of study hall and the faster, stricter skipping policy dramatically changed the halls at Weston Collegiate Institute. Therefore, if a visitor appeared in the school they stood out. In fact, they left on their own accord because there was no one to visit. Although some students complained about the new skipping policy and study hall, they all agreed they preferred the new atmosphere in the school. They felt the school was safer and quieter.

The physical change in the school was the additional fencing. Again, this was added to control trespassers. Weston Collegiate has thirteen entrances into the school which cannot be locked because of fire regulations. Therefore, the fencing was required to act as a deterrent.

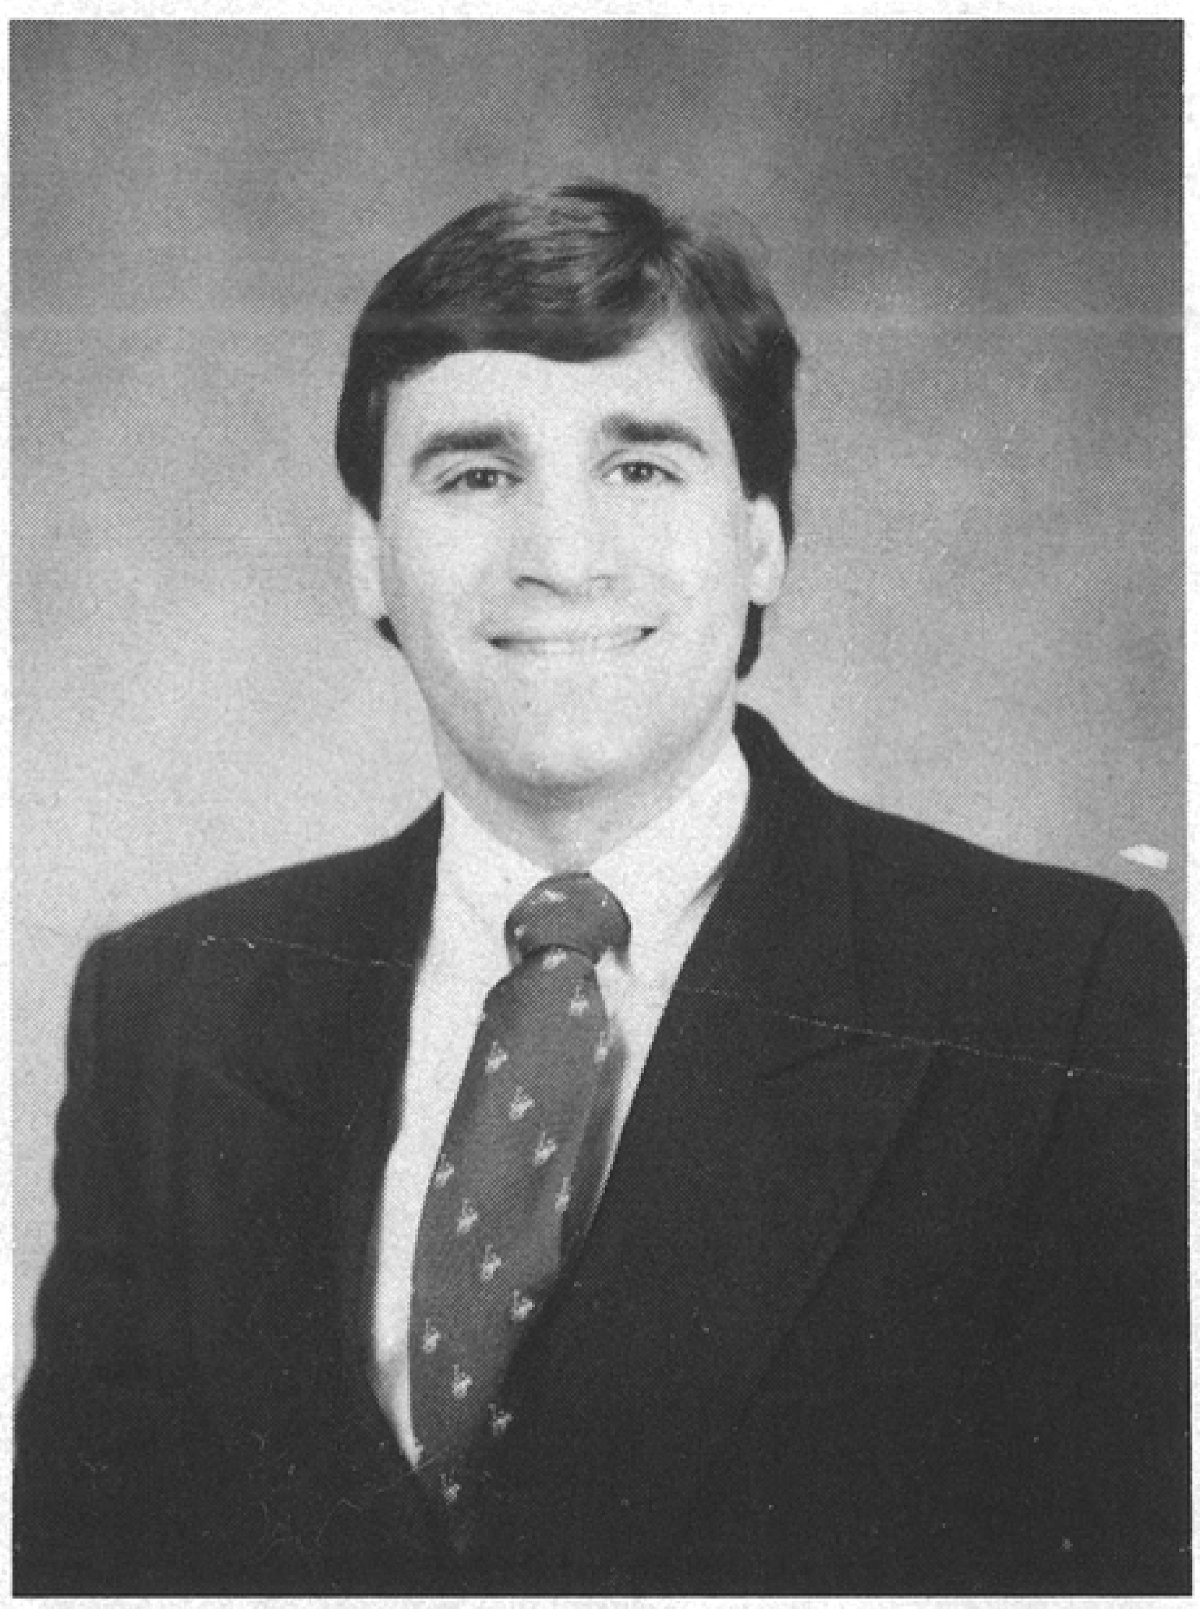

With the many changes that occurred in semester II in the 1989-90 school year we look forward to the 90's at Weston Collegiate Institute.

This year Weston has taken on a more cosmopolitan appearance with the successful Mexicana Week that was held in May. One of the major thrusts, for Weston in the 1990's, will be the increased involvement of the school in global affairs. To this end the school plans to introduce, starting in grade nine, September 1991, International Studies - Extended French - International Baccalaureate Program. The school is very excited about the positive influence of the international studies in the school in the 1990's.

The Vice-Principals welcome the opportunity to collectively contribute to Conning Tower. Congratulations to the editors and staff of this year's book. A great deal of time and effort has gone into its production.

In years to come, this yearbook will provide you with an opportunity to recall associations and events from a productive and enjoyable year in your life.

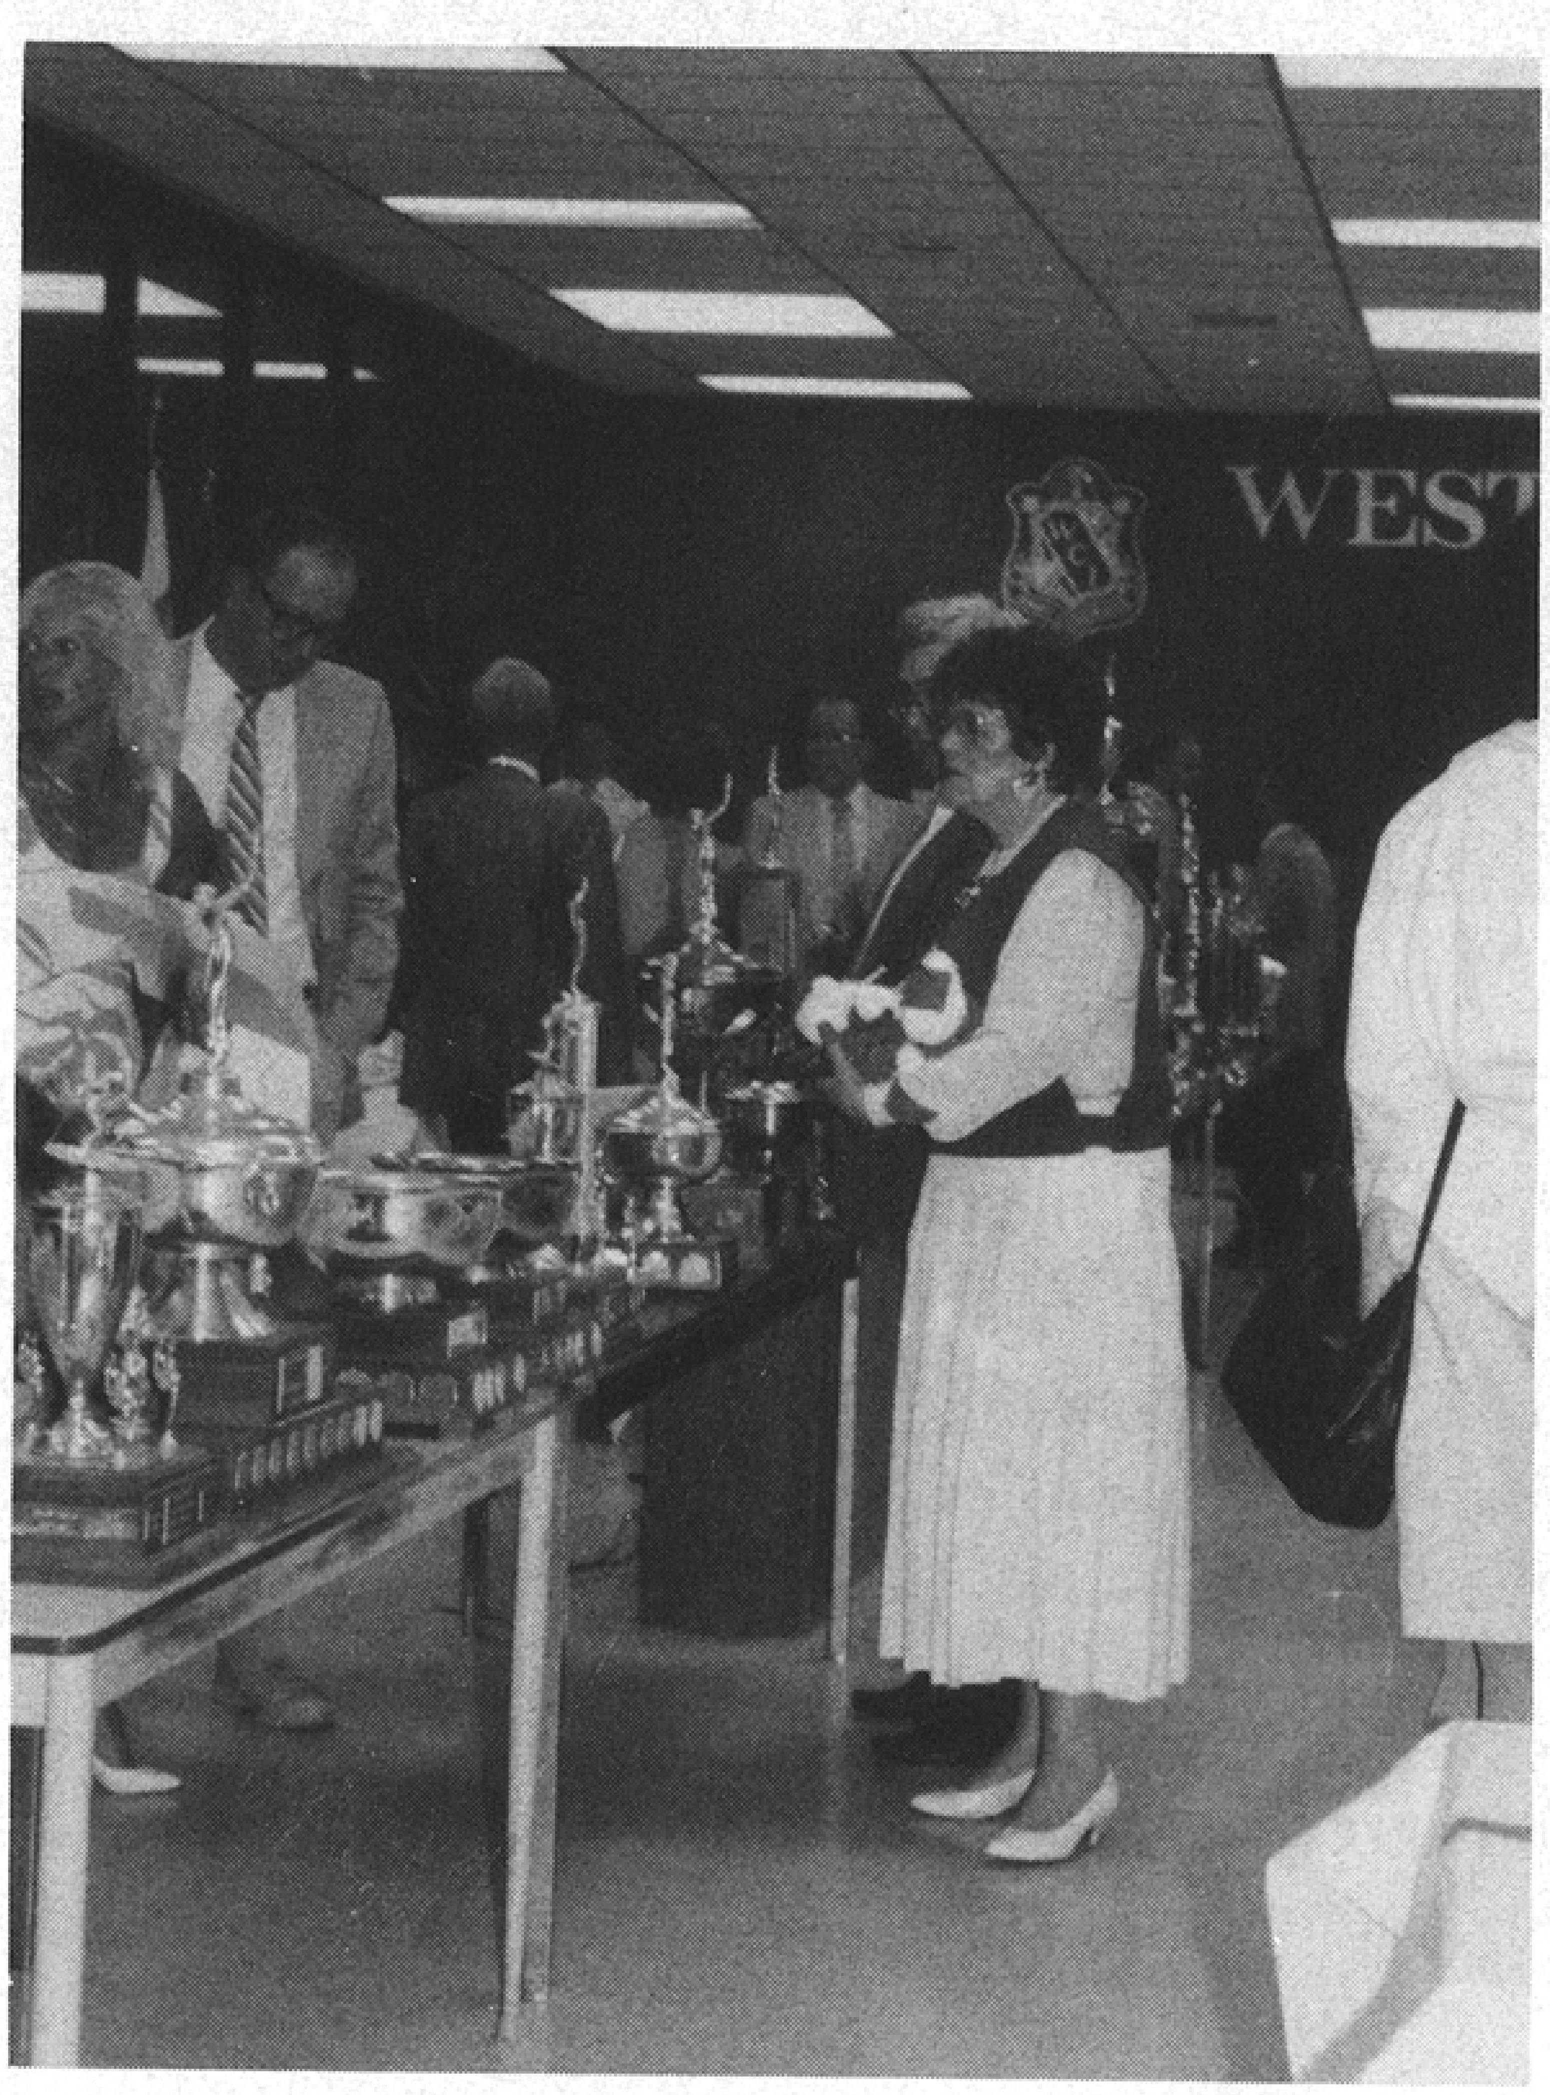

This year has been an exciting and challenging one for all of us. We are proud of how the staff and students have risen to this challenge. As we enter the final decade of the Twentieth Century we are reminded that "Success is a journey, not a destination". We wish all our students well as they continue on in their journey.

Awards Banquet

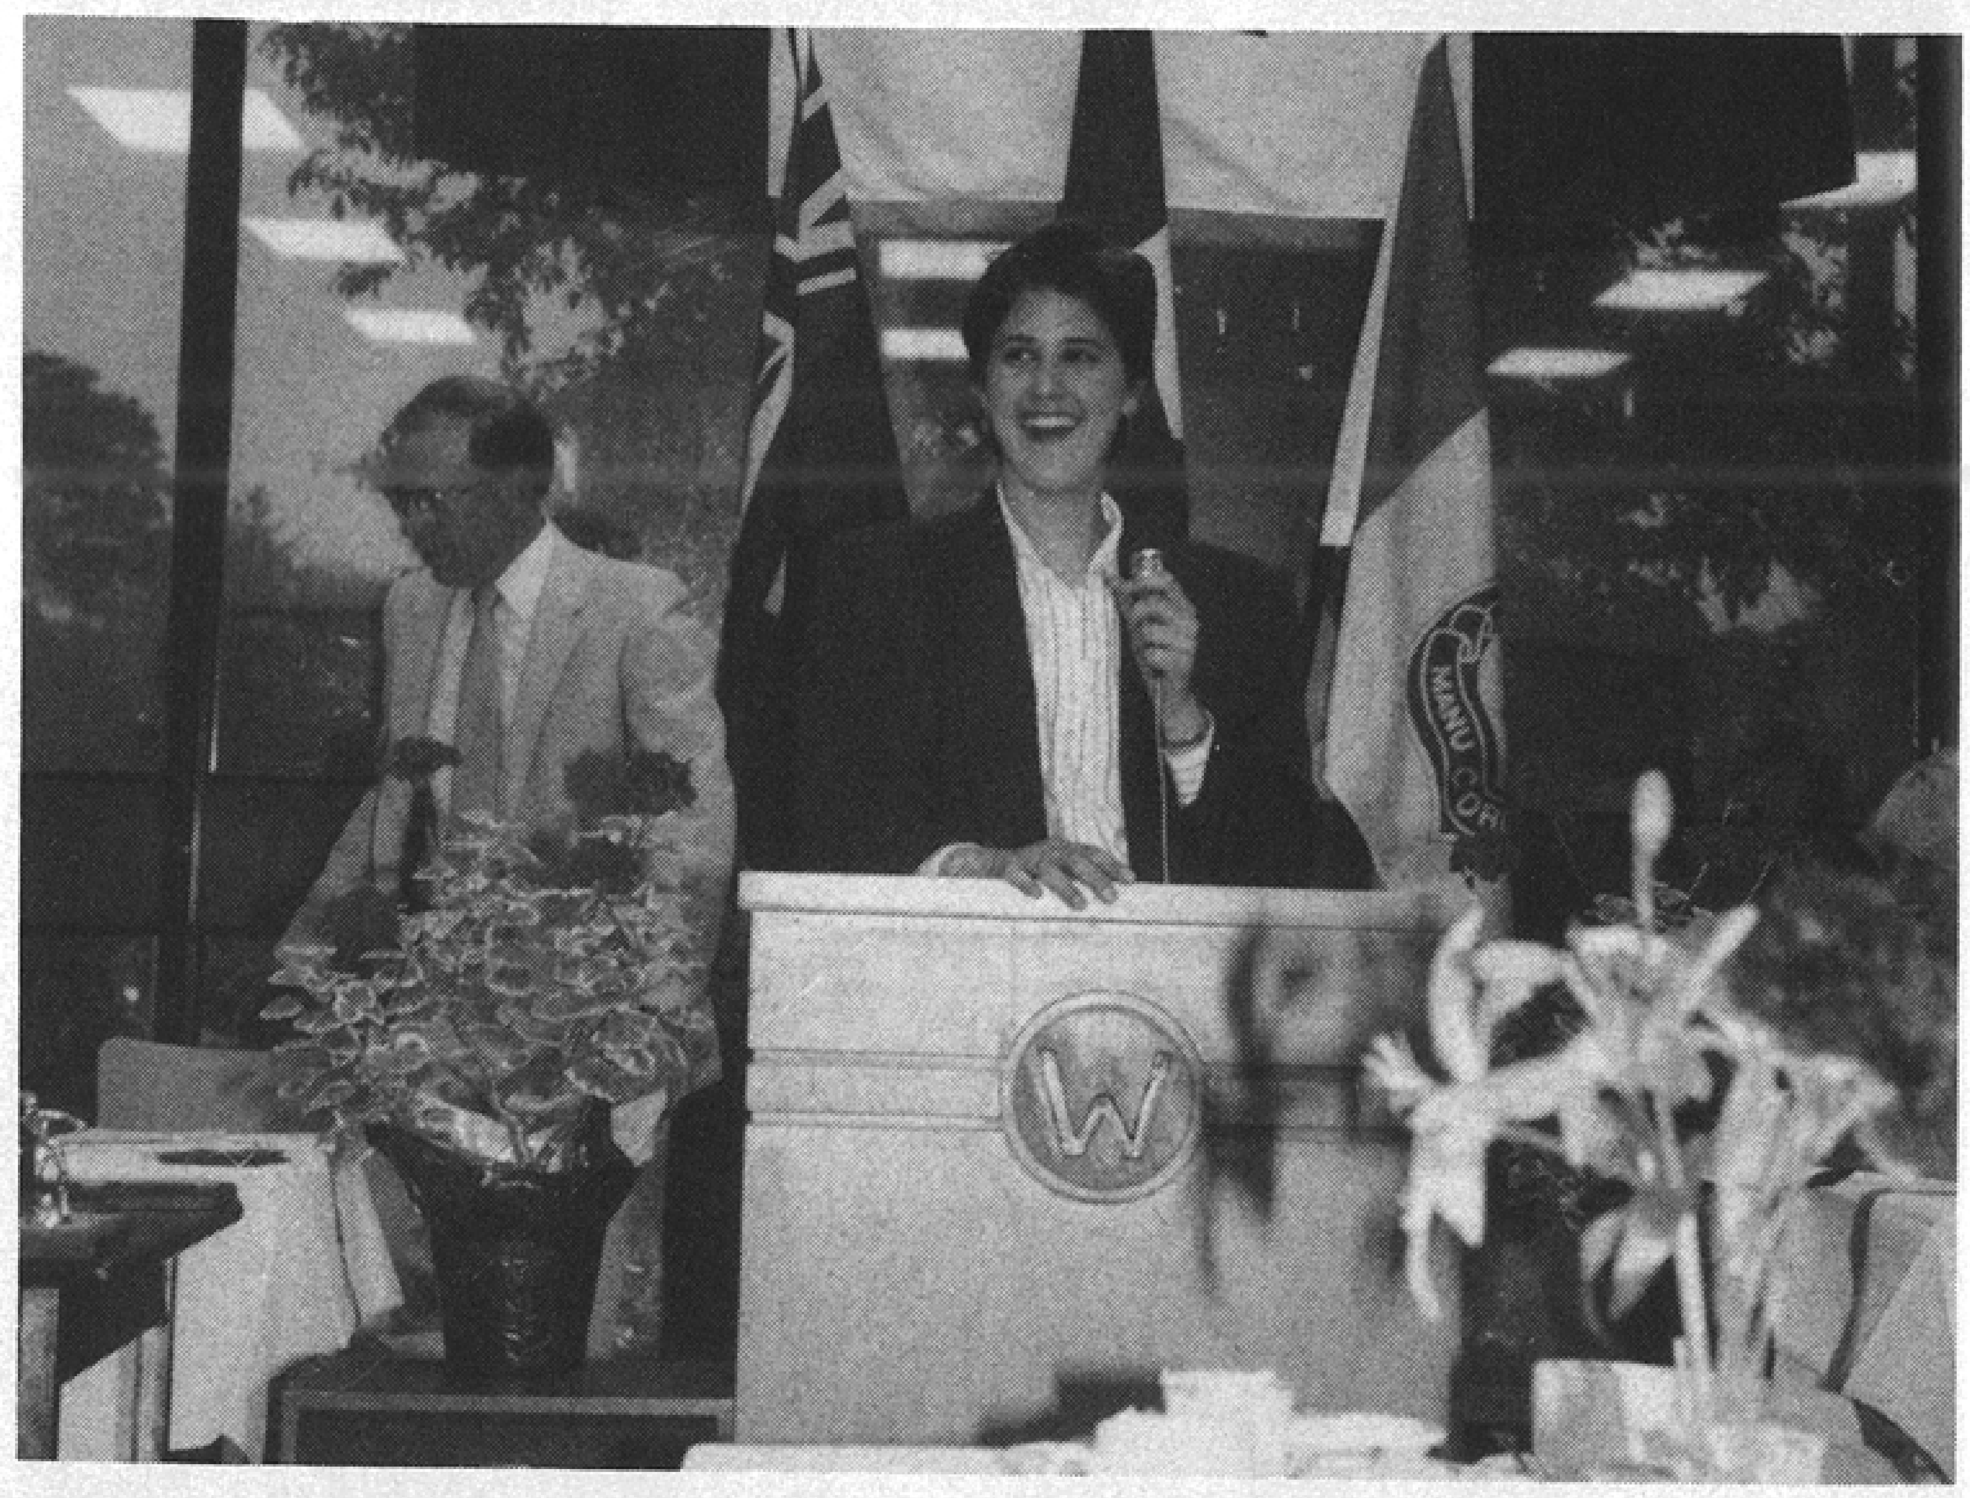

The Awards Banquet is a prestigious night full of fun, food, awards and prizes. It is a night dedicated to those who give Weston Collegiate a good strong reputation in sports, academics and artistic ability. This night beheld great achievers such as Nelcia Pavao who not only won multiple awards but also the grand door prize.

This night not only credits high achievers, athletes, and their coaches for their hard work and precious time dedicated to their activities, but also gives the students of Weston a chance to say good-bye to some of the most memorable staff at Weston Collegiate. The 1989 Banquet gave the students a chance to say good bye to the famous Mr. Kerins, a vice-principal who many of us knew and grew to love throughout our high school career. Mr. Kerins was presented a White "W" - the most prestigious of all of Weston's awards.

In the top right-hand corner appears Mr. Kerins and Matthew Graham. Below that is Mr. Gilbert with Donovan Bell. In the bottom right-hand corner, Sonia Pittioni is presenting Mr. Kerins with his White "W" and in the bottom left-hand corner is a picture of all the awards of the night.

WESTON COLLEGIATE ALUMNI FOUNDATION

The Weston Collegiate Alumni Foundation (WCAF) was established in August 1982 by the Committee responsible for planning and organizing the School's 125th Anniversary celebrations. The Foundation's mandate was then, and remains:

- To sustain and administer a School Assistance Fund that provides financial aid in such areas as Scholarships, Library, Orchestra, Athletics, etc. all within the prevailing Revenue Canada regulations for registered charities.

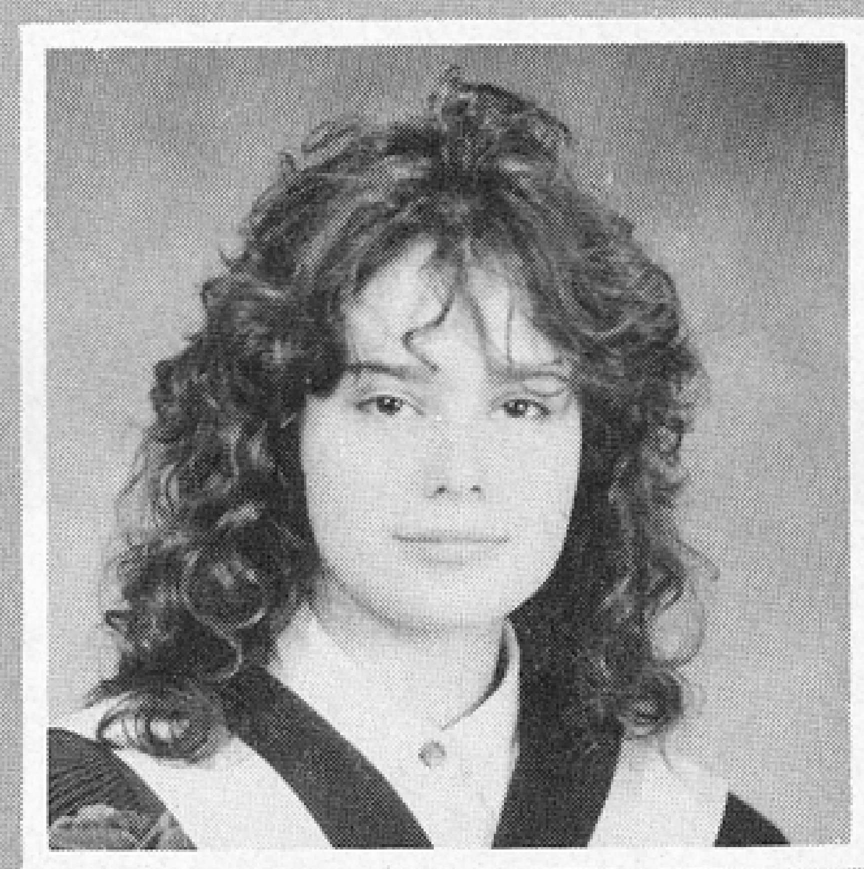

Since the Foundation became registered as a Charitable Organization with Revenue Canada, its principal activities have consisted of:

1 Presenting two Award Plaques per year to students who have:
- successfully completed Grade 11 at W.C.I.
- shown outstanding leadership and good citizenship
- contributed significantly to the School's extra-curricular activities

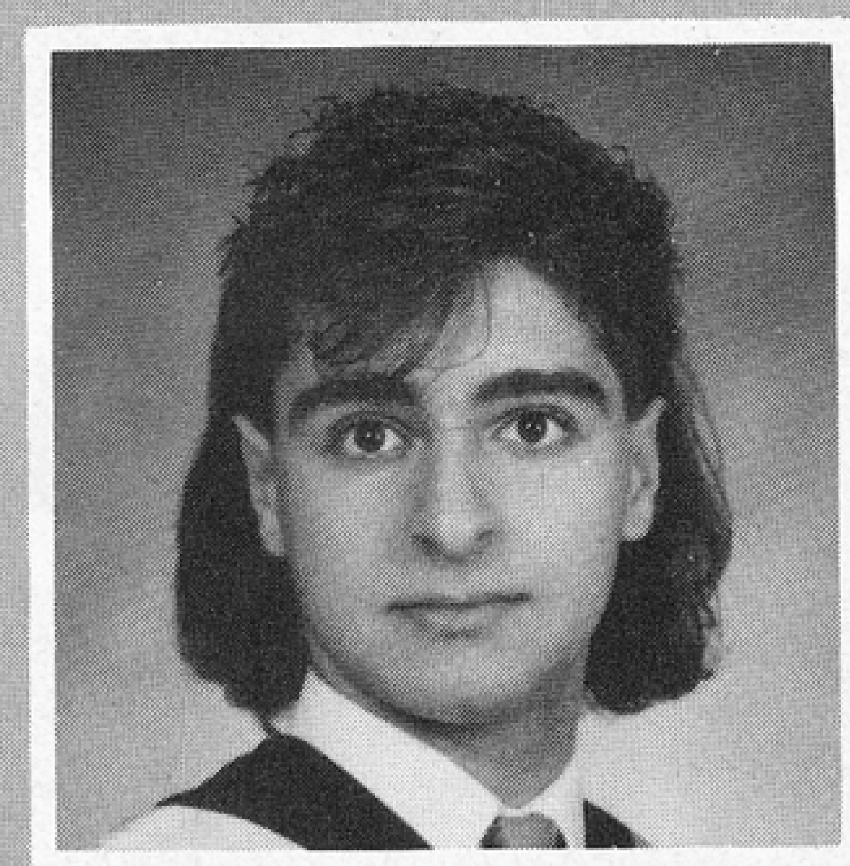

2 Providing financial assistance to students selected to represent W.C.I. at the Forum For Young Canadian and the Encounters with Canadian Courses in Ottawa.

For Further Information:

Christmas Drive 1989

This year the staff and students of Weston Collegiate donated toys, candy, food and money to help make our Christmas Charity Drive a huge success. This year over $1200.00 was collected to help the less fortunate members of our community have a special Christmas. The money, toys and food collected were distributed several families in the Weston area.

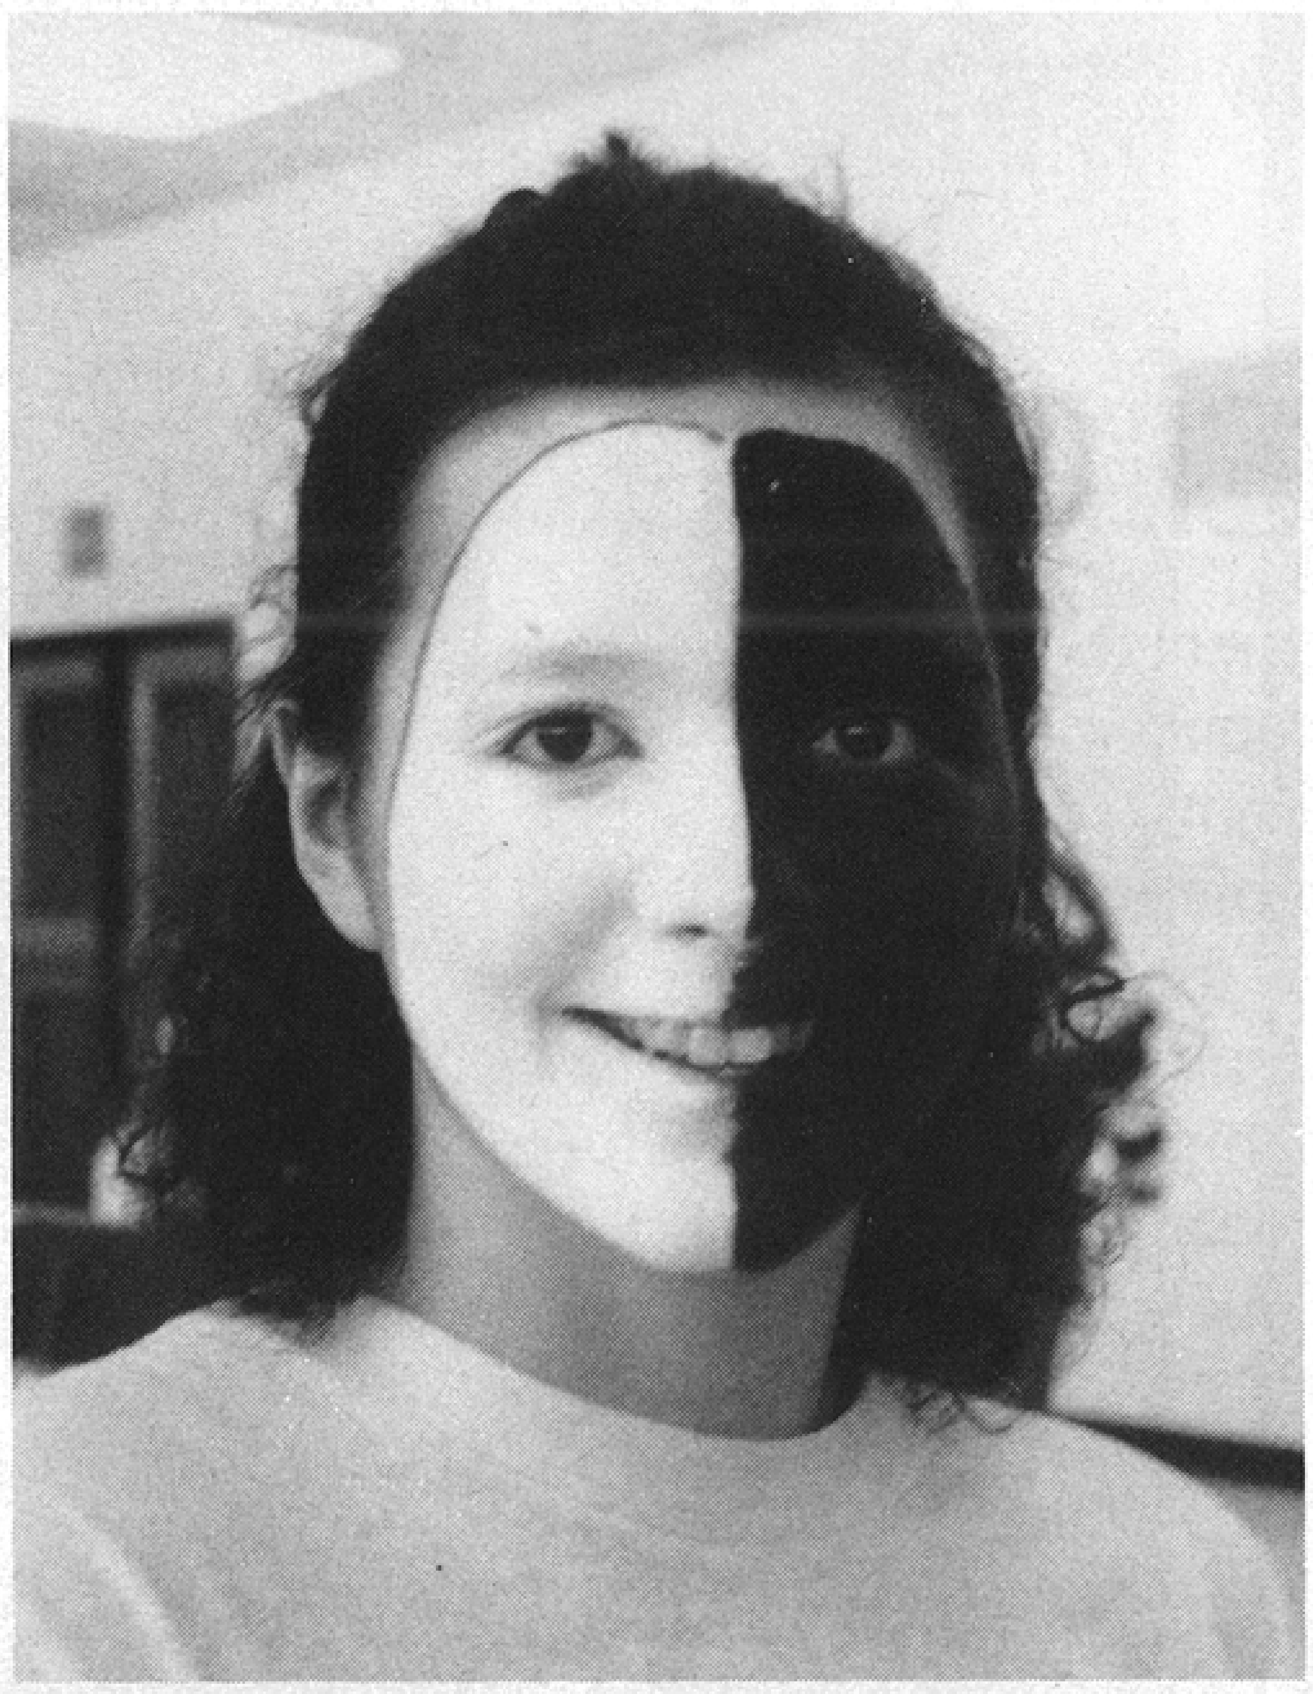

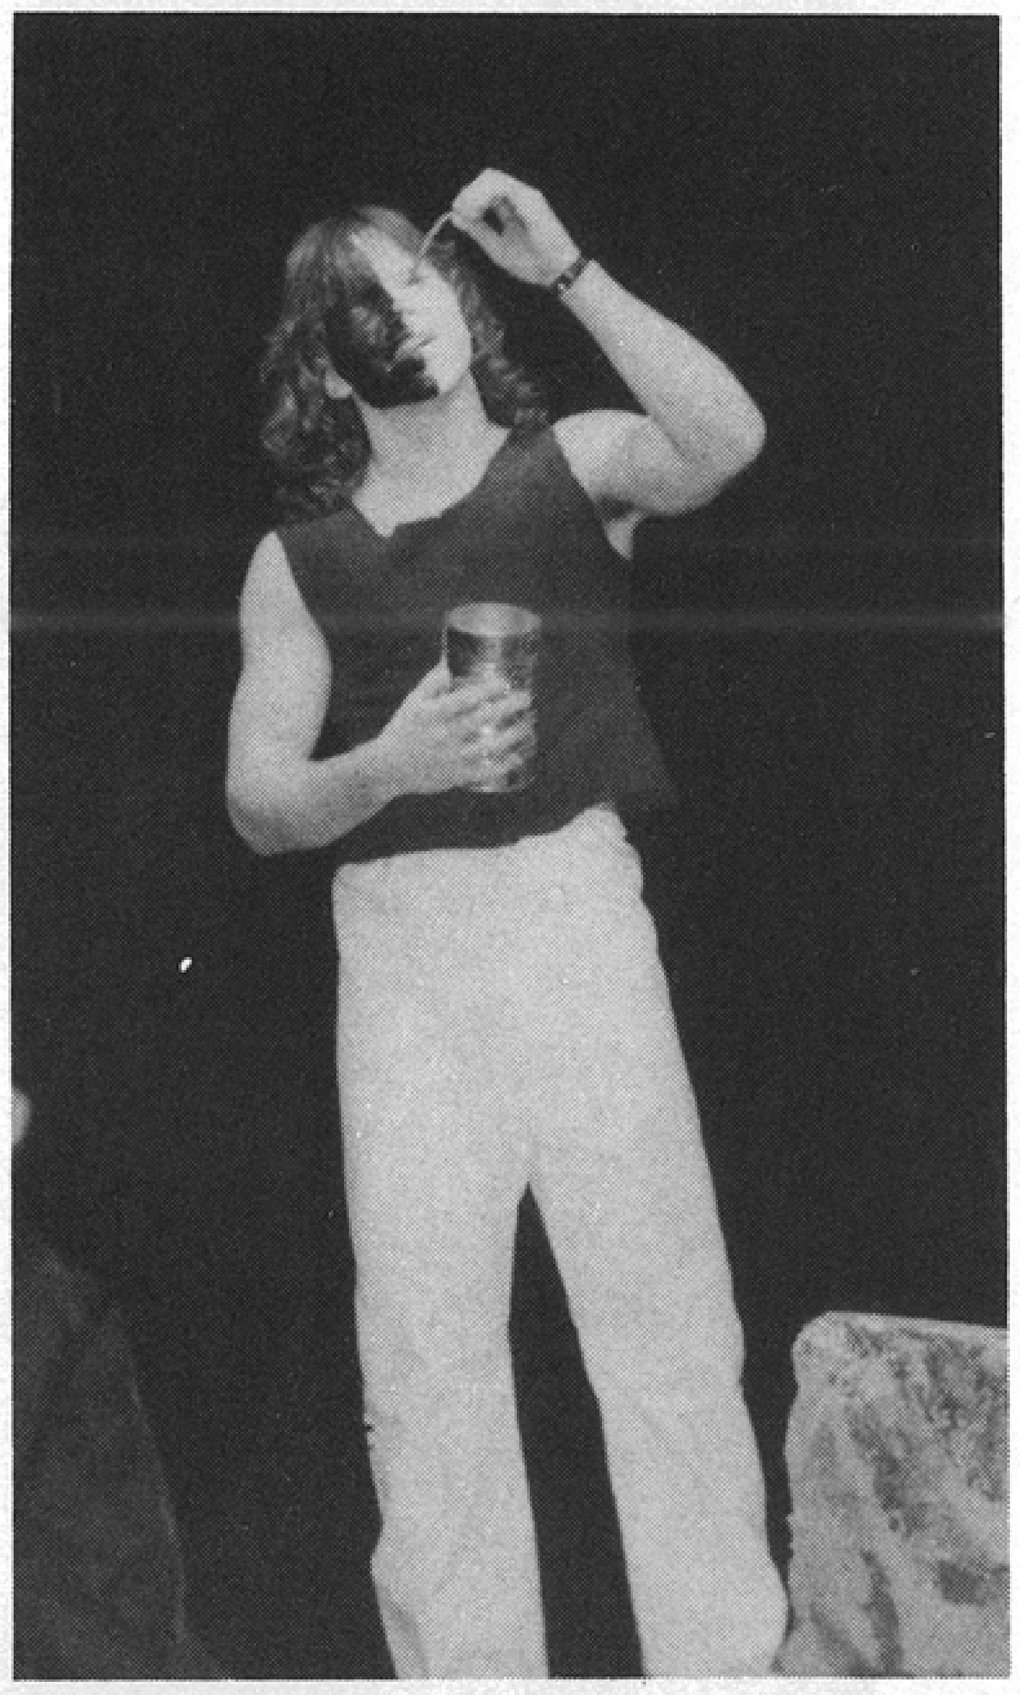

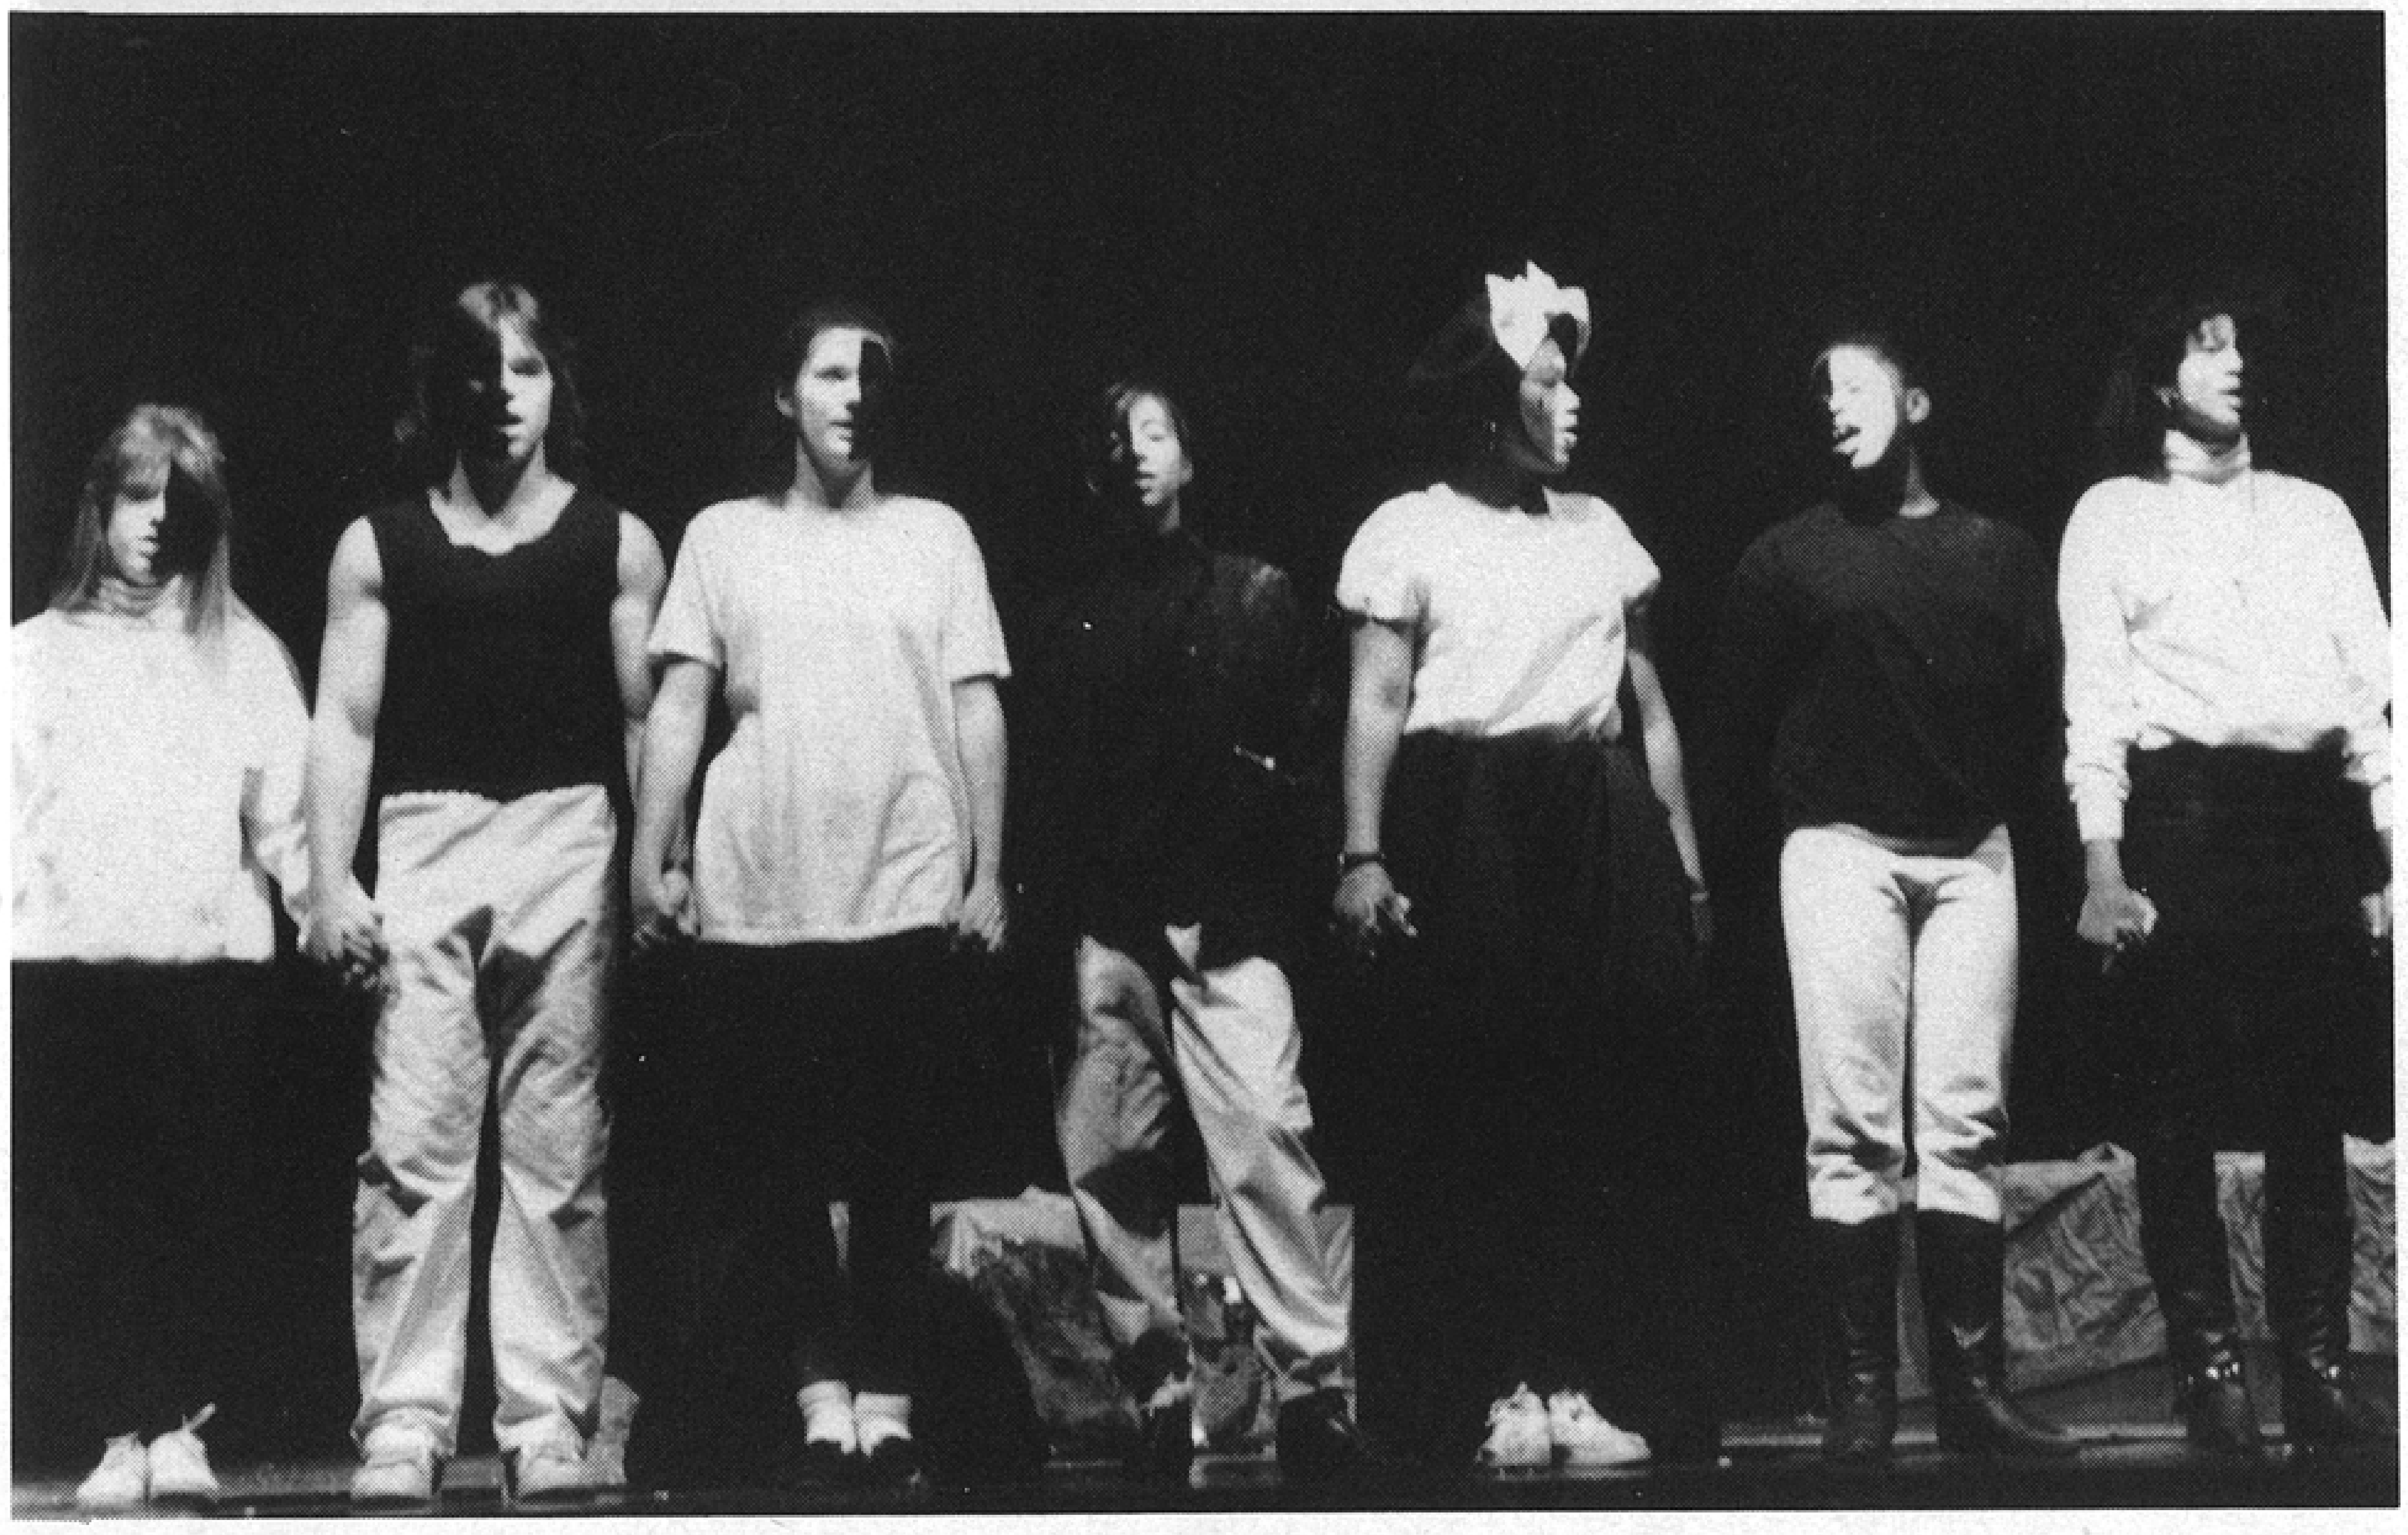

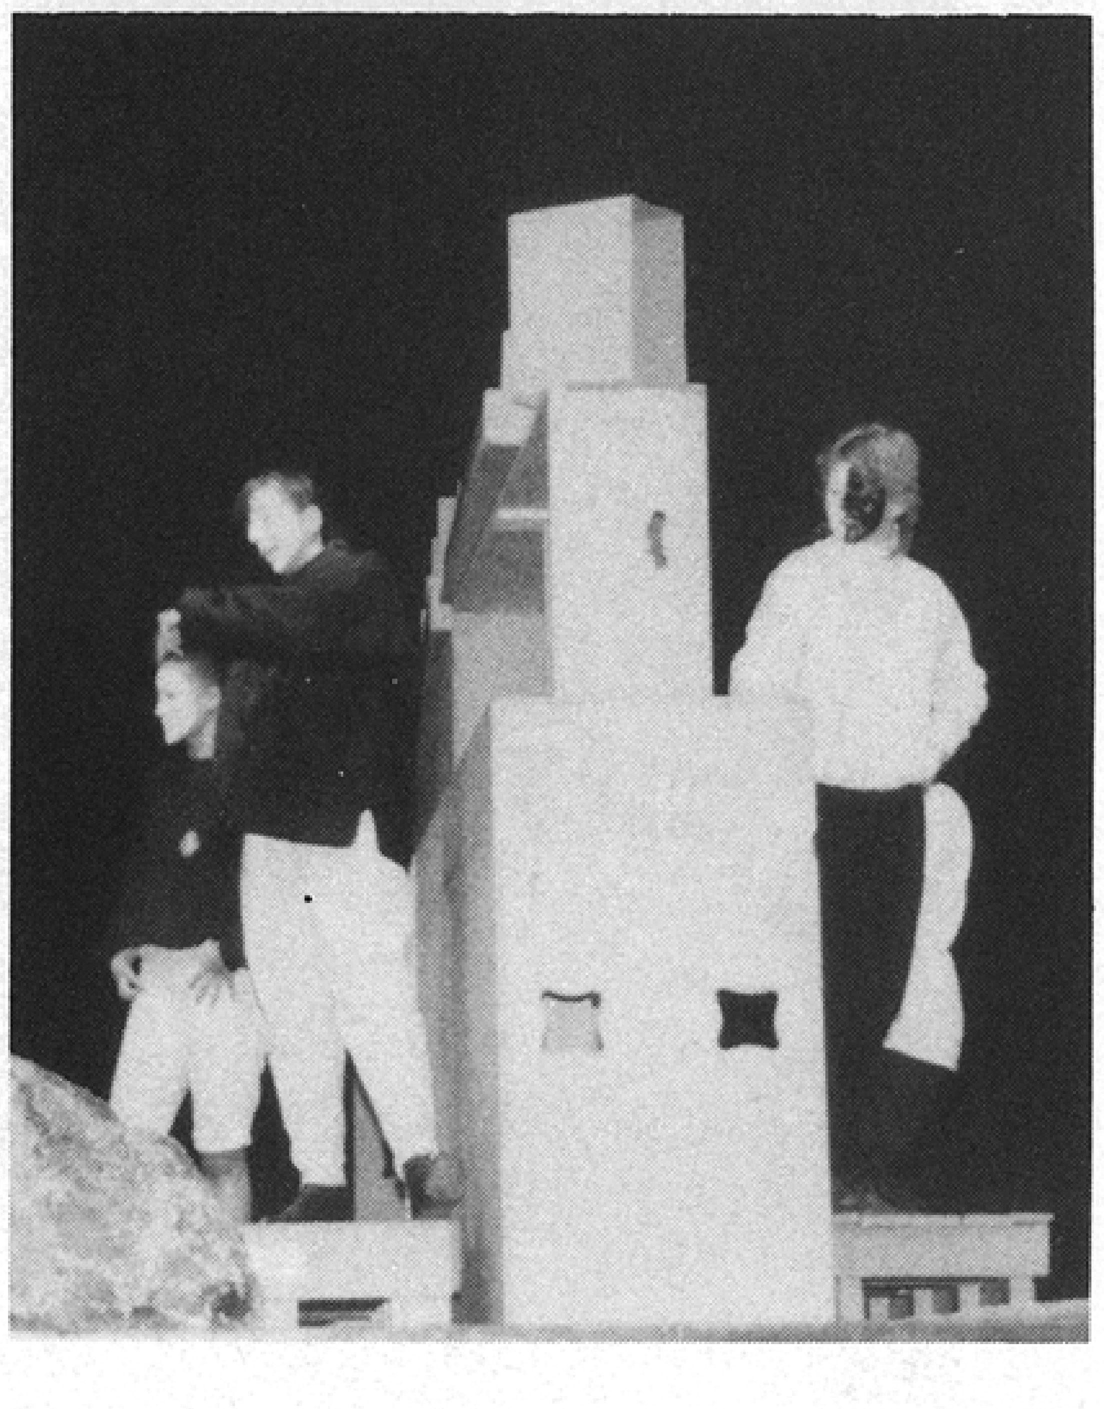

A big thanks to all those who donated or helped out with this extremely successful drive this year and a special thanks to Angela Gleadall for coordinating the Charity.

US AND THEM

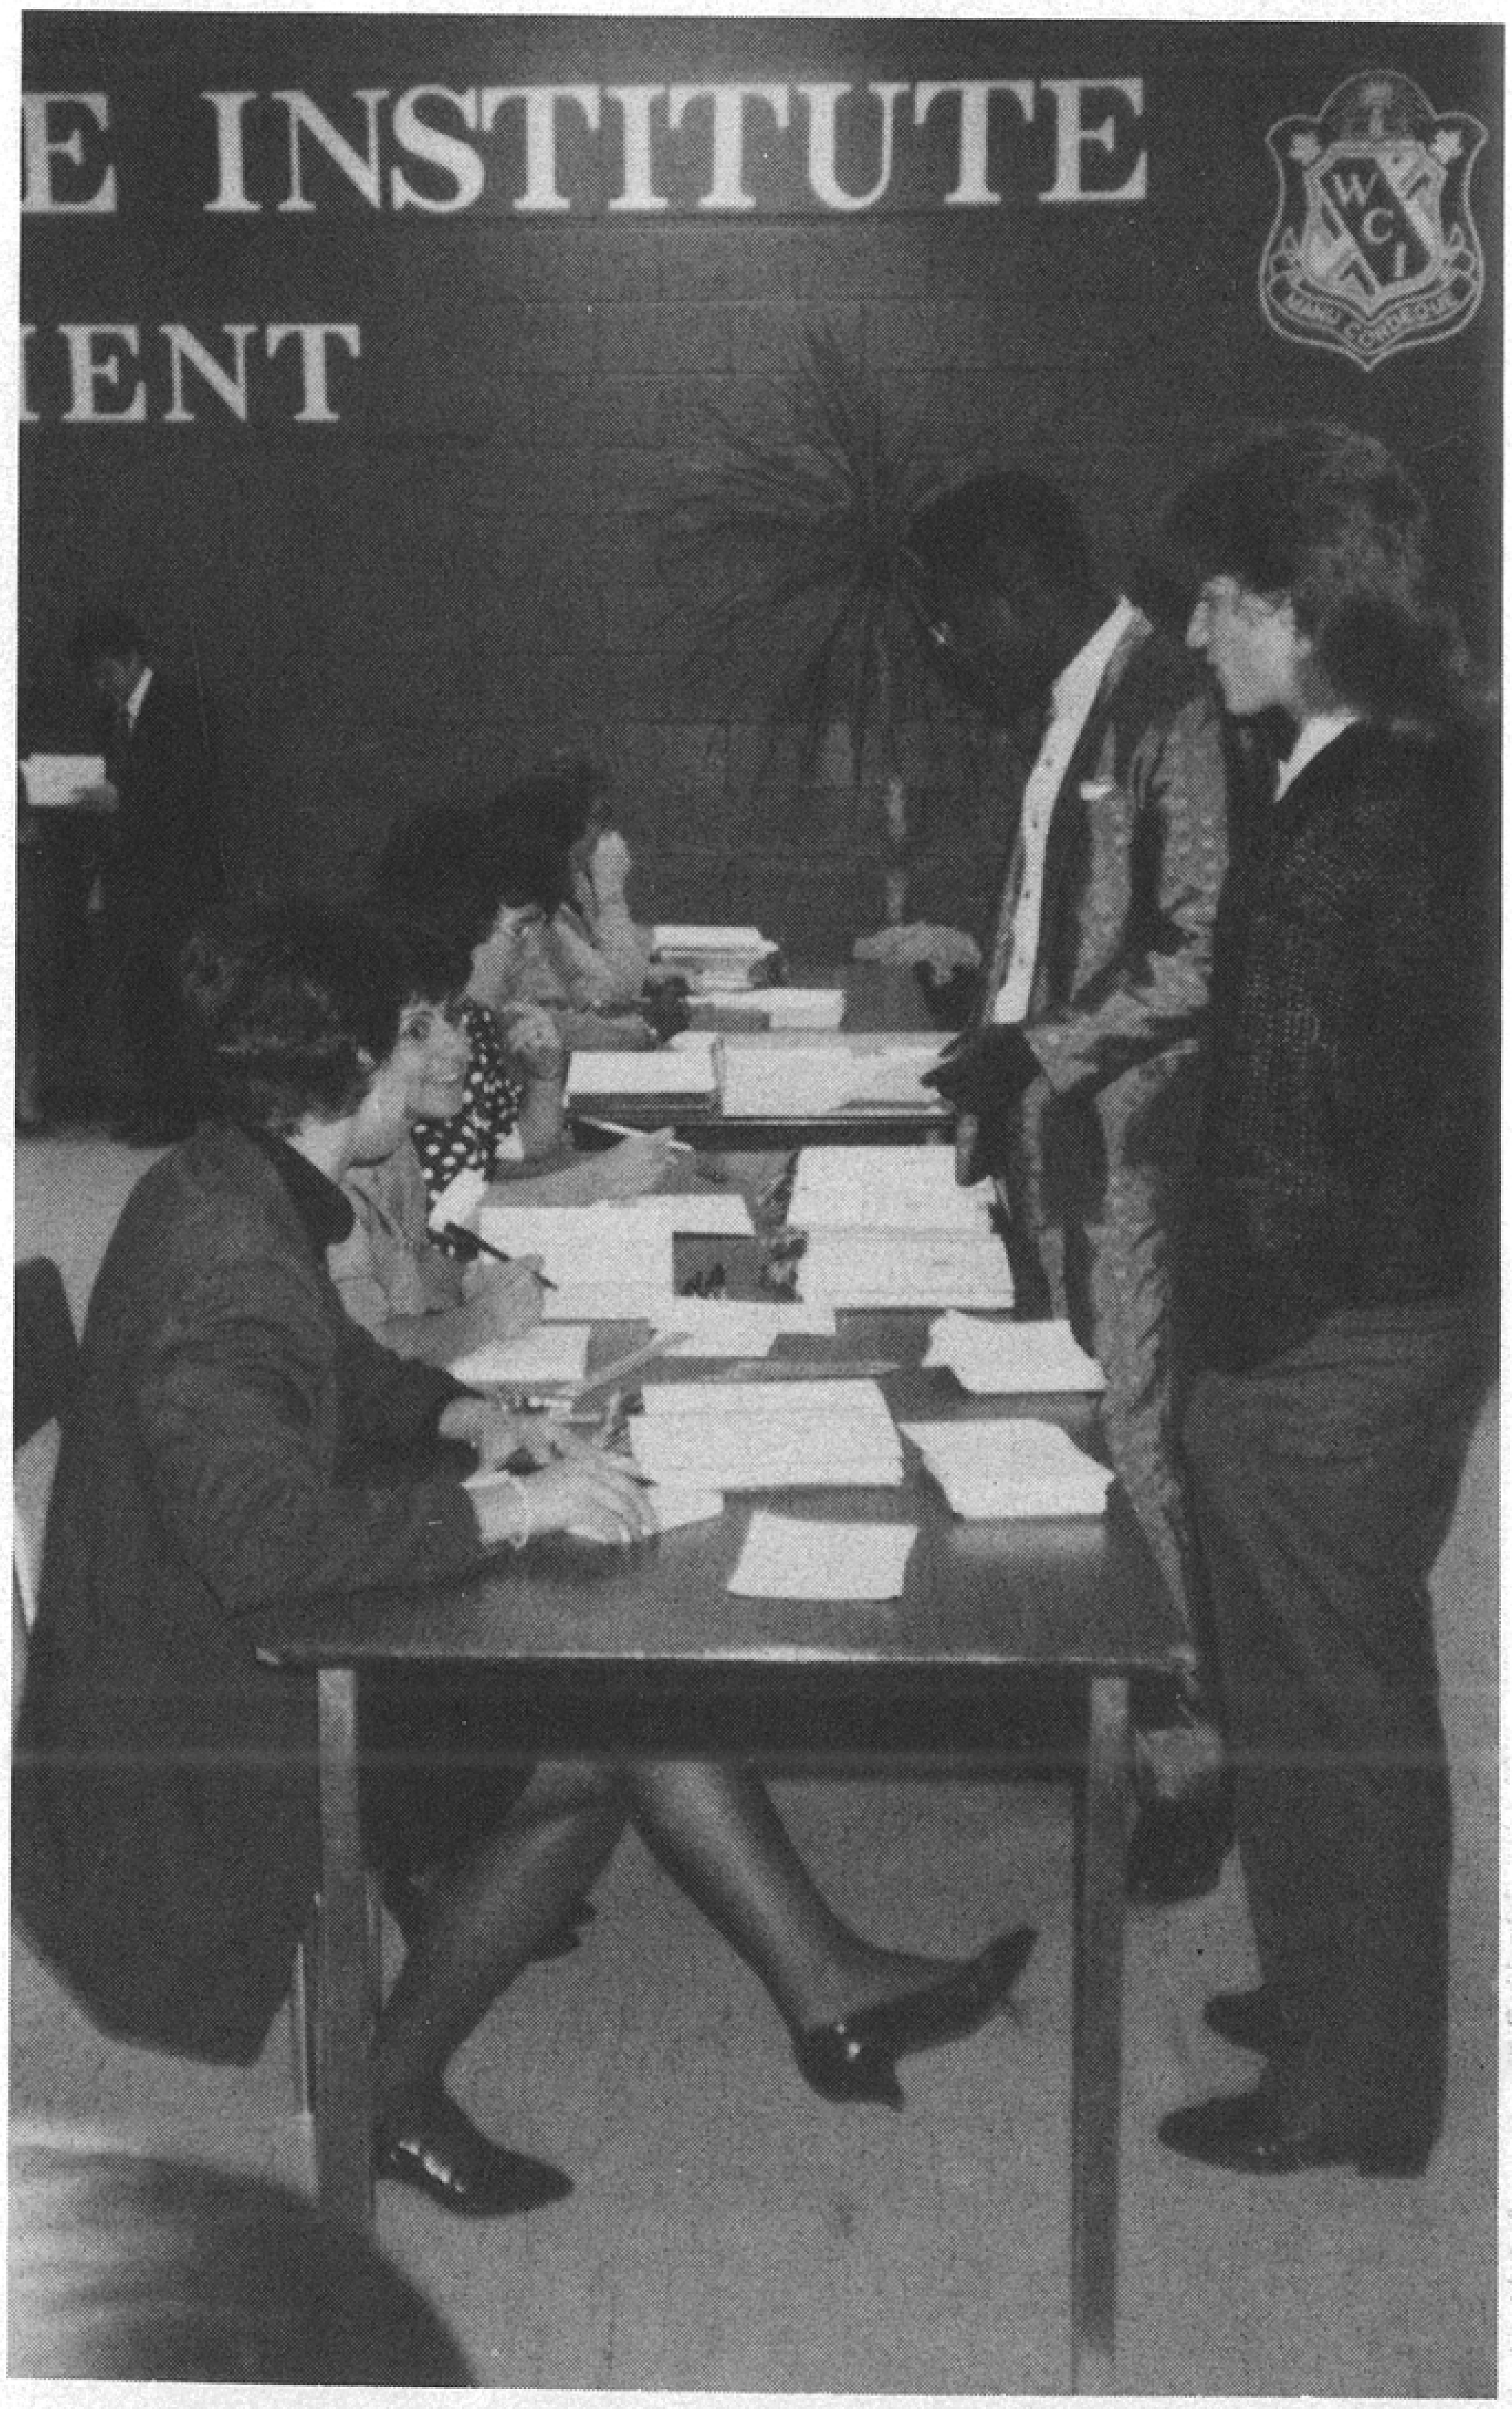

1989 COMMENCEMENT

The 132nd annual Commencement took place this year on November 3, 1989. Commencement is the final chance for the graduating students of Weston to get together, reminisce and have some fun.

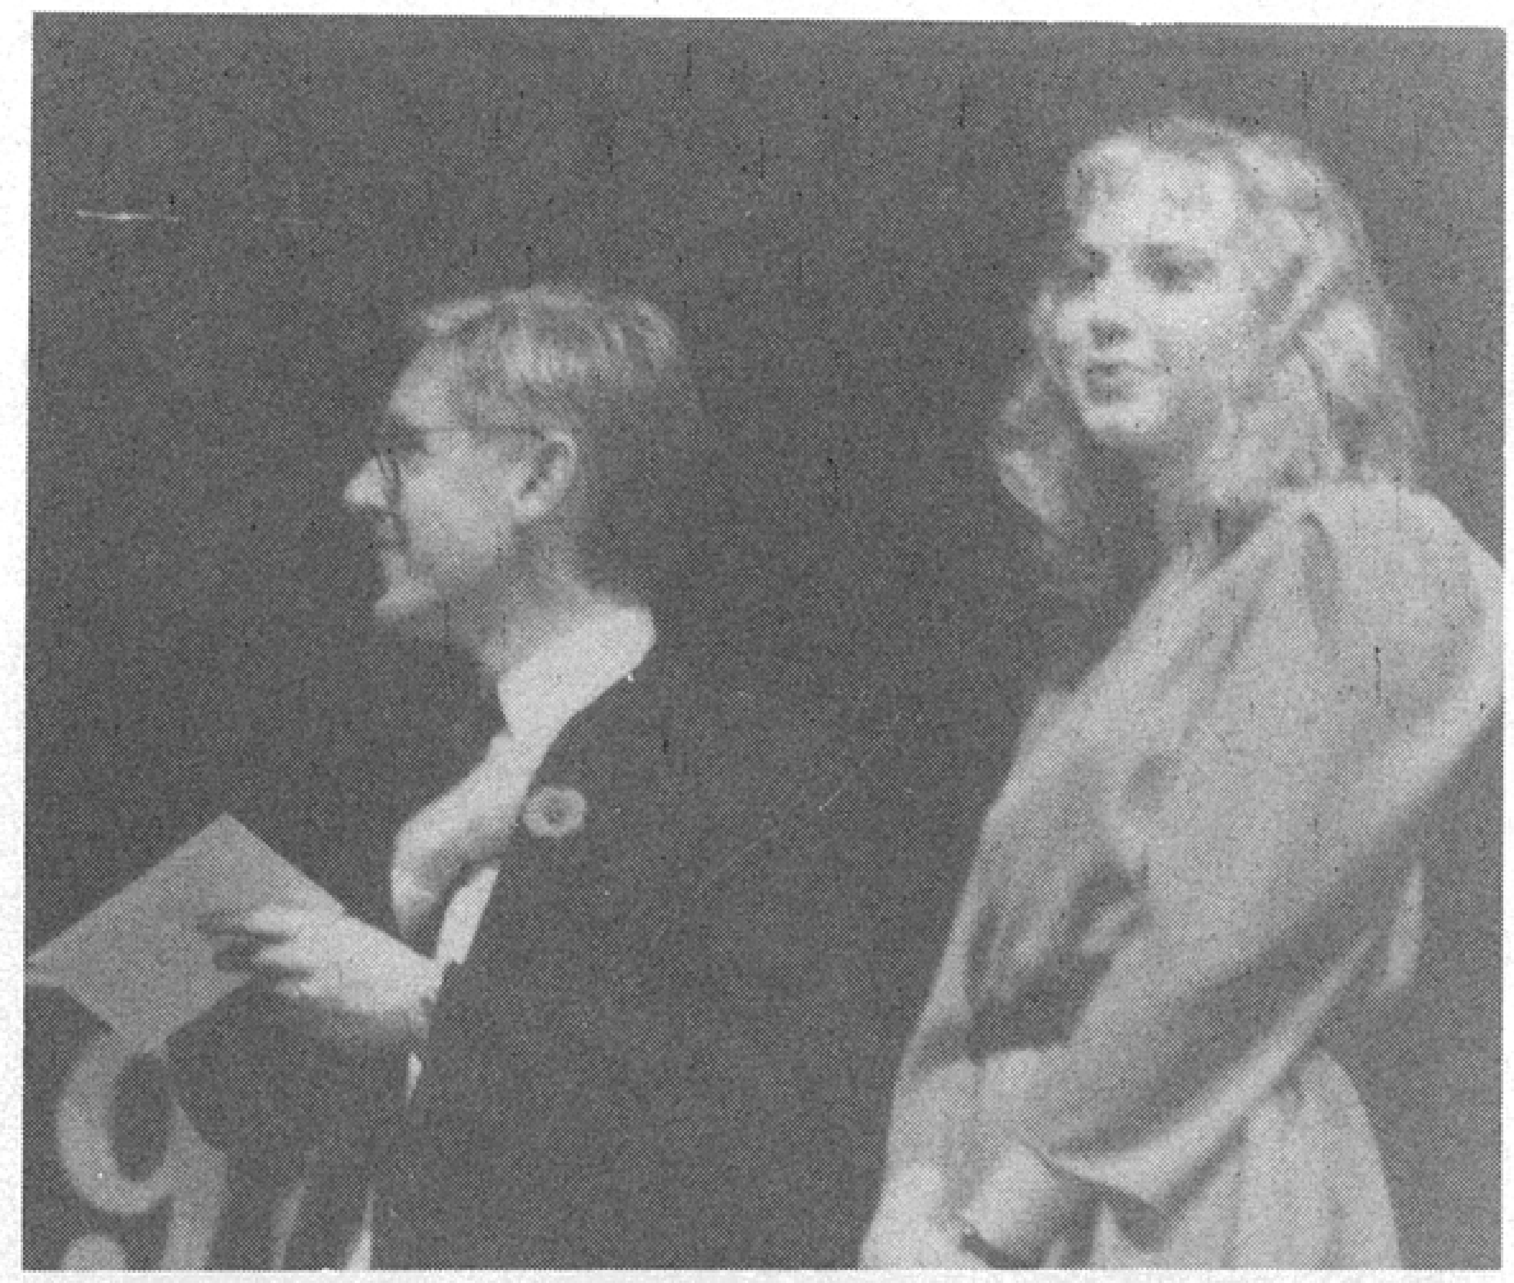

This year Daniel Ferguson was the Valedictorian. His address was most original, humorous and appealing. He took us through the transition to high school and finished with what commencement means.

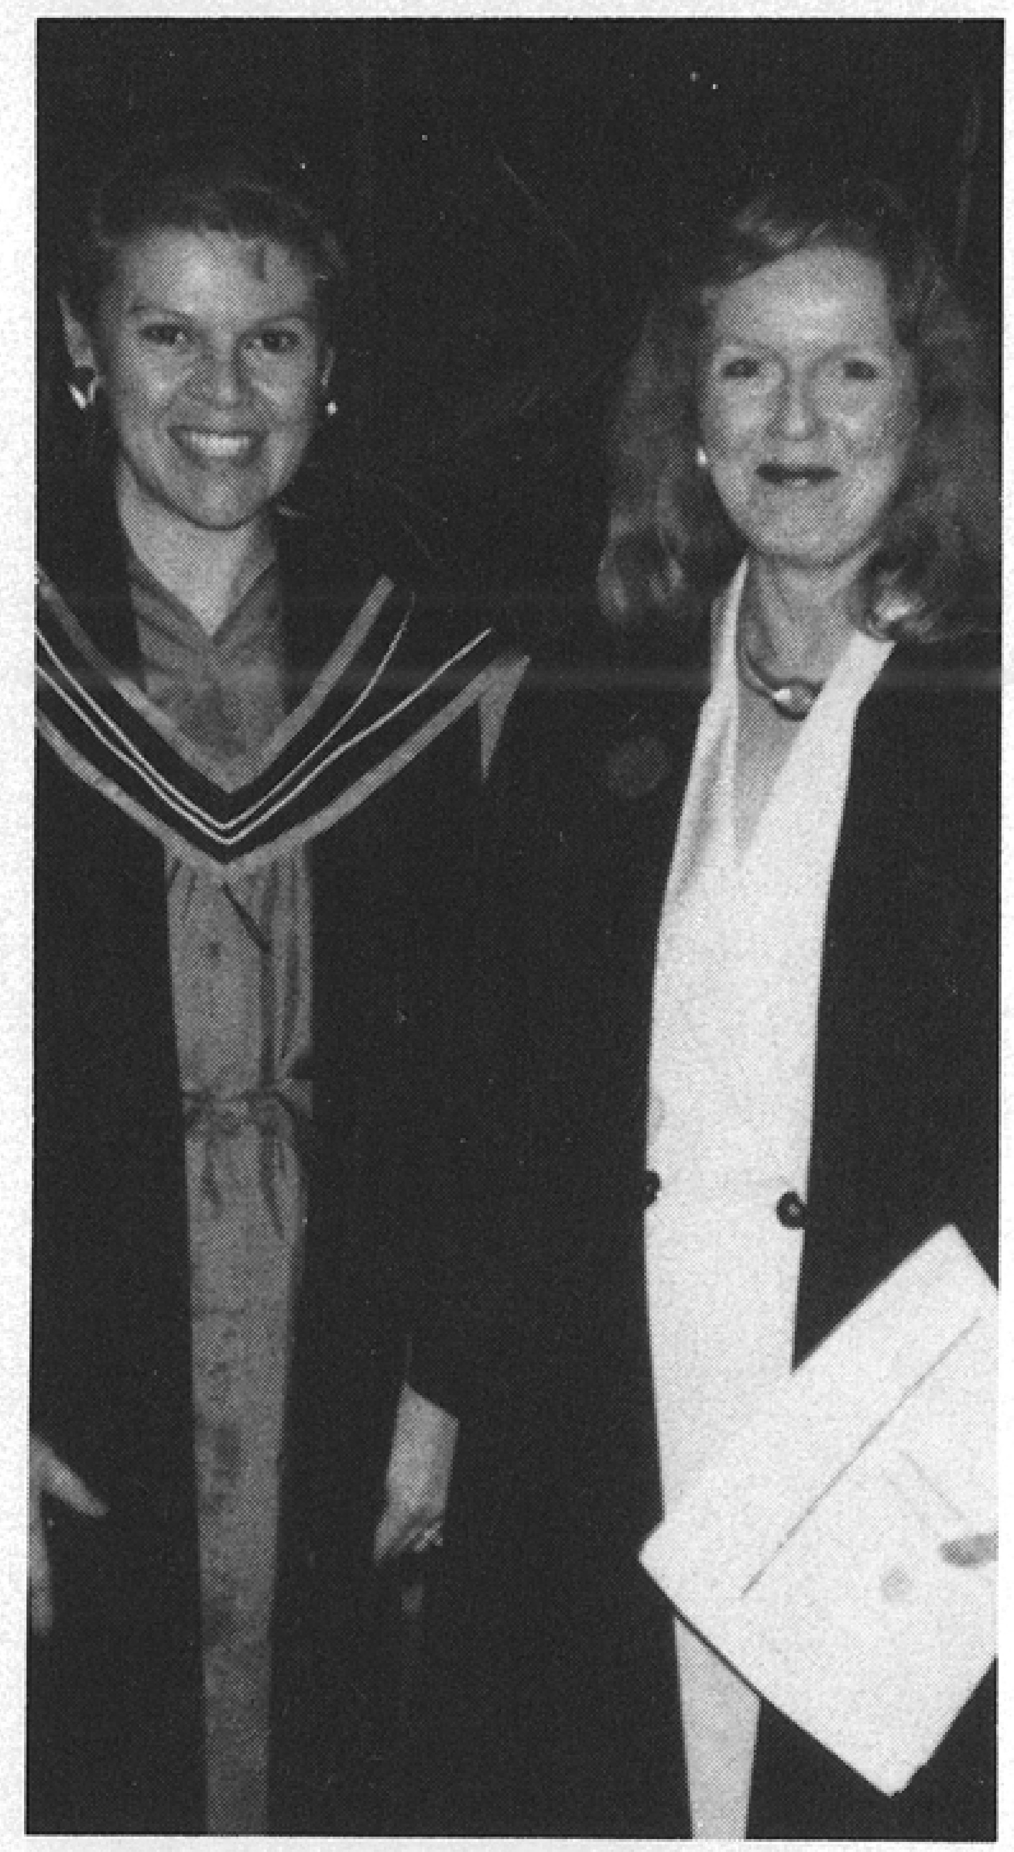

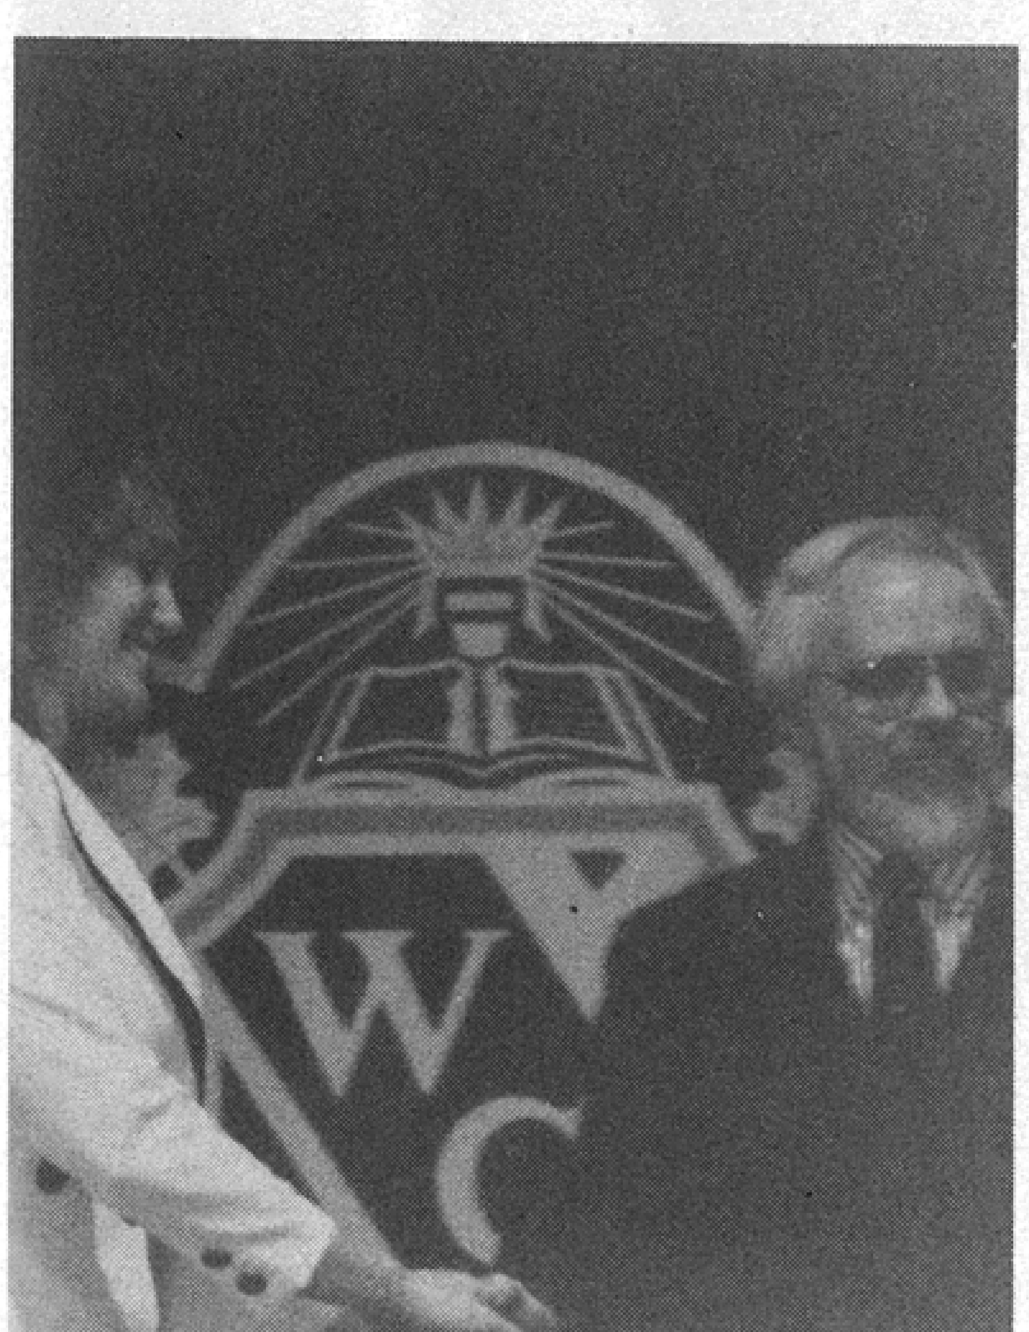

Congratulations to all the graduates.

In May 1989, five grade 9/10 students from W.C.I. with teacher, Ken Poole, joined 30 other similar students from the other six high schools in the City of York. Taking part in a Multicultural Leadership Programme at the Board's outdoor facility near Horning Mills, better known as "PINE RIVER".

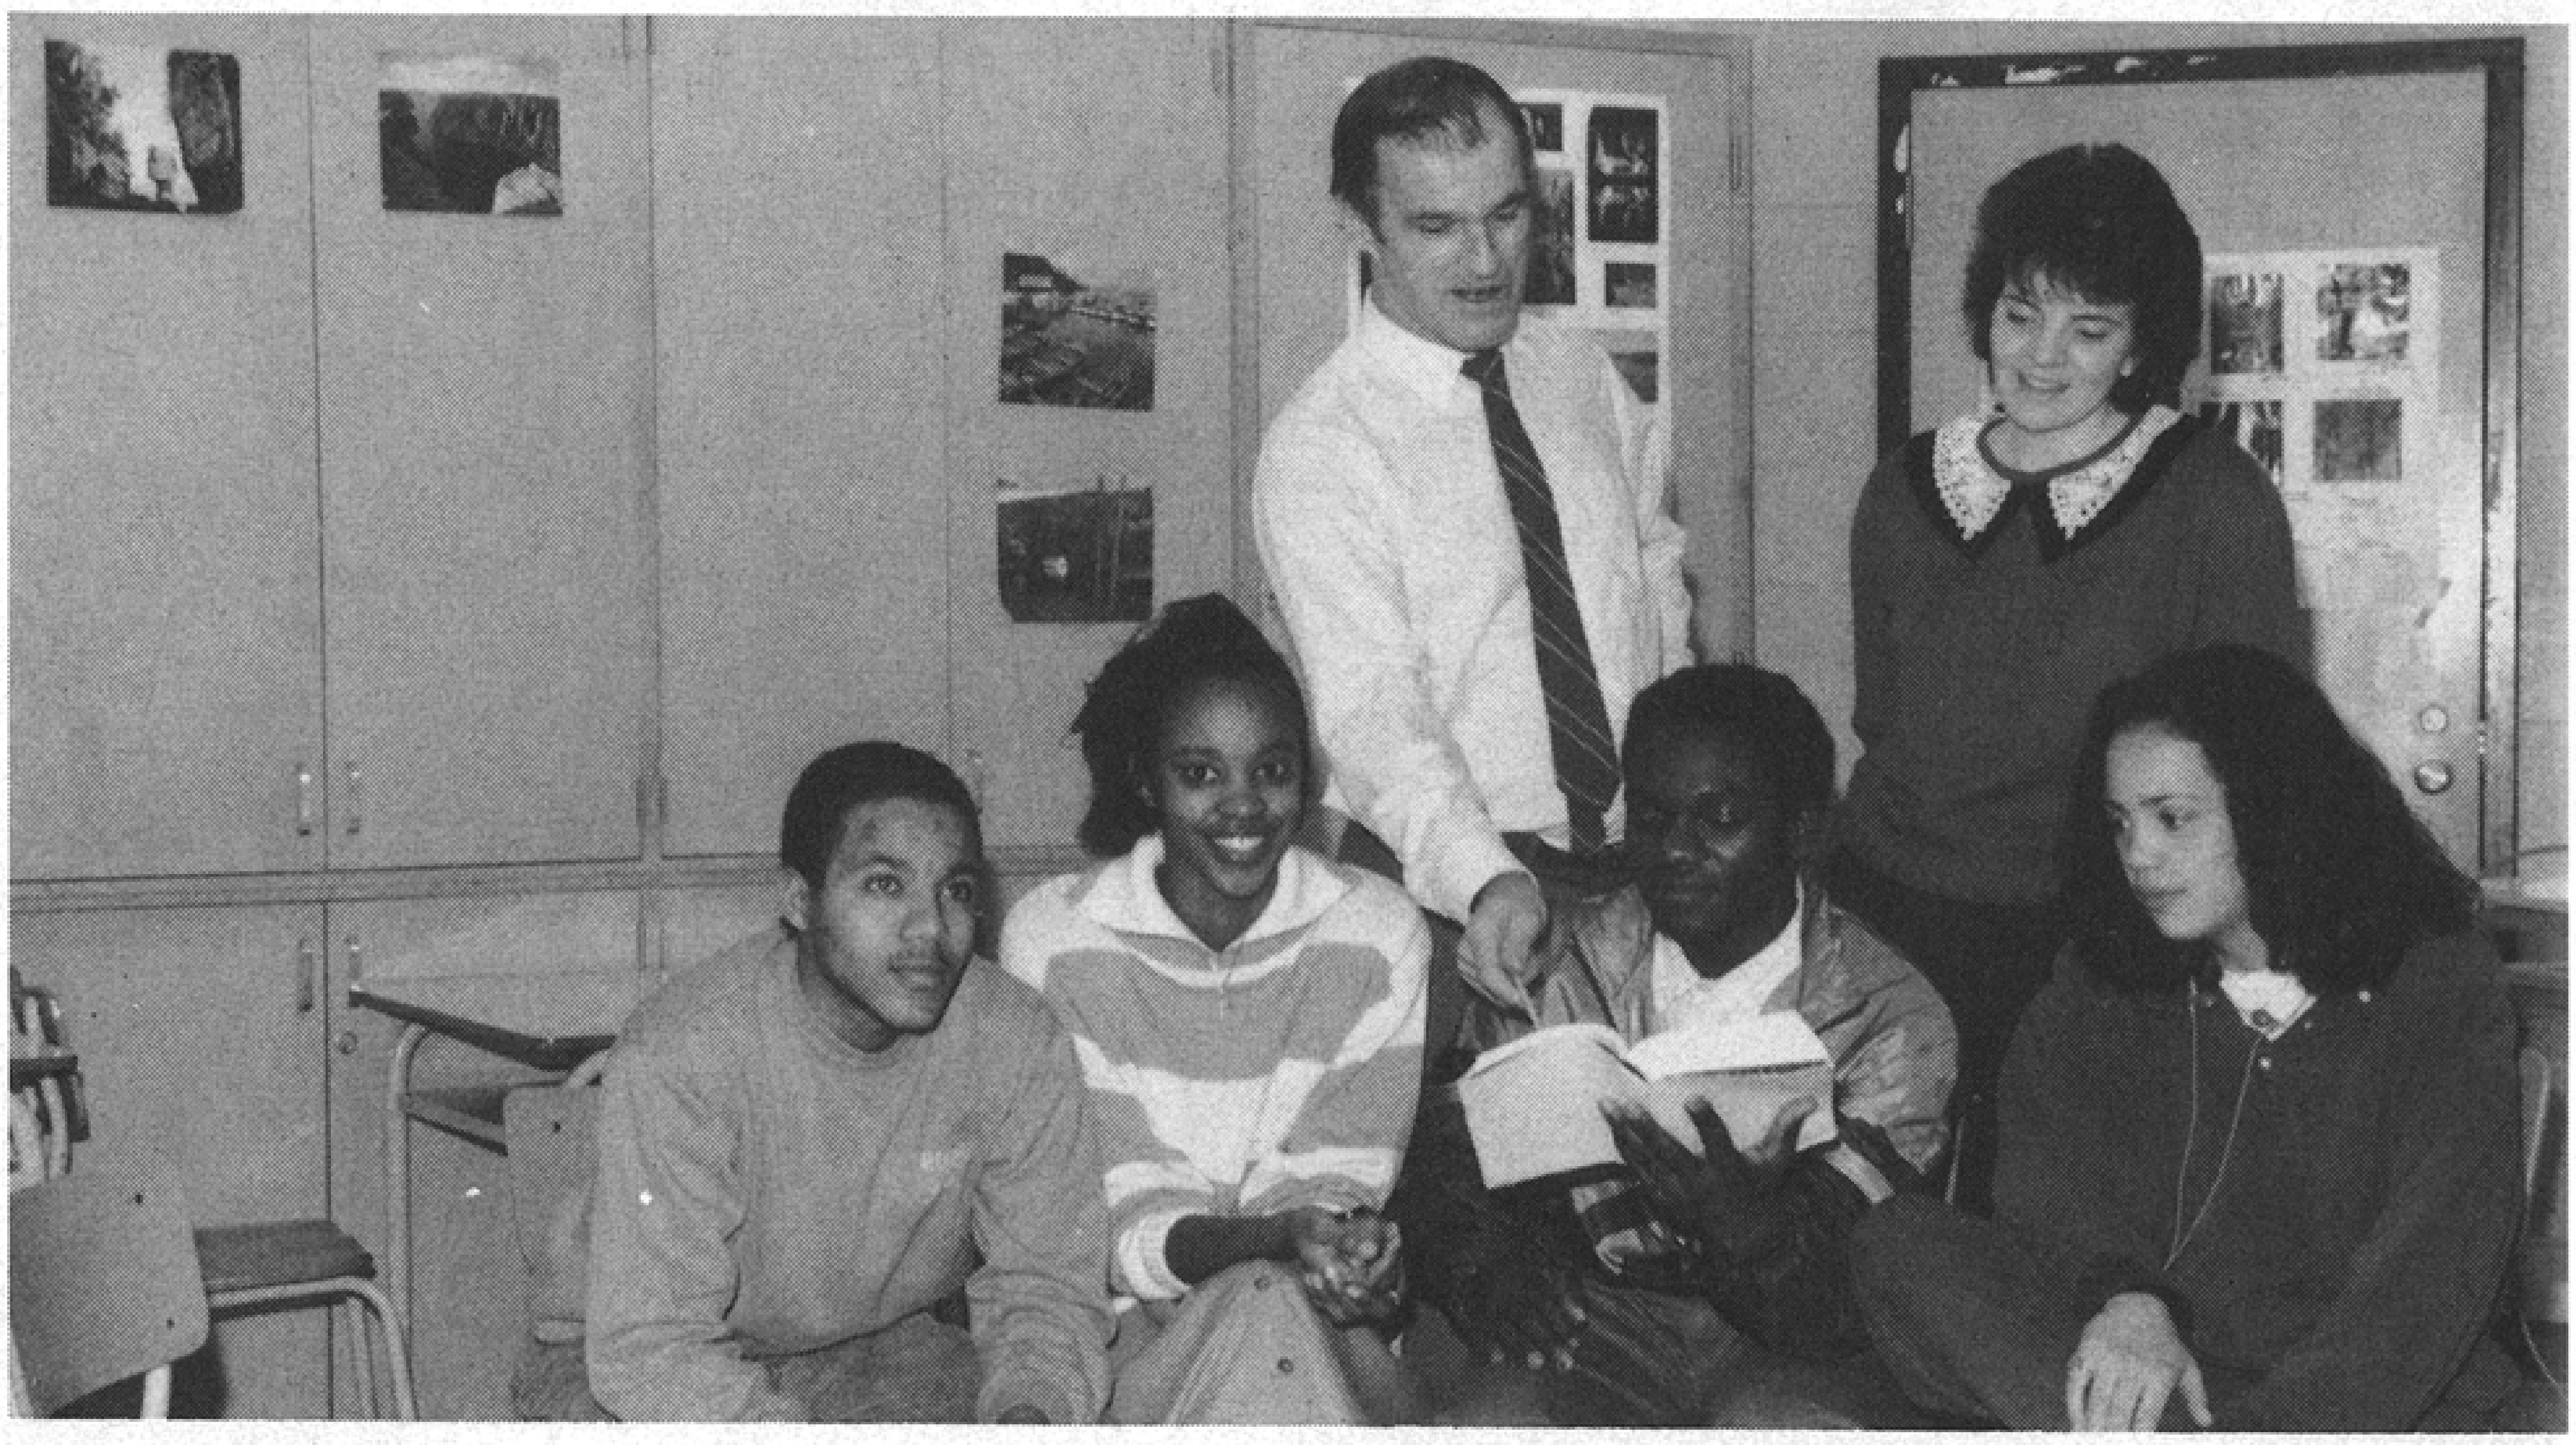

The students were divided into 4 family groups and spent an amazing five days taking part in both physical and mental activities. We learned how to work in harmony, develop trust in one another and to try to find a way to make this world a friendlier and more peaceful place to live in.

All students enjoyed their time spent at Pine River and made many lasting friendships.

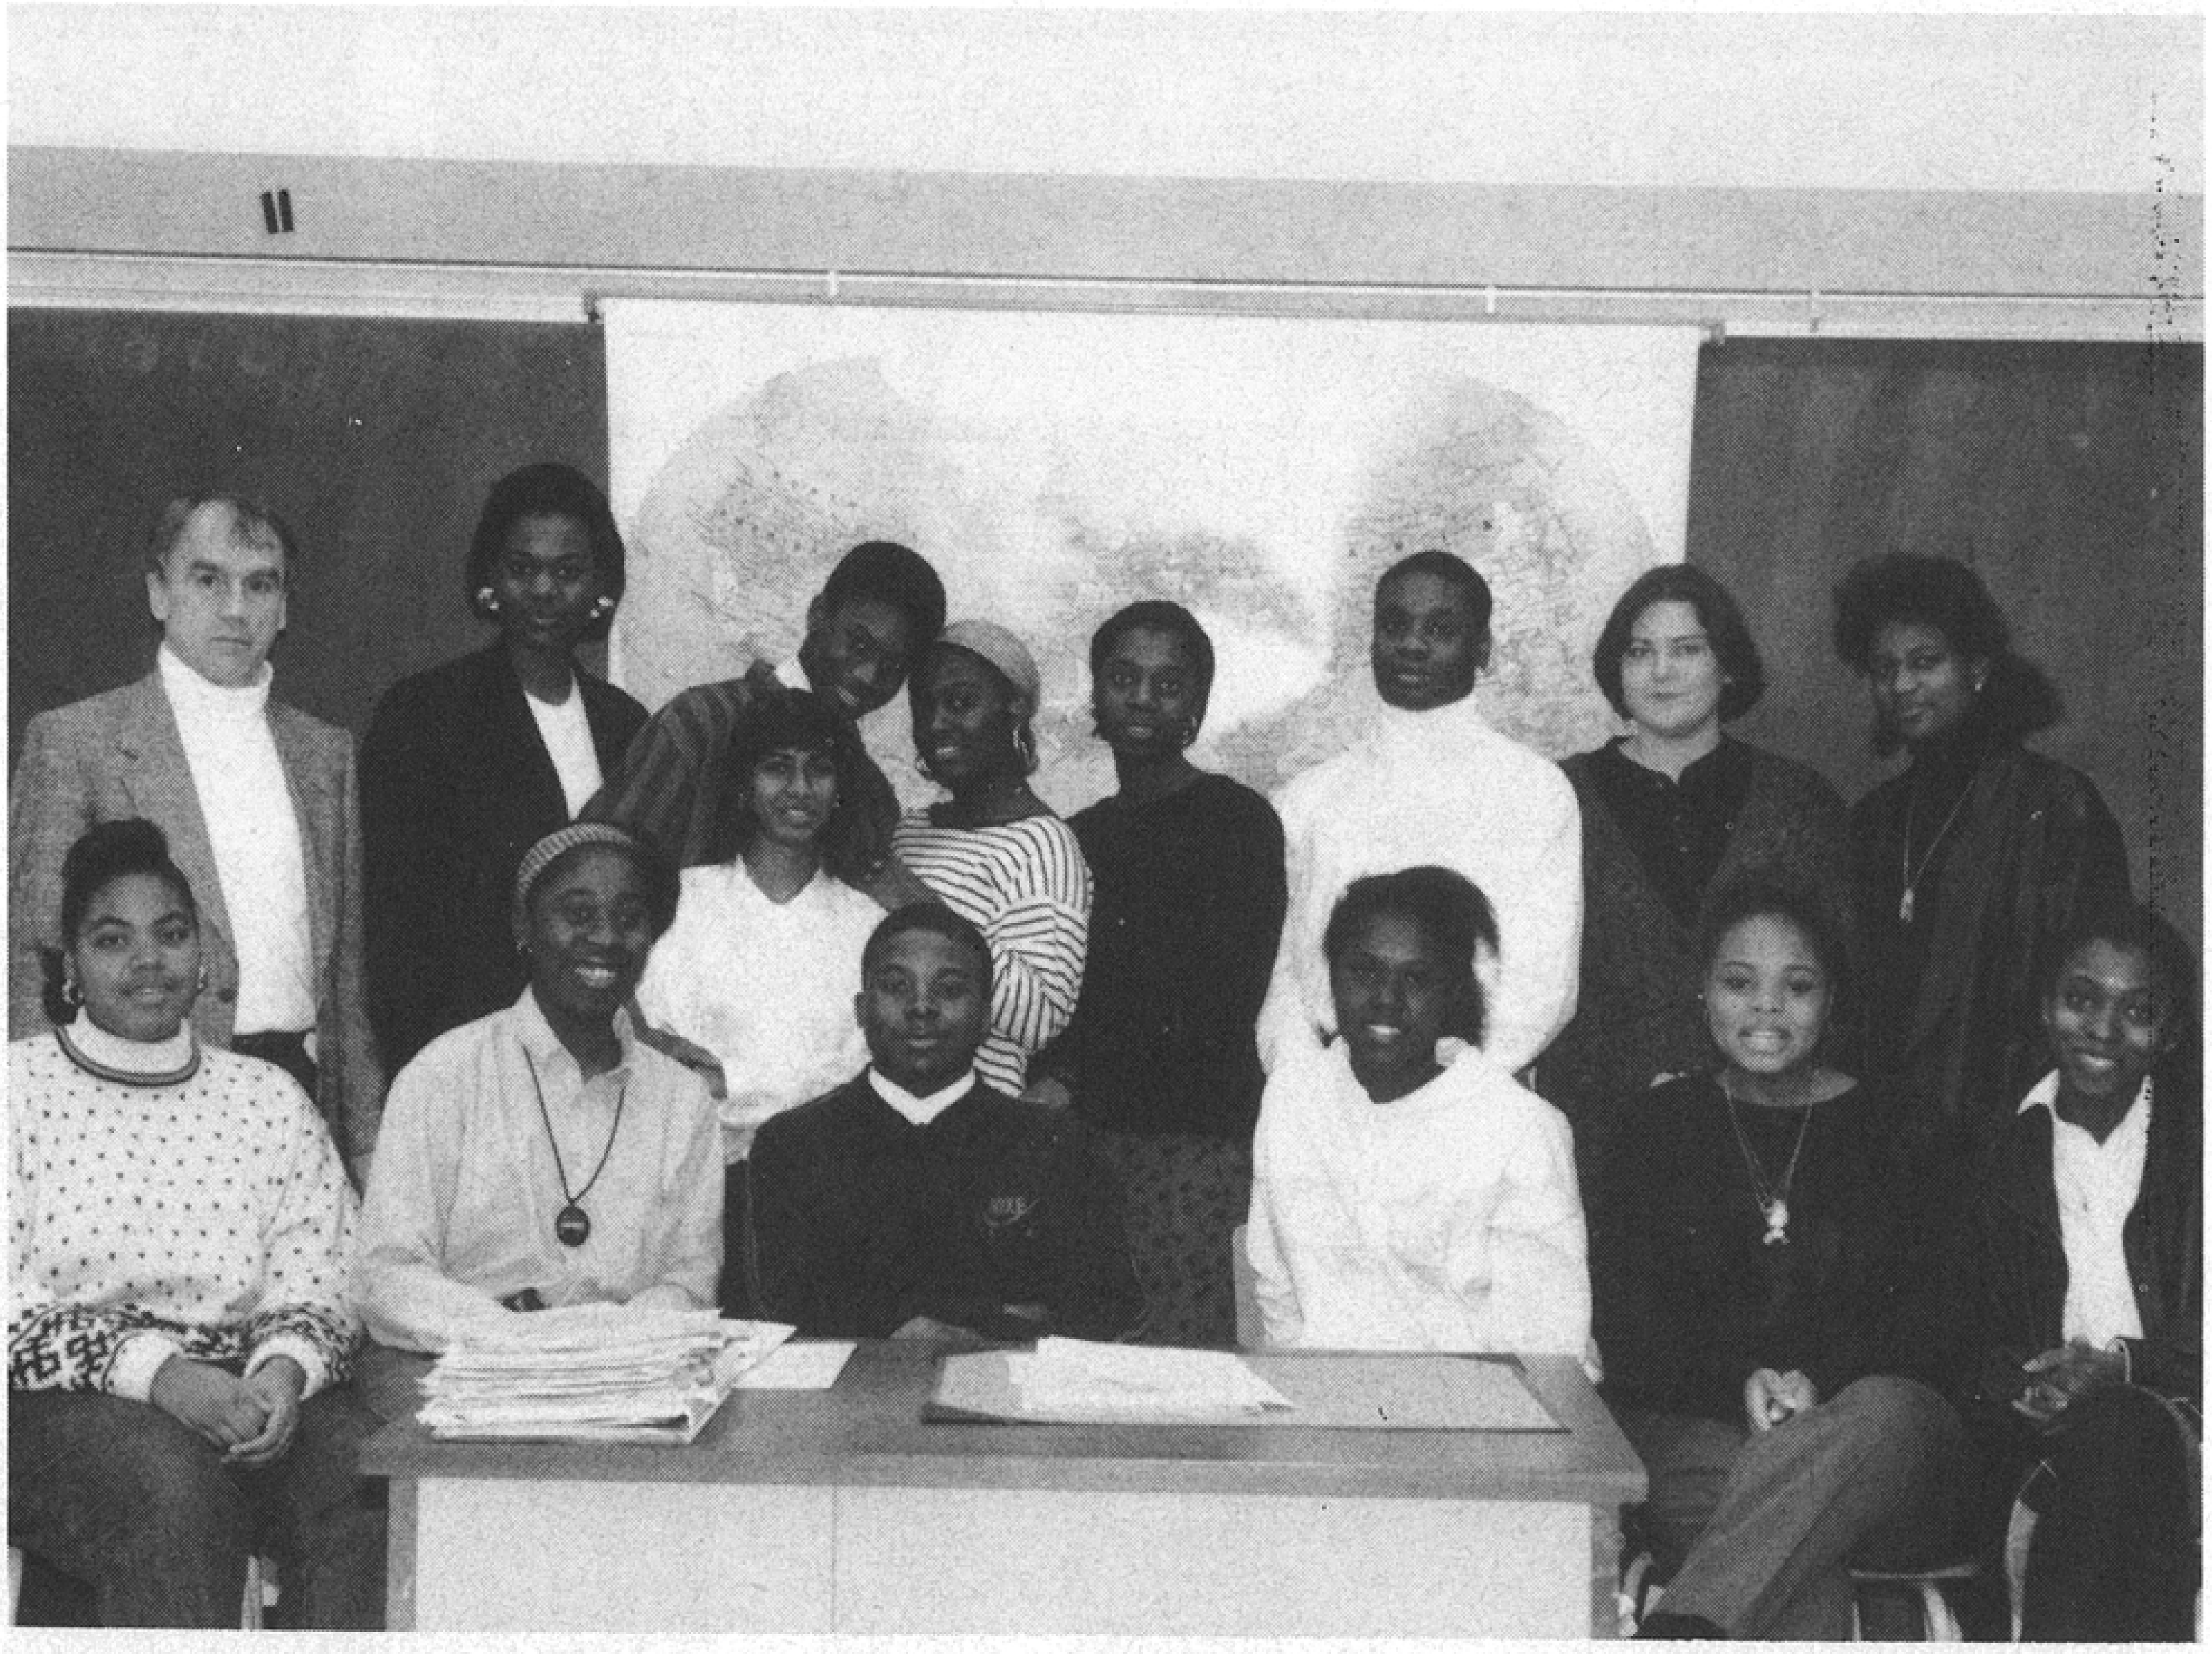

P.S. Thank-you, Mari-Minemura, for your spark of joy and your your friendly smile!

This year interested senior students, led by an encouraging Mr. Williams, lent their time to Peer Counselling the junior students at Weston; dealing with drug and alcohol abuse. They took a field trip to the Columbus Centre early in the first semester to further prepare themselves for this counselling job. All these caring students left a mark on their audience because of their hard work and enthusiasm. Great work!

SKI TEAM

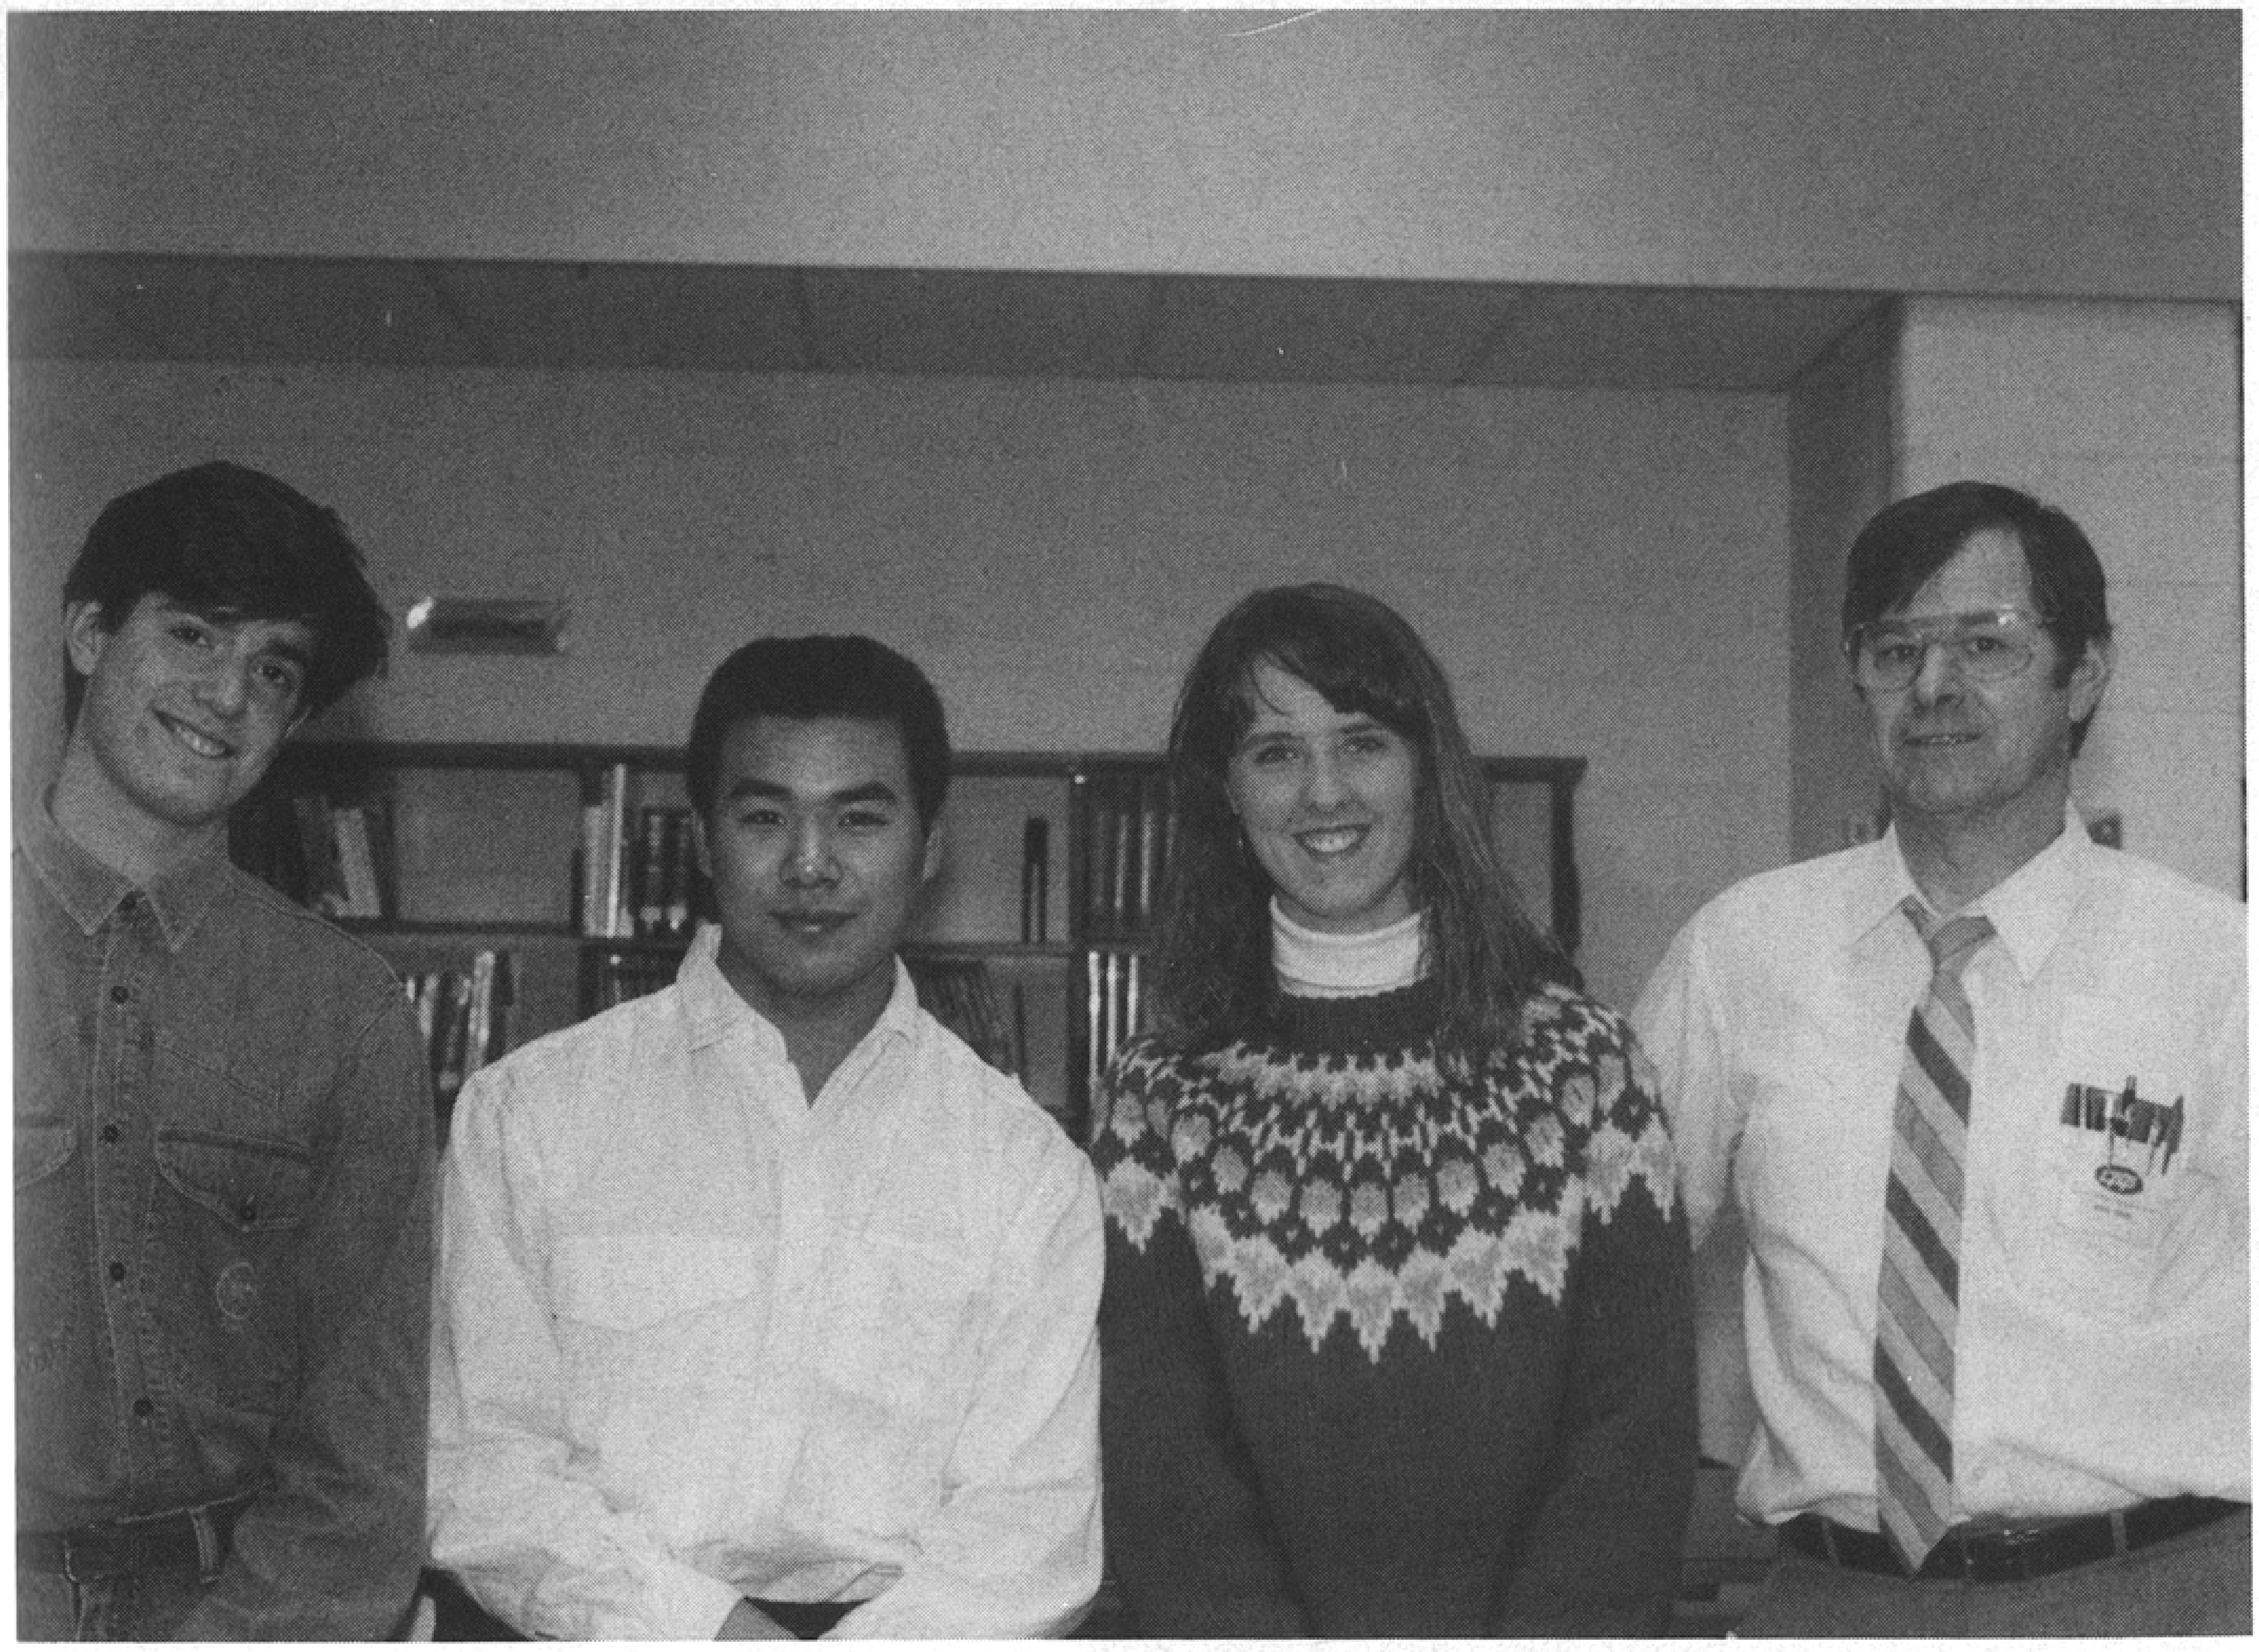

Weston's Skiing Team was extremely successful this year. The girls team, consisting of Nicole Scott, Tara McCausland, Kate Ashbourne, Mary Scott and Julee Erskine, won the York Girls Championship for a second consecutive year. Weston Collegiate continued its winning streak with the girl's team, consisting of Nicole Scott, Elizabeth Rudolf, Tara McCausland and Mary Scott, winning the Tri-City Girl's Championships and then winning the Tri-City Combined Championships by combining with the Boy's Team, which consisted of Chris Todd, Calvin Russow, Jermy Thorn, Tom Scott and Mike Balint.

Last year the swim team lost many of the "big guns" on the senior team. Even with depleted numbers the senior boys were able to win their division of the York League championship. The Swim Team was not able to attract enough new swimmers this year to fill the ranks which have been depleted by students graduating or no longer being interested in swimming. We gained a few swimmers this year who have shown potential for the future but we did not have enough to present a challenge in the junior or bantam divisions.

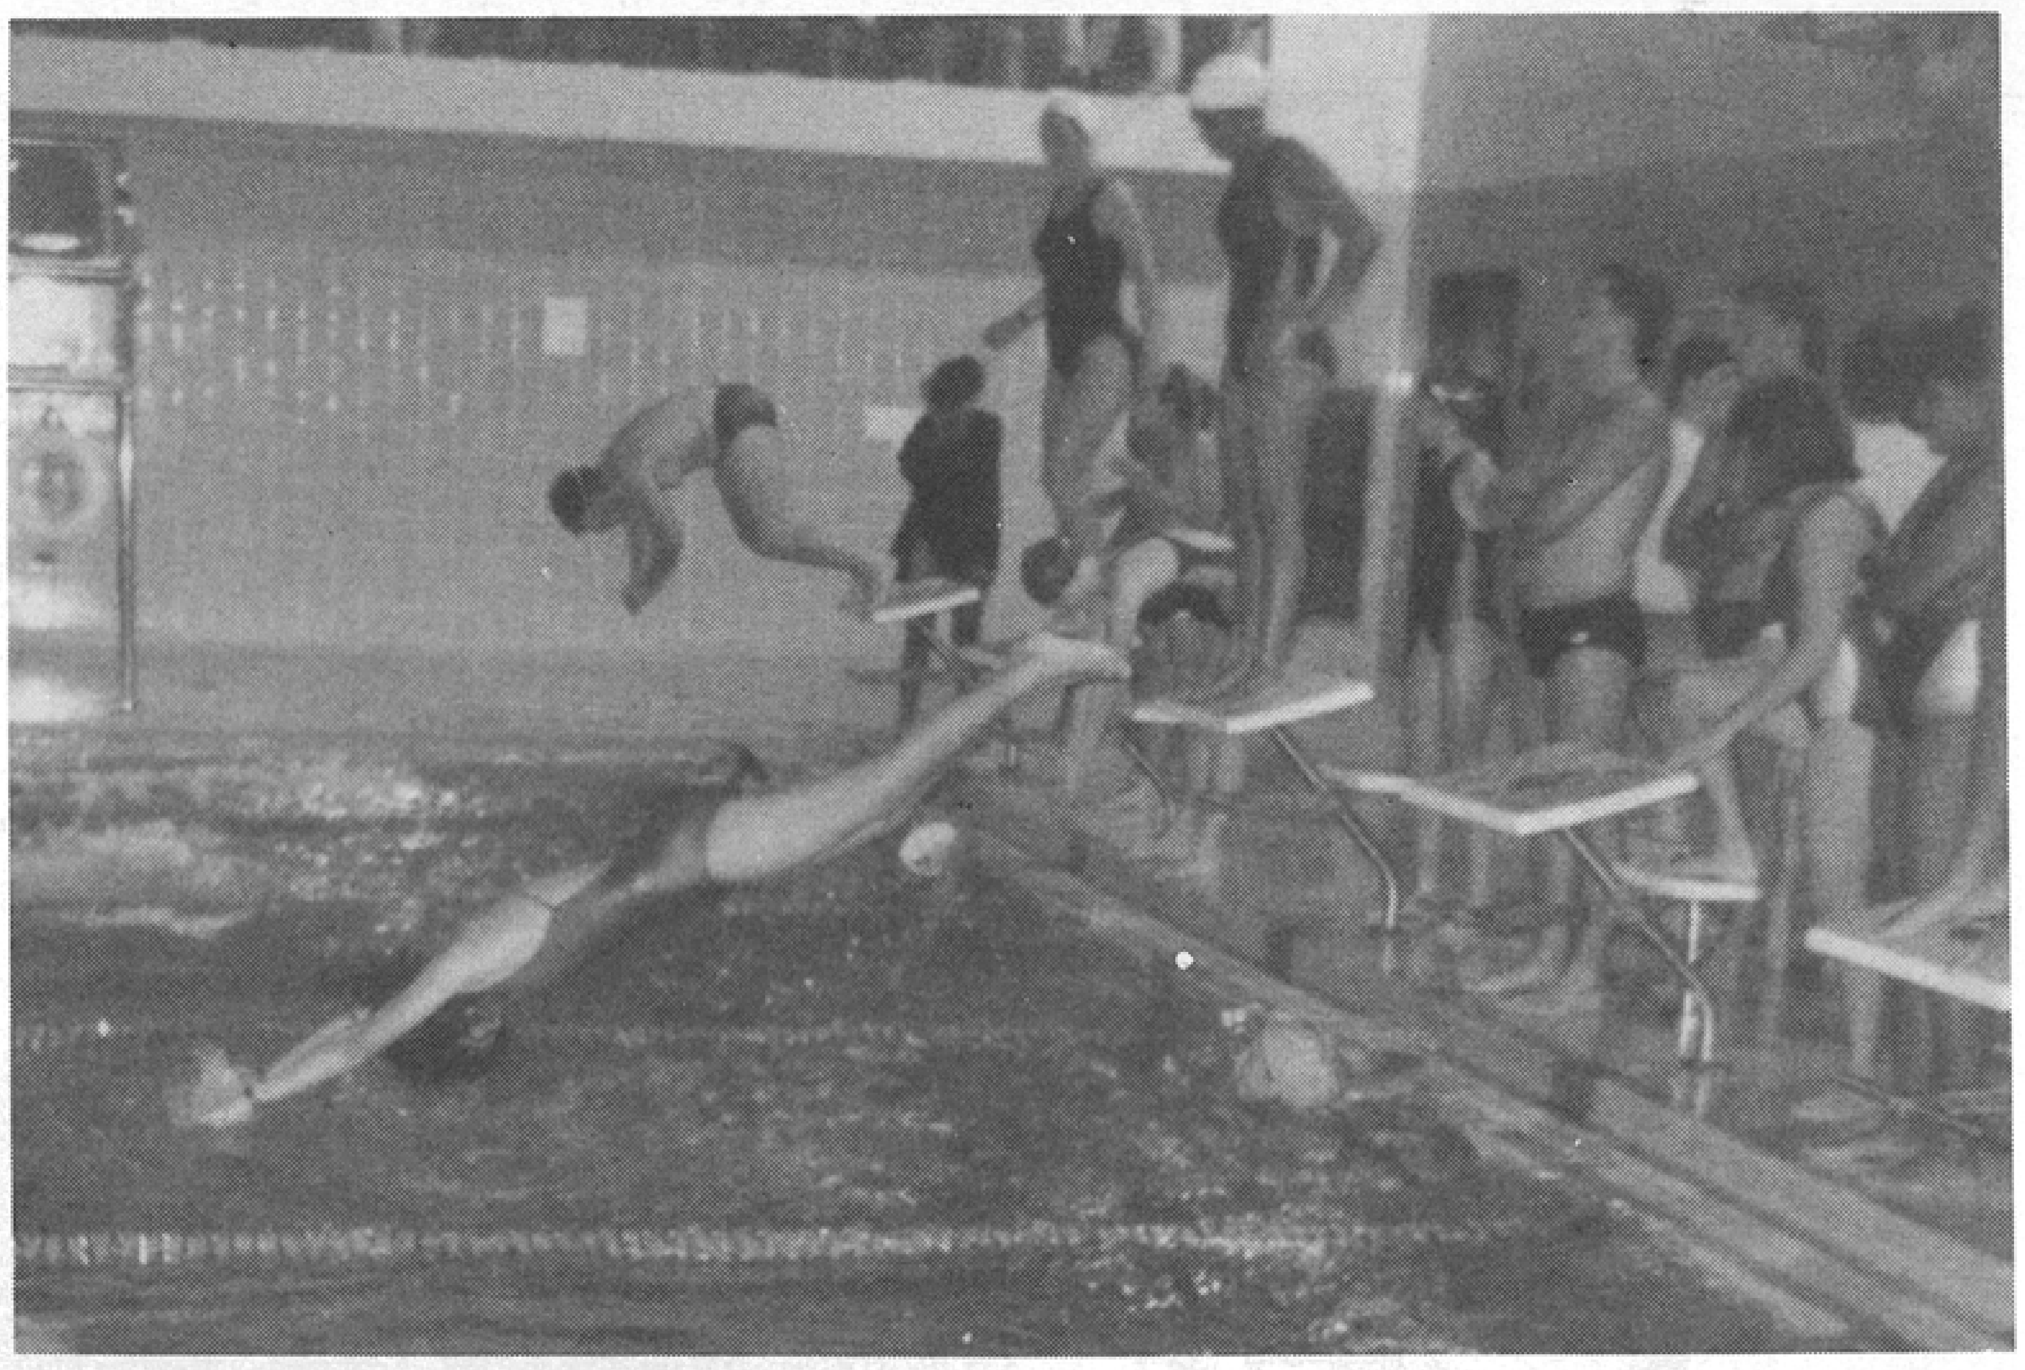

The team did send three swimmers to the provincial final, Felix Dolezel, Mike Greene and Julee Erskine. Unfortunately Julee got quite sick just before the finals and was not able to compete.

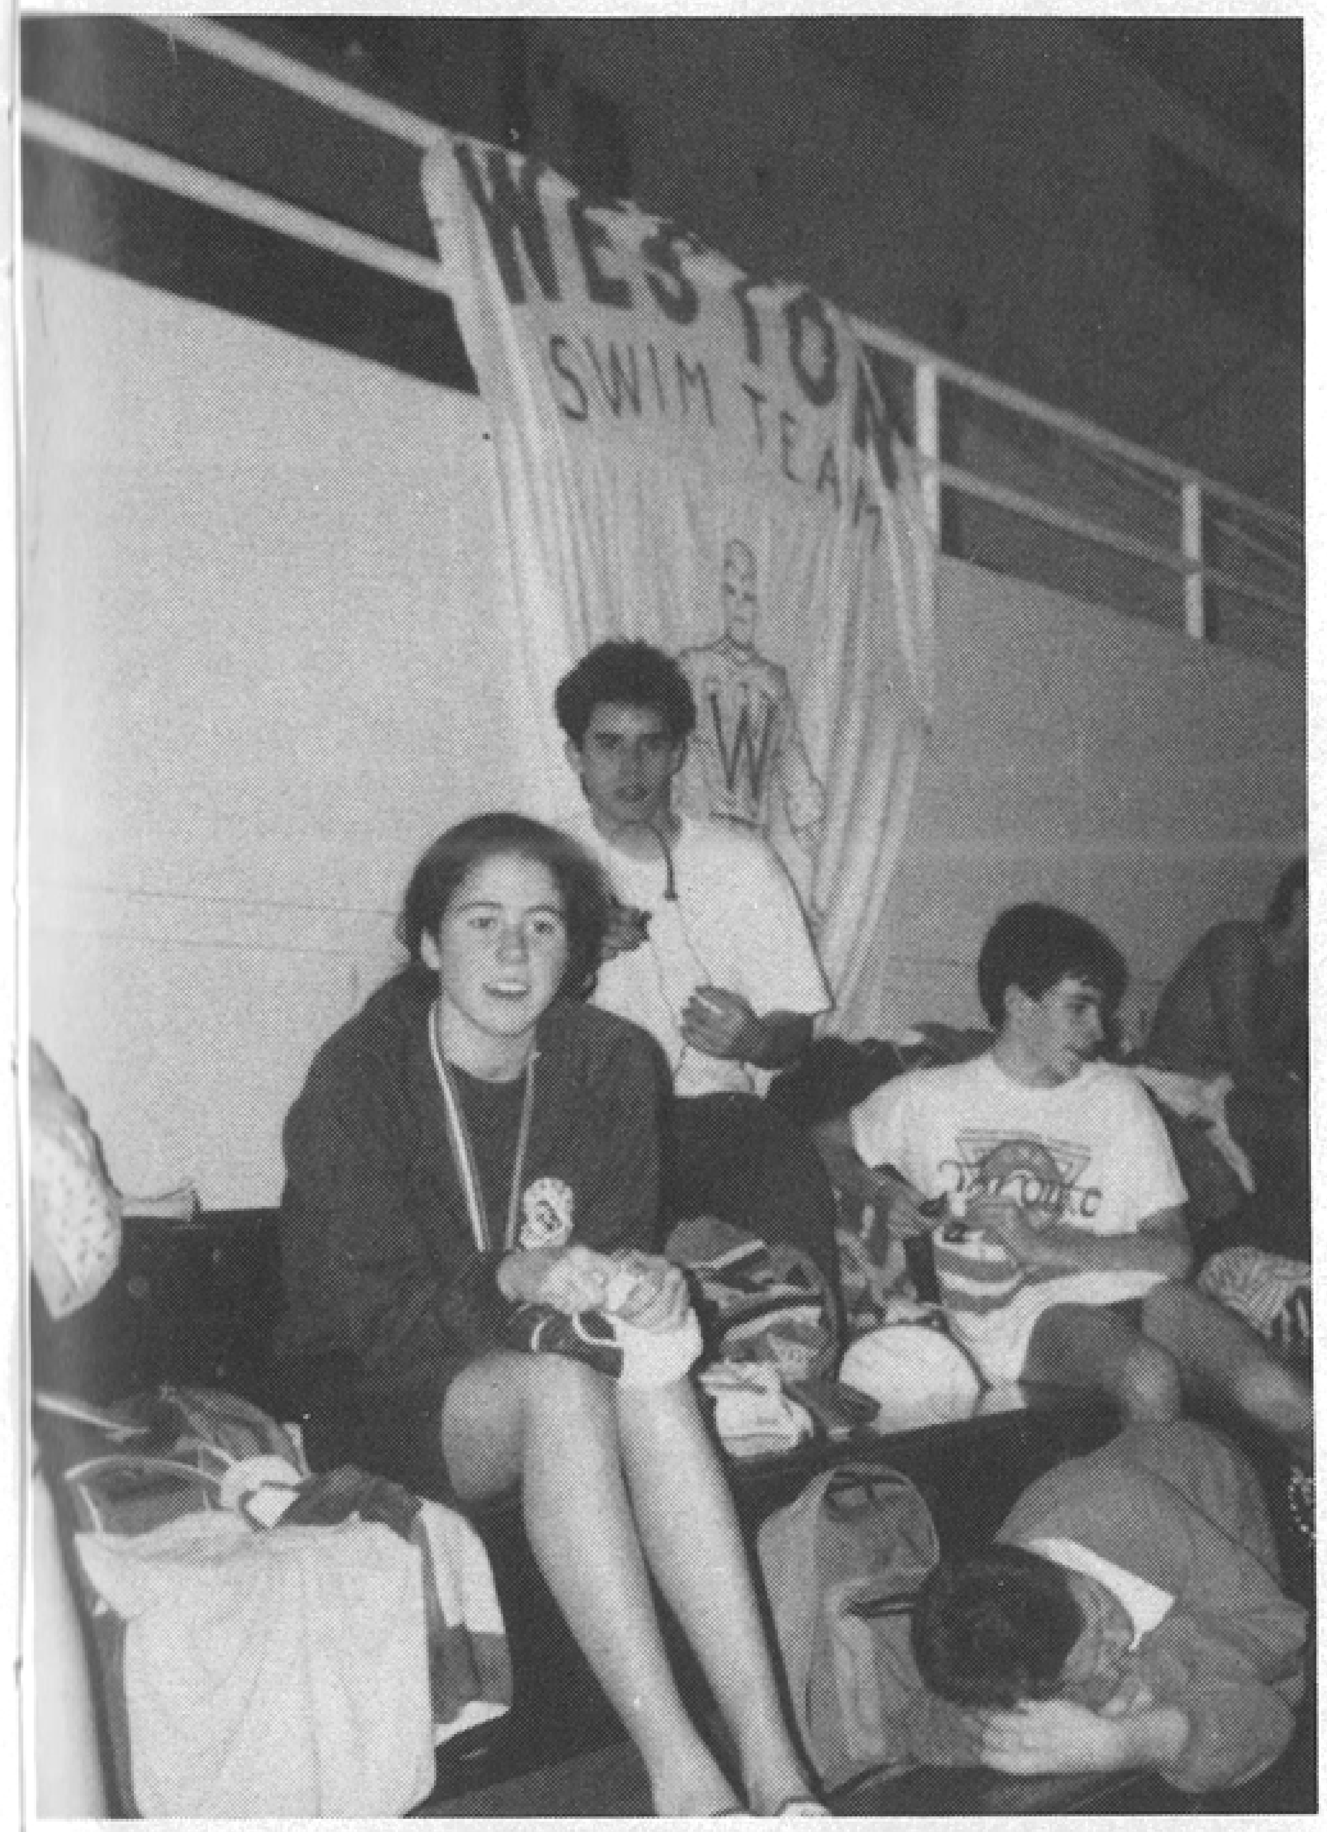

Perhaps next year will bring more interested students and improve our chances for success as a team.

WRESTLING

The year began on a positive note with many of last year's team returning. Then reality hit, some fine wrestlers were caught up in work and in other extra curricular activities. As the first league meet approached, it looked like another rookie year. However, the season progressed and as tournaments came and went, the team started to gel and bound as only a hard working wrestling team can.

Then the dream came true. On February 22, 1990, the Wrestling IRONMEN competed in the TRI City Championships. This tournament consisted of teams from the City of Etobicoke, North York and York. Some excellent wresting by our whole team produced two bronze medals in Dave Taffe and Mike Virag as well as two fourth place finishers, John Gordon and Steve Cristante. The day however, was highlighted by Weston's four gold medals: 38 K Don Smith, 47.5 K Keith Lyons, 51 K James Jackson and 77 K Roman Mill.

My congratulations to this year's team, for not only did we have more wrestlers place in the top four than any other competing school, but we were also able to accumulate enough points to win the TRI City Championship Trophy. A perfect ending to any wrestlers' season.

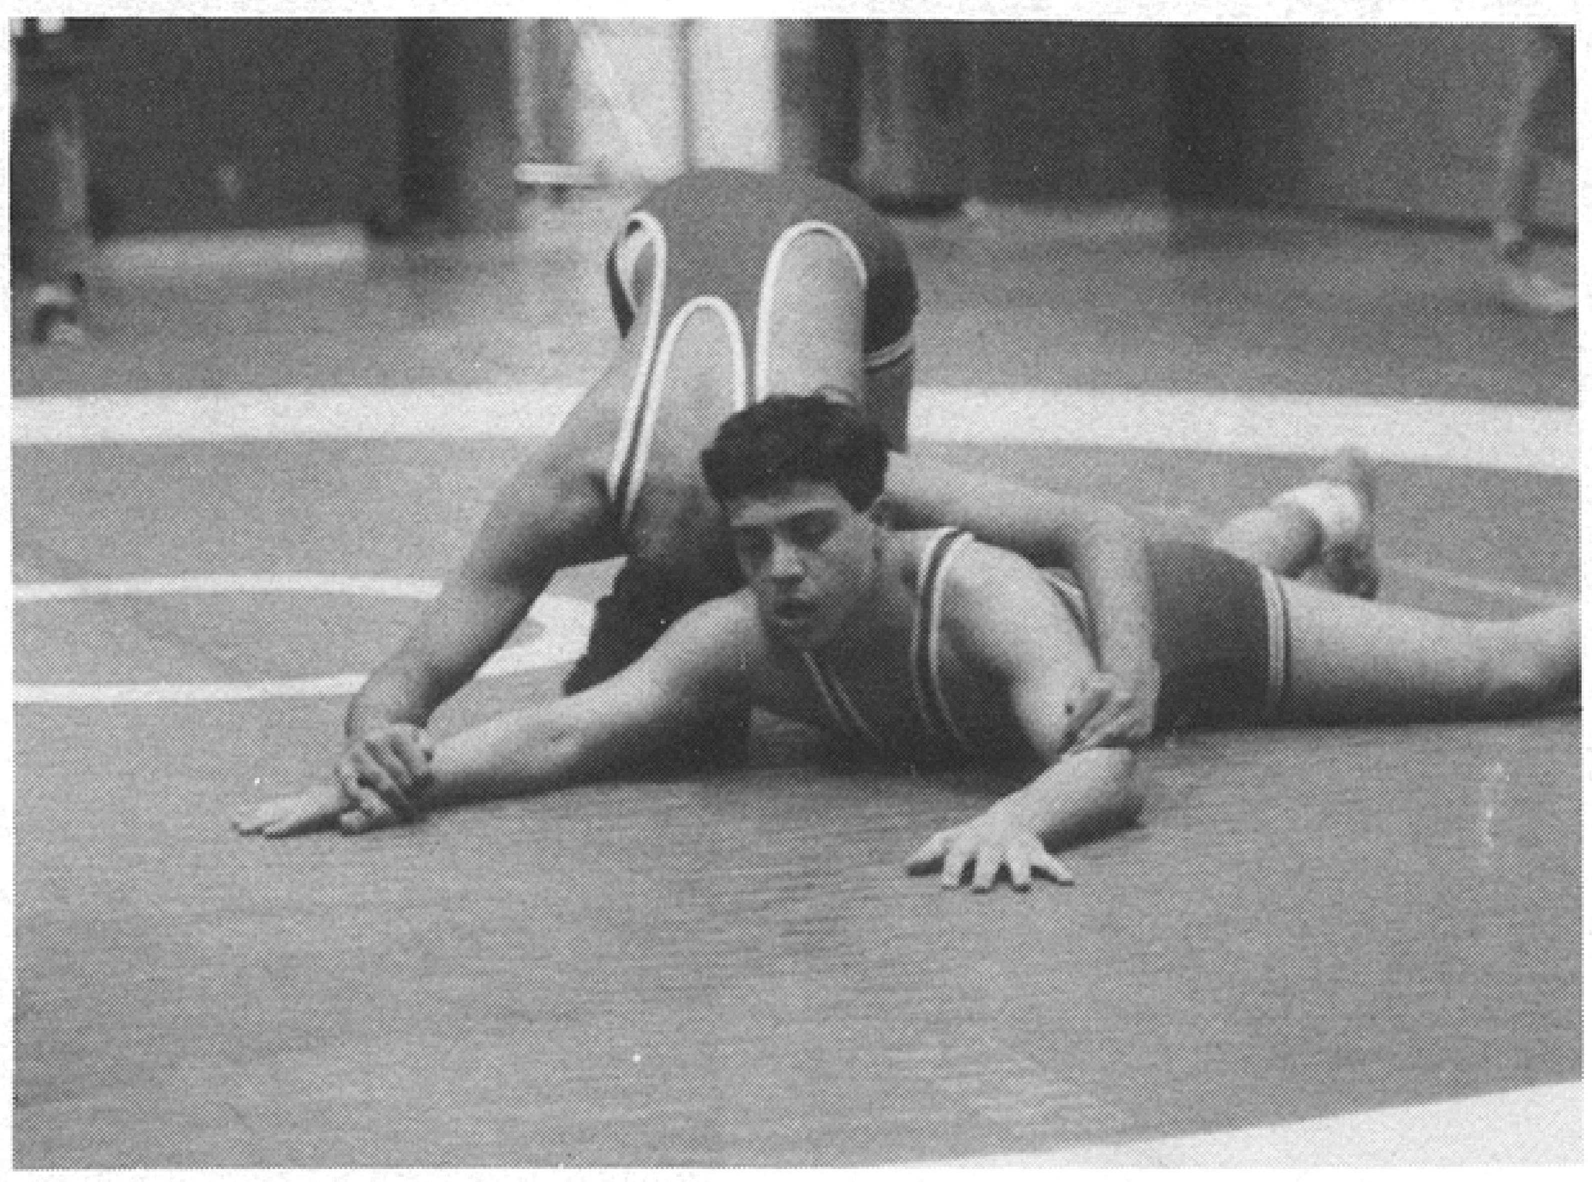

Excellent job team!

At the time of this writing Weston's four gold medalists were preparing themselves for the ALL ONTARIOS to be held March 4-6 at the University of Windsor.

Good Luck!

BACK ROW: Tony Majetic, John Copeman, David Orellana, Ken Jinkinson, Michael Virag, Denton Lewis, Vince Marino, Don Culbertson, Felix Dolezel, F. Charles (coach).

This year the junior rugby team made a tremendous improvement over last year's performance. Instead of losing all league games the team lost two and won two. In the championship game Weston was tied at no score with Earl Haig at the end of the game. During the regular season Earl Haig had beaten Weston by a narrow margin. In the kick-off to determine a winner, Weston decisively out kicked the opposition to win the game and the North York Junior Championship. The gain in experience from last year and the fact that we had mostly 16 year-old players helped the team this year. We had one of the most powerful scrums in the league, with us seldom being pushed off the ball. The one thing that hurt us again this year was a lack of players. This showed when we played Brebuf College. Both times we were defeated mainly because we did not have enough fresh legs to put on the pitch at half time. I wish to thank the players for their work and dedication to this year's team.

This proved to be an eventful year for students taking Cosmetology. Classes worked on establishing a "store front" facility within the school setting by inviting clients from the community to abail themselves of services that were possible such as permanent waves, sets, manicures and facials.

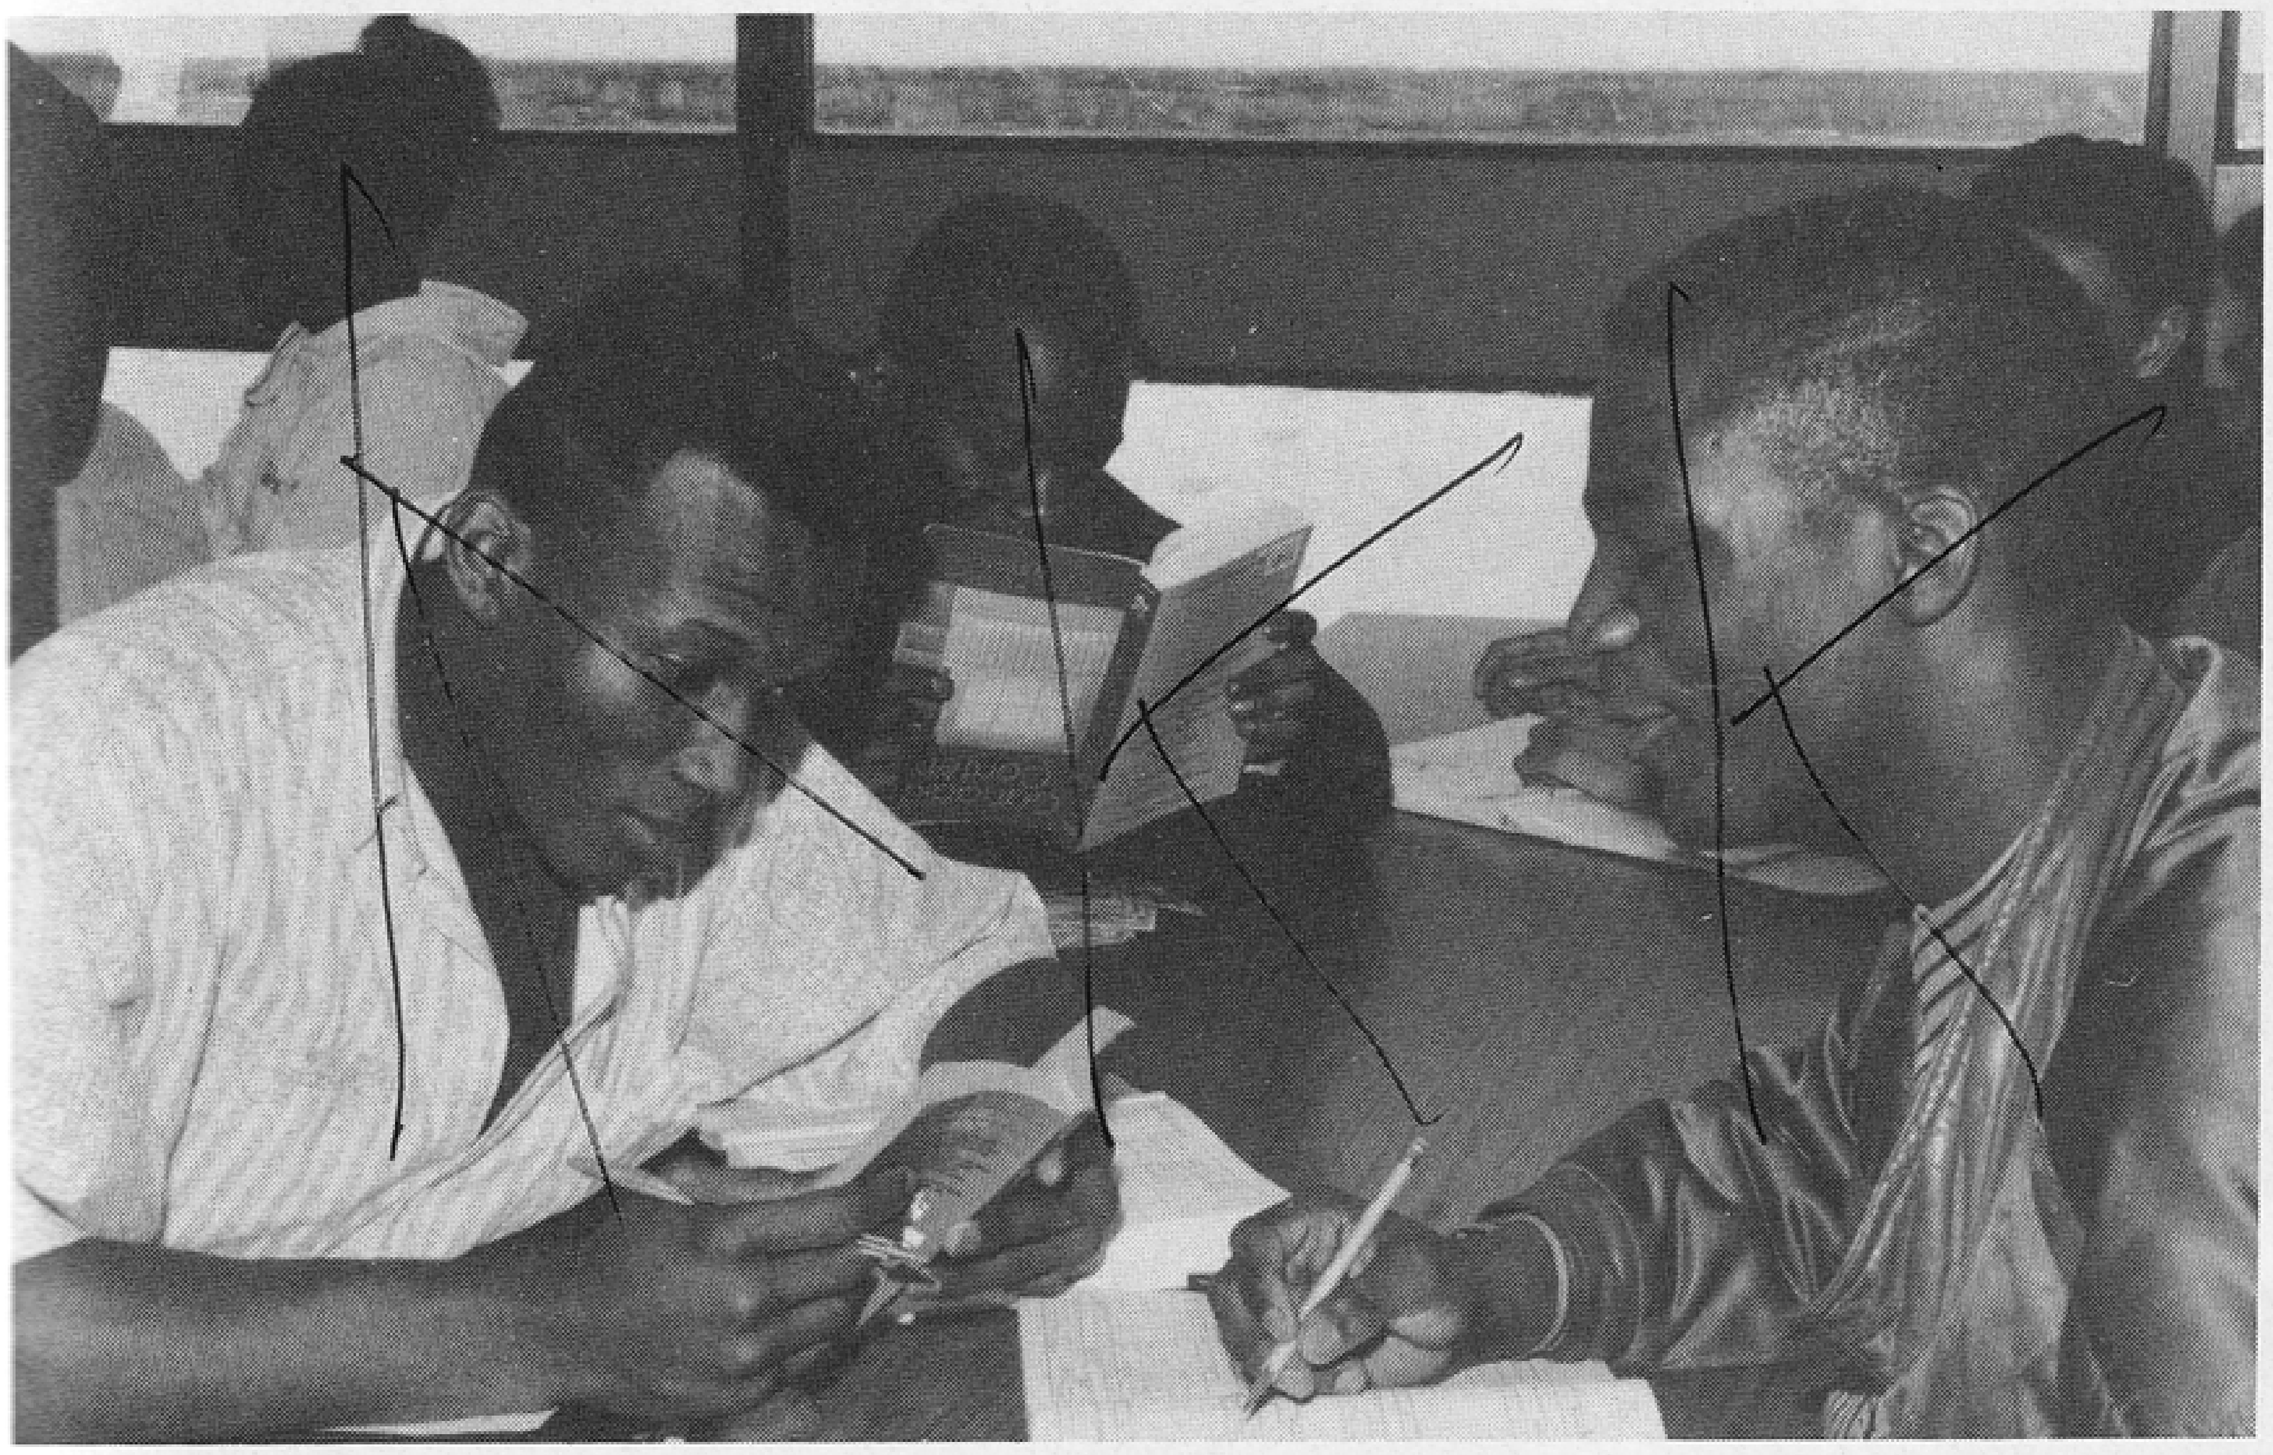

Other activities included preparing for a shop opening; holding demonstrations and making a presentations for "Techstyles"; making up "Hallowe'en faces" for our Hallowe'en dance; and participating in an all day excursion to the Allied Beauty Association's 1990 Conference where they sat in on workshops and explored many aspects of this very large industry.

Now sit right back and you'll hear a tale
a tale of a fateful school
that started from this quicksand pit
with its own indoor pool
its own indoor pool.

The VPs were mighty tough
the principal brave and sure
a thousand students attend this school
for a five year term
a five year term.

The newspapers started getting rough
misprinting every name
if not for the fact of a single shot
we wouldn't suffer shame
we wouldn't suffer shame.

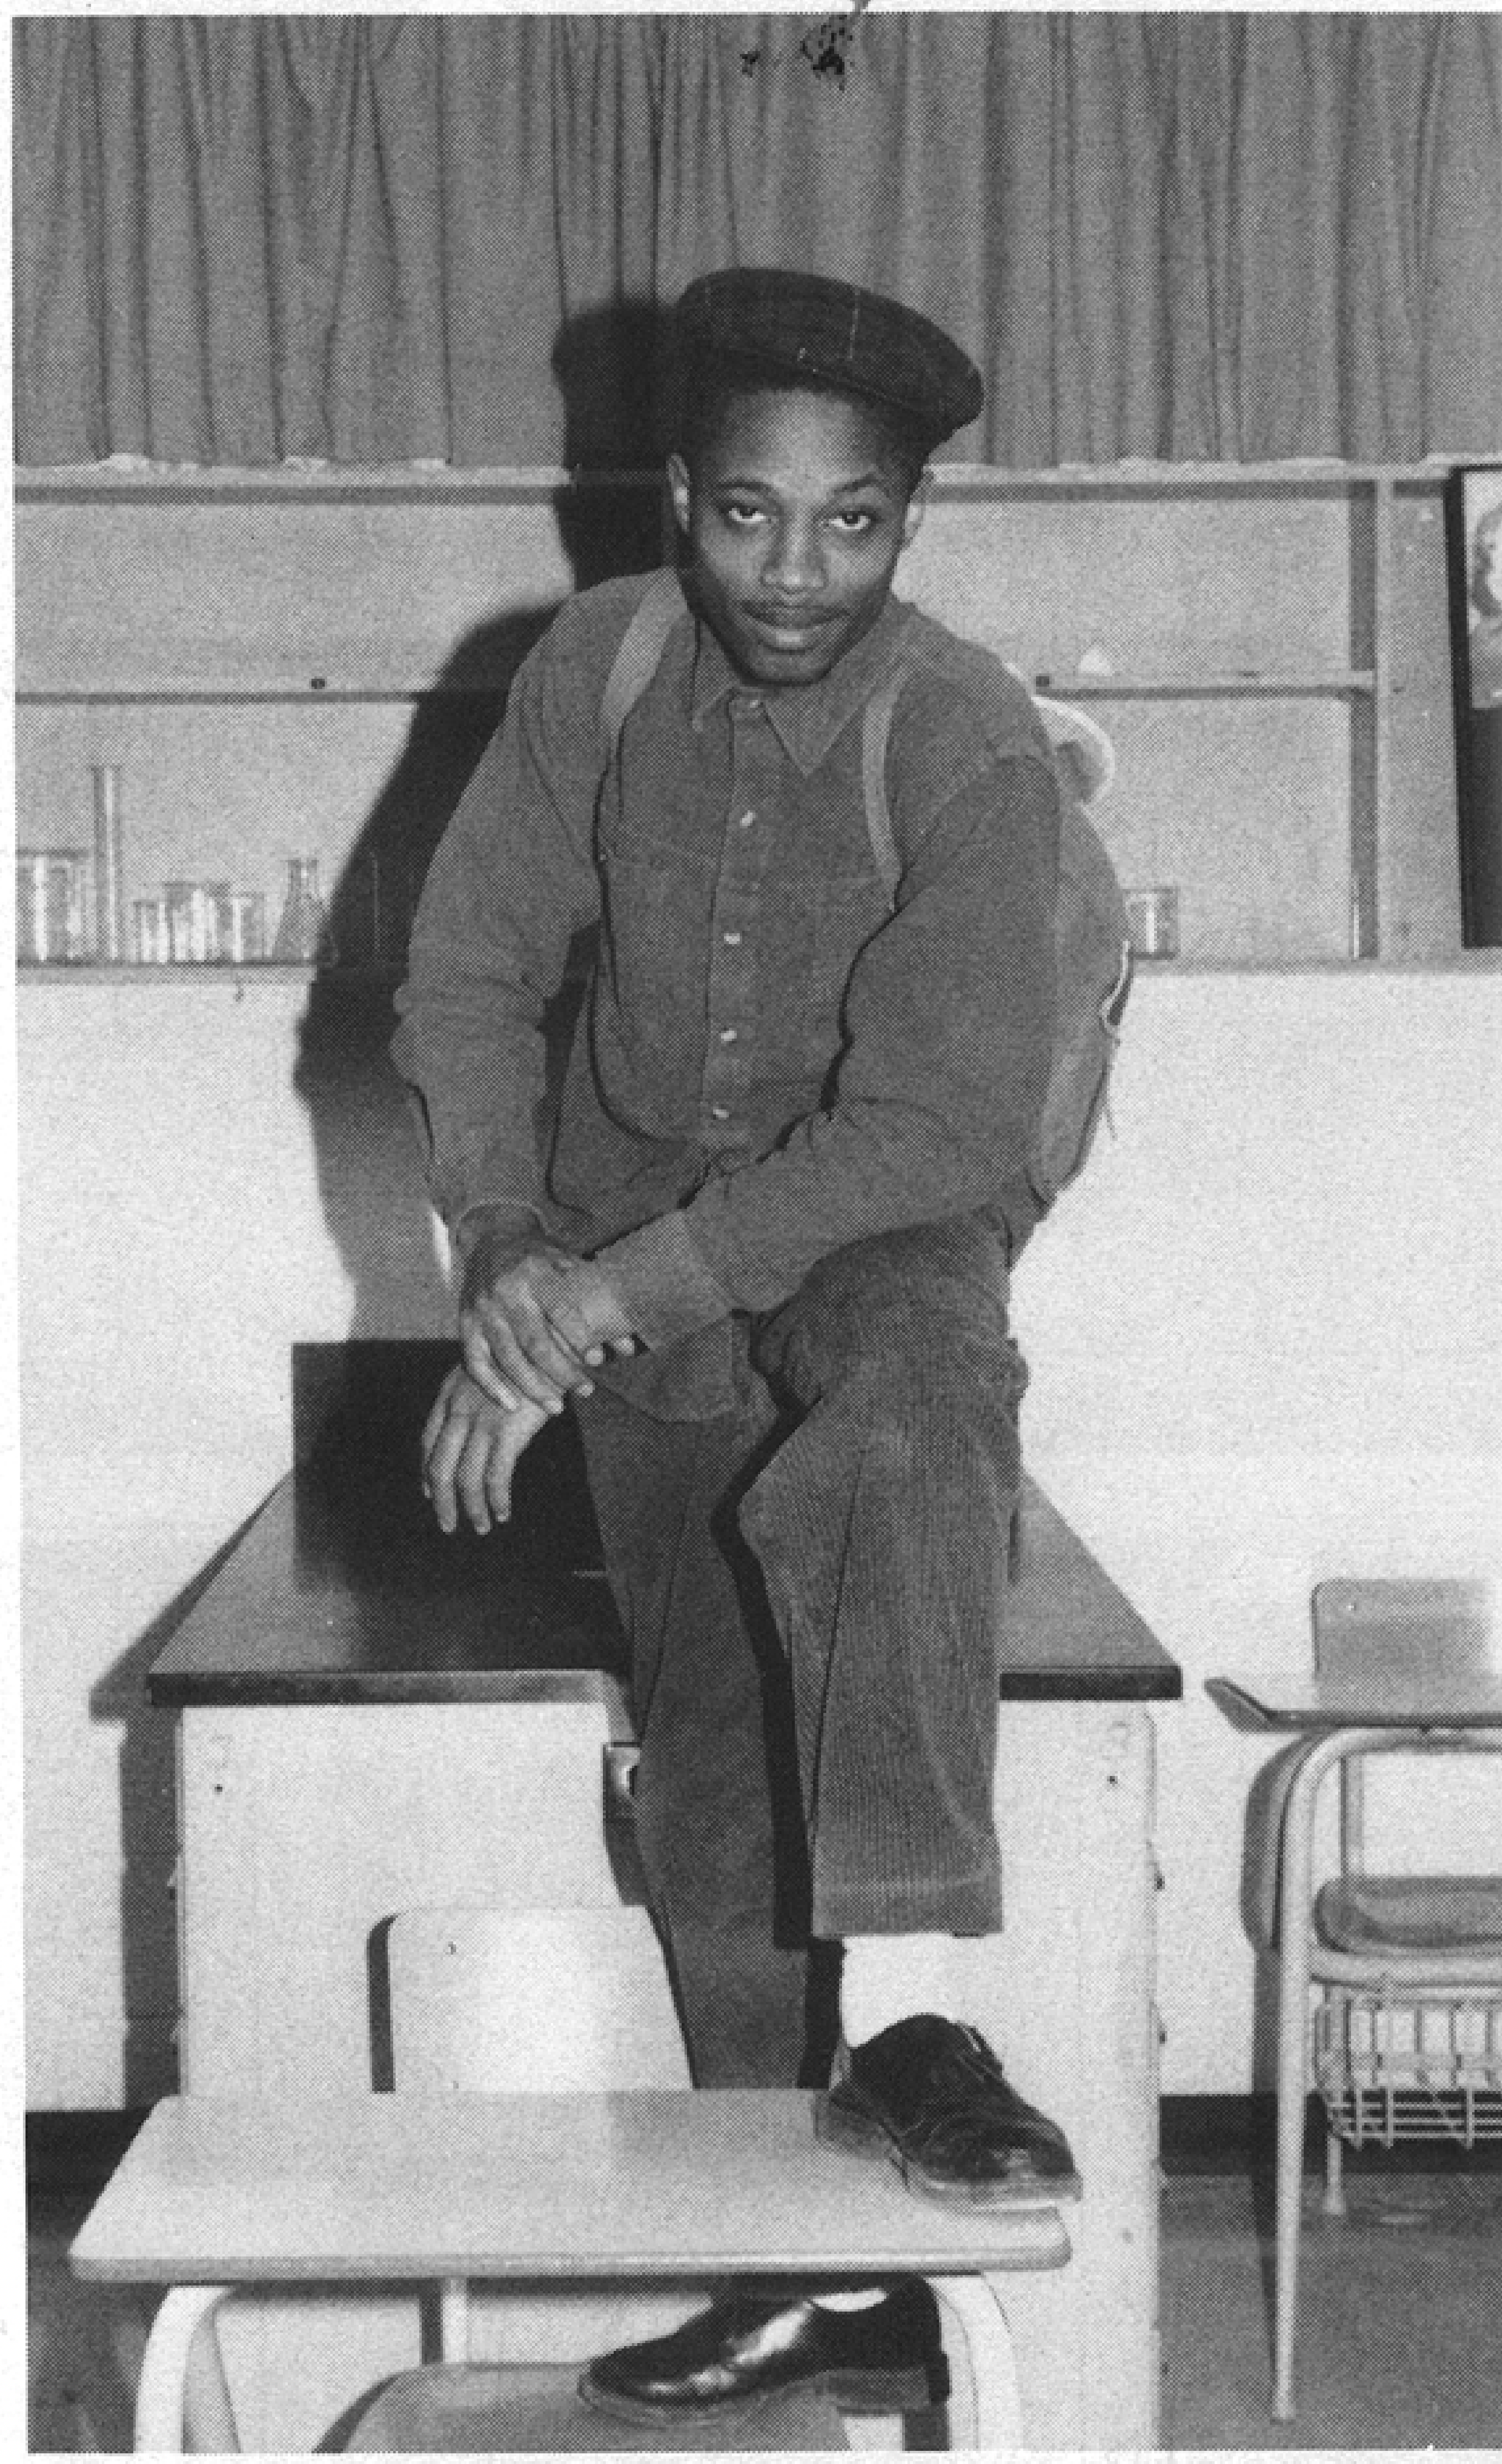

The fence went up
on the edge of this
entire mapped out school
with Mr. Rogers, Mr. Gavaris too
Ms. Bongard and Ms. Wright
the teachers
the custodians and office staff
here on WESTON'S ISLE.

Now this is the tale of our twelve foot fence
its here for a long long time
we'll have to make the best of things
it's an uphill climb.

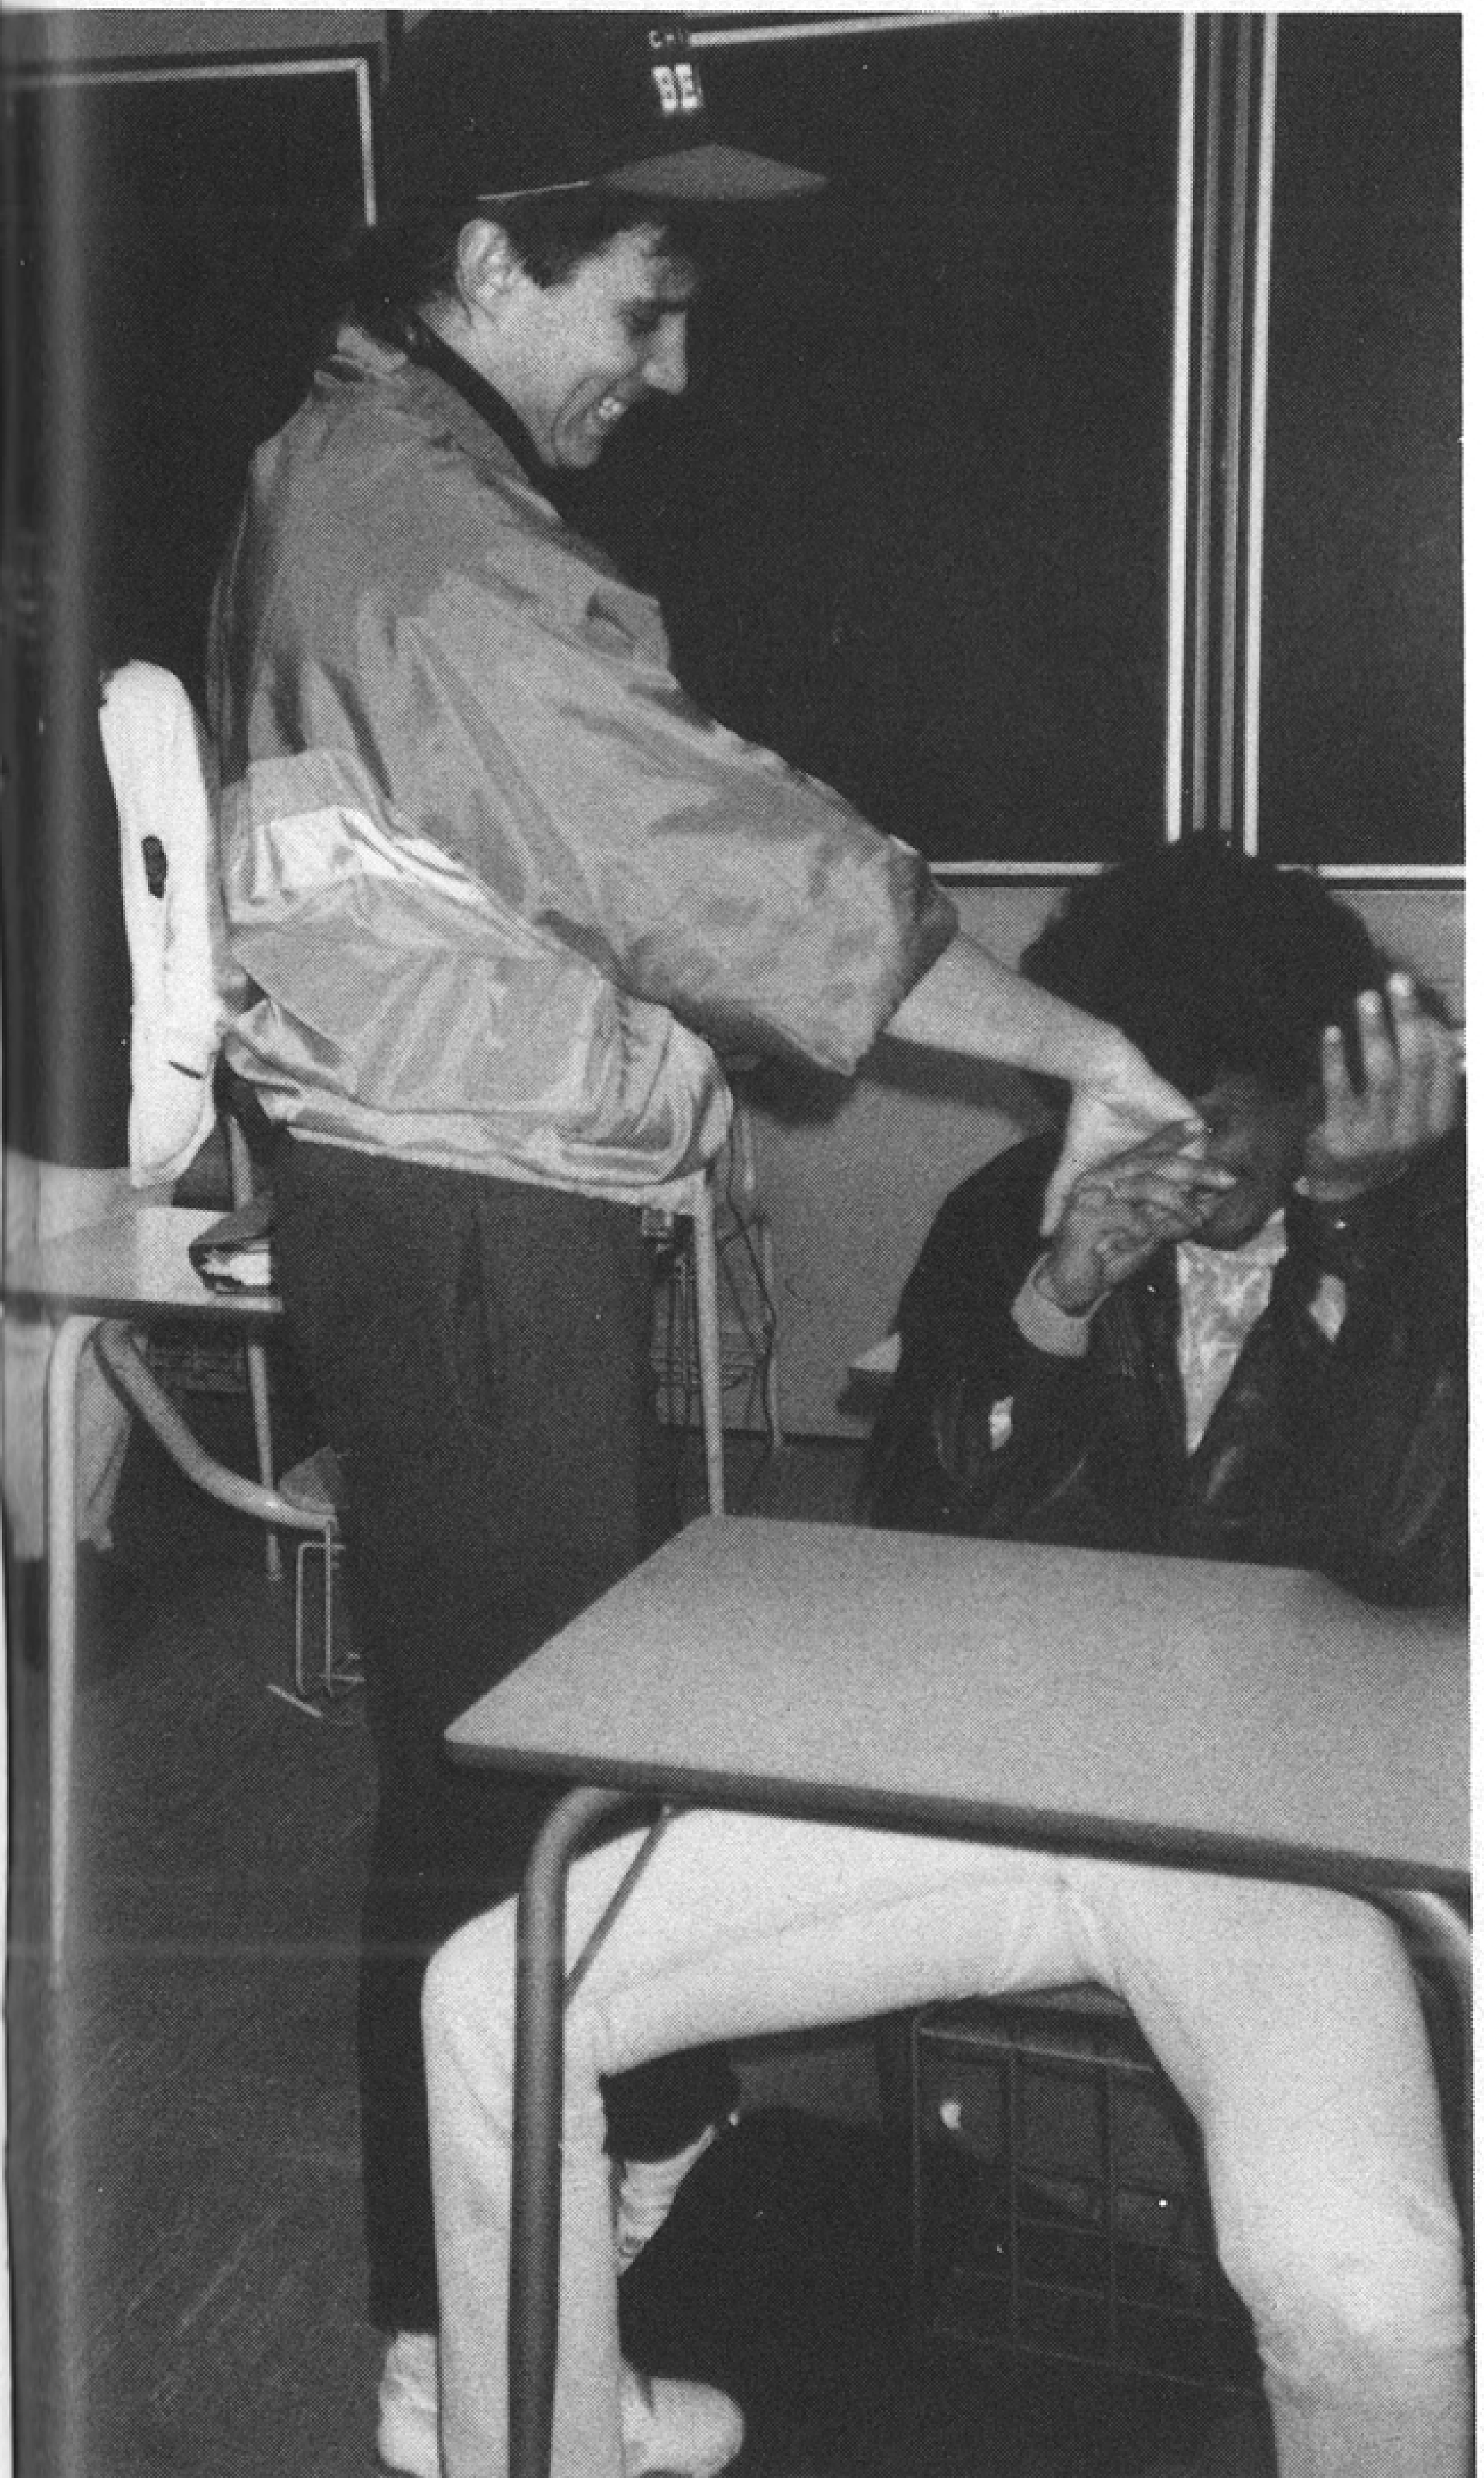

The principal and his VPs too
will do their very best
to make the students comfortable
in this violent time and place.

No windows
no light
no parking spots
not a single luxury
like detention for a year it's boring as can be.

So join us here each year my friends
you're sure to get a smile
with the yearbook and its castaways
here on WESTON'S ISLE!

Variety Show '89

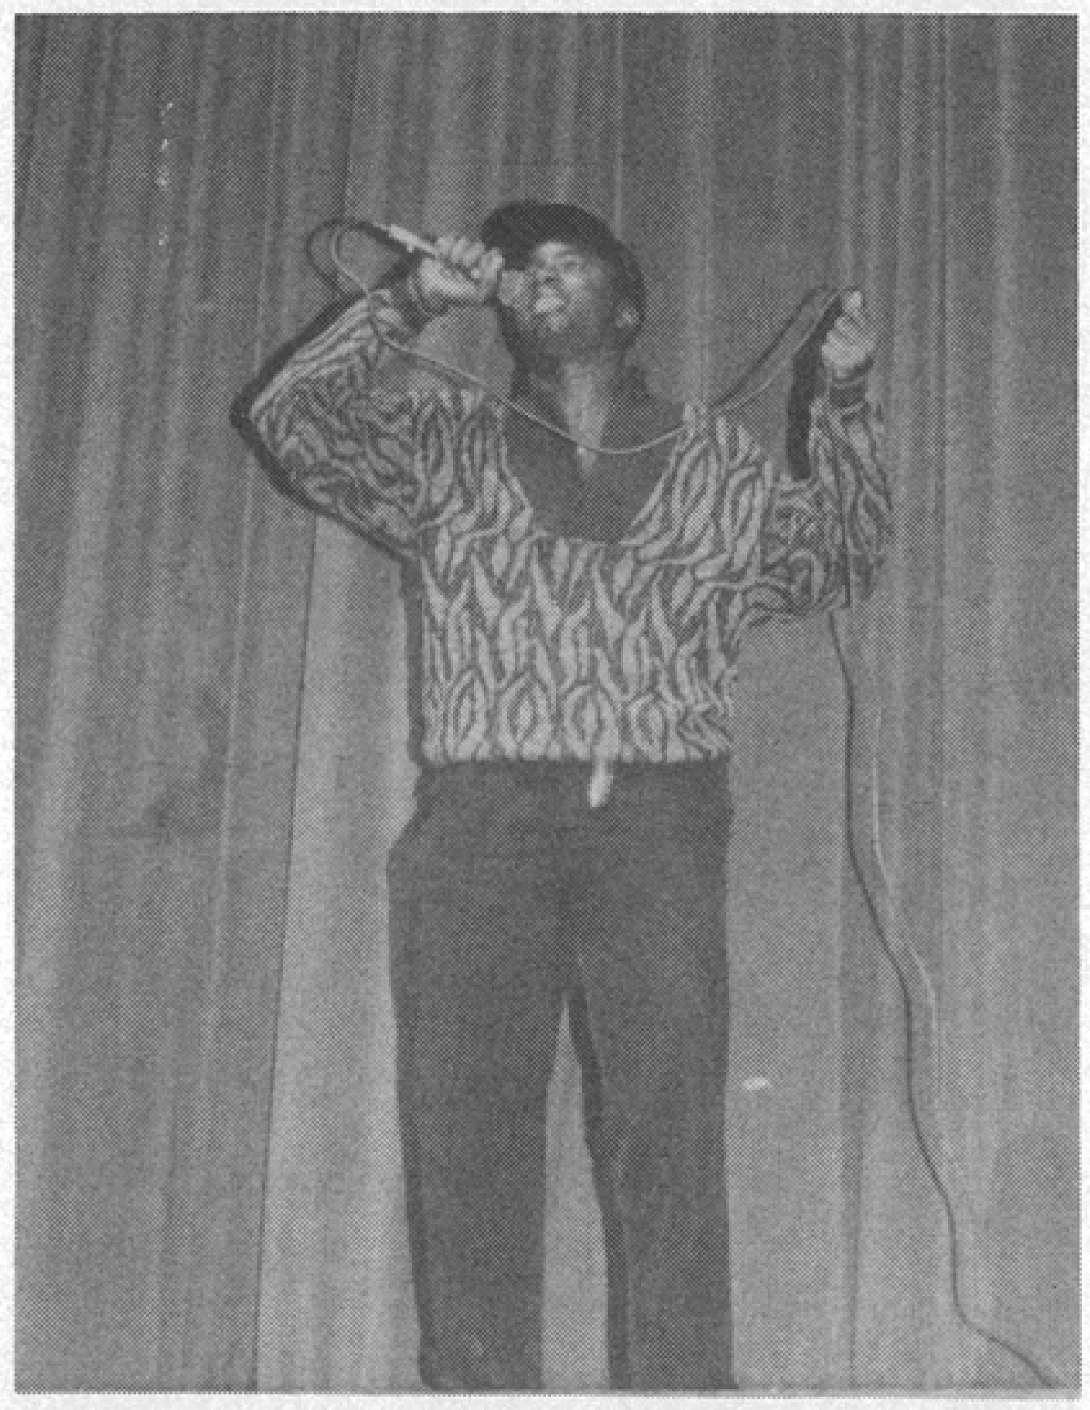

On December 22, WCI held its annual Variety Show. As in past years, the show consisted of a wide variety of both music and comedy. Although there was some audience participation, it did not consist of the retrieval of candy canes! With sound pressure that well exceeded safety limits and comedy that left people rolling in the aisles, most left smiling, but slightly hard of hearing.

Dream Master

The meals of cowardice and spoonfuls of avoidance.
the easy feasting for our Dream Masters.
That certain enemy, the one who is loathed and once betrayed.
Is always in your viewing,
When your eyes unfold.
You may try to run from today's sunshine,
And escape to find yourself struggling in the beginning, in a familiar turmoil.

The more you twist, toss and hide 'neath the cover's warmth,
The more hideous that mocking laugh shall shriek.
Deny your thoughts true just,
Then turn to see them form all the more pain filled, oh.
Those old friends, who sliced your heart,
Shred it, in the deepest night.
Those sins of dishonour and lawless play.
Punish all the more intensely, in the dark.

No one can save your soul.
It will be open for public mocking,
At Hell's guarded doors.

Run, if you must.
With your lungs, heart and mind.
See yourself proper,
Don't leave your uncertainties trailing behind.

As the darkness enveloped you with its sheer sliced haze.
Heavy eyes unfolded a days thoughts, of pure terror.
A nightmare at its peak.
Reality cuts with the dull blade.

FOOLING OURSELVES

We are crowded in a dark, cold world;
Yet we pretend it is beautiful and special
We fight discimination and racism;
Yet we discriminate against one
another in our own minds.
We always ask people how they are feeling;
Yet we couldn't care less.
We offer our sympathy to those
who are in grief;
yet we don't even know
The true meaning of the word
We are all living a life full of deceit;
and until we conquer this suffering;
we shall die a lie.

Storm

Dark
shadowed sky.
The storm is racing against time.
Wind no longer whistling,
but screaming by,
over and under.
The sky like a tidal wave,
sweeping clear any unneeded cloud patterns.
Flashes strong and hard
no farther than a yard.
Leaves streak by,
over and under.
All is calm but the storm
air is warm.
Lifeless, limp, powerless things sweep by.
Papers and leaves fly high.

Them

They take us in their laps.
When we are small.

They they tell us it's okay,
And that it's alright.

Only if we keep it one
Big secret.

So for years it is,
Just one big secret.

Until finally it's almost
Wiped clearly from our minds

Then one day we remember
Those men.

And how dangerous that one
Big secret is.

We try to forget but
Cannot.

When we were children
We were told we will,

Always be safe and have,
The most fulfilling childhood.

But we weren't safe,
And now we hurt.

We try to heal those wounds.
But now we know that,

Those men will pay,
Dearly in the end.

Tears

The clouds grow slowly darker.
The wind becomes wild and restless
and begins to gather strength.
The sky rumbles with discontent.
Lightning shatters the midnight sky
causing the clouds to burst with upspent rage;
unleashing the torrent of rain to ravage the land.
Quietly, the rain ceases.
The woman on the other side of the window pane
looks out and wipes away the last of her tears
from her face and smiles
like the sun, from behind the clouds.

In The House

In the house there are many places I dare not go.
Some rooms are dark and scary, filled with illusions.
Others are bright and happy, devoid of illusions.
Some rooms are locked and I have no key,
And if I dare break in,
I understand things I wished I had not.

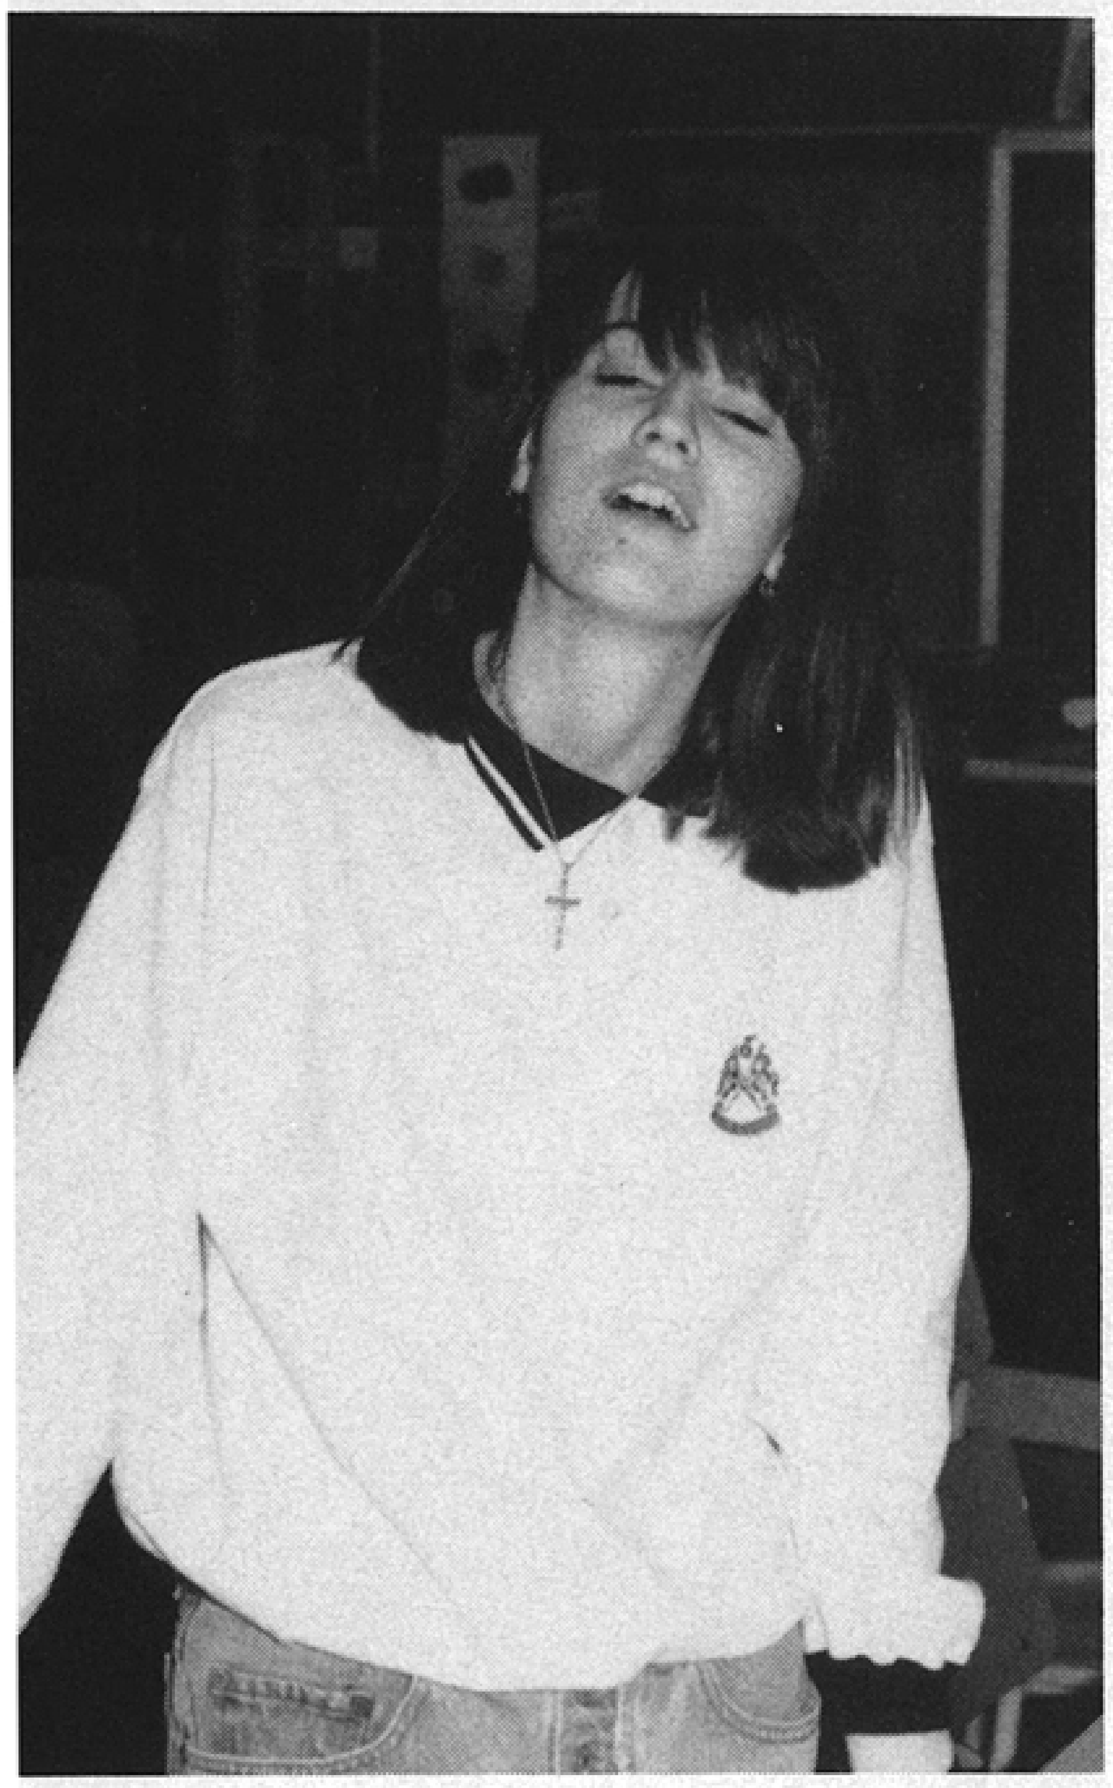

Some halls are blocked with monsters I dare not face.
The have big ivory teeth dripping with blood.
They are waiting for me, to draw my blood.
Some halls are clear for me to pass,
The only thing waiting
Is a little white lamb ready to follow.

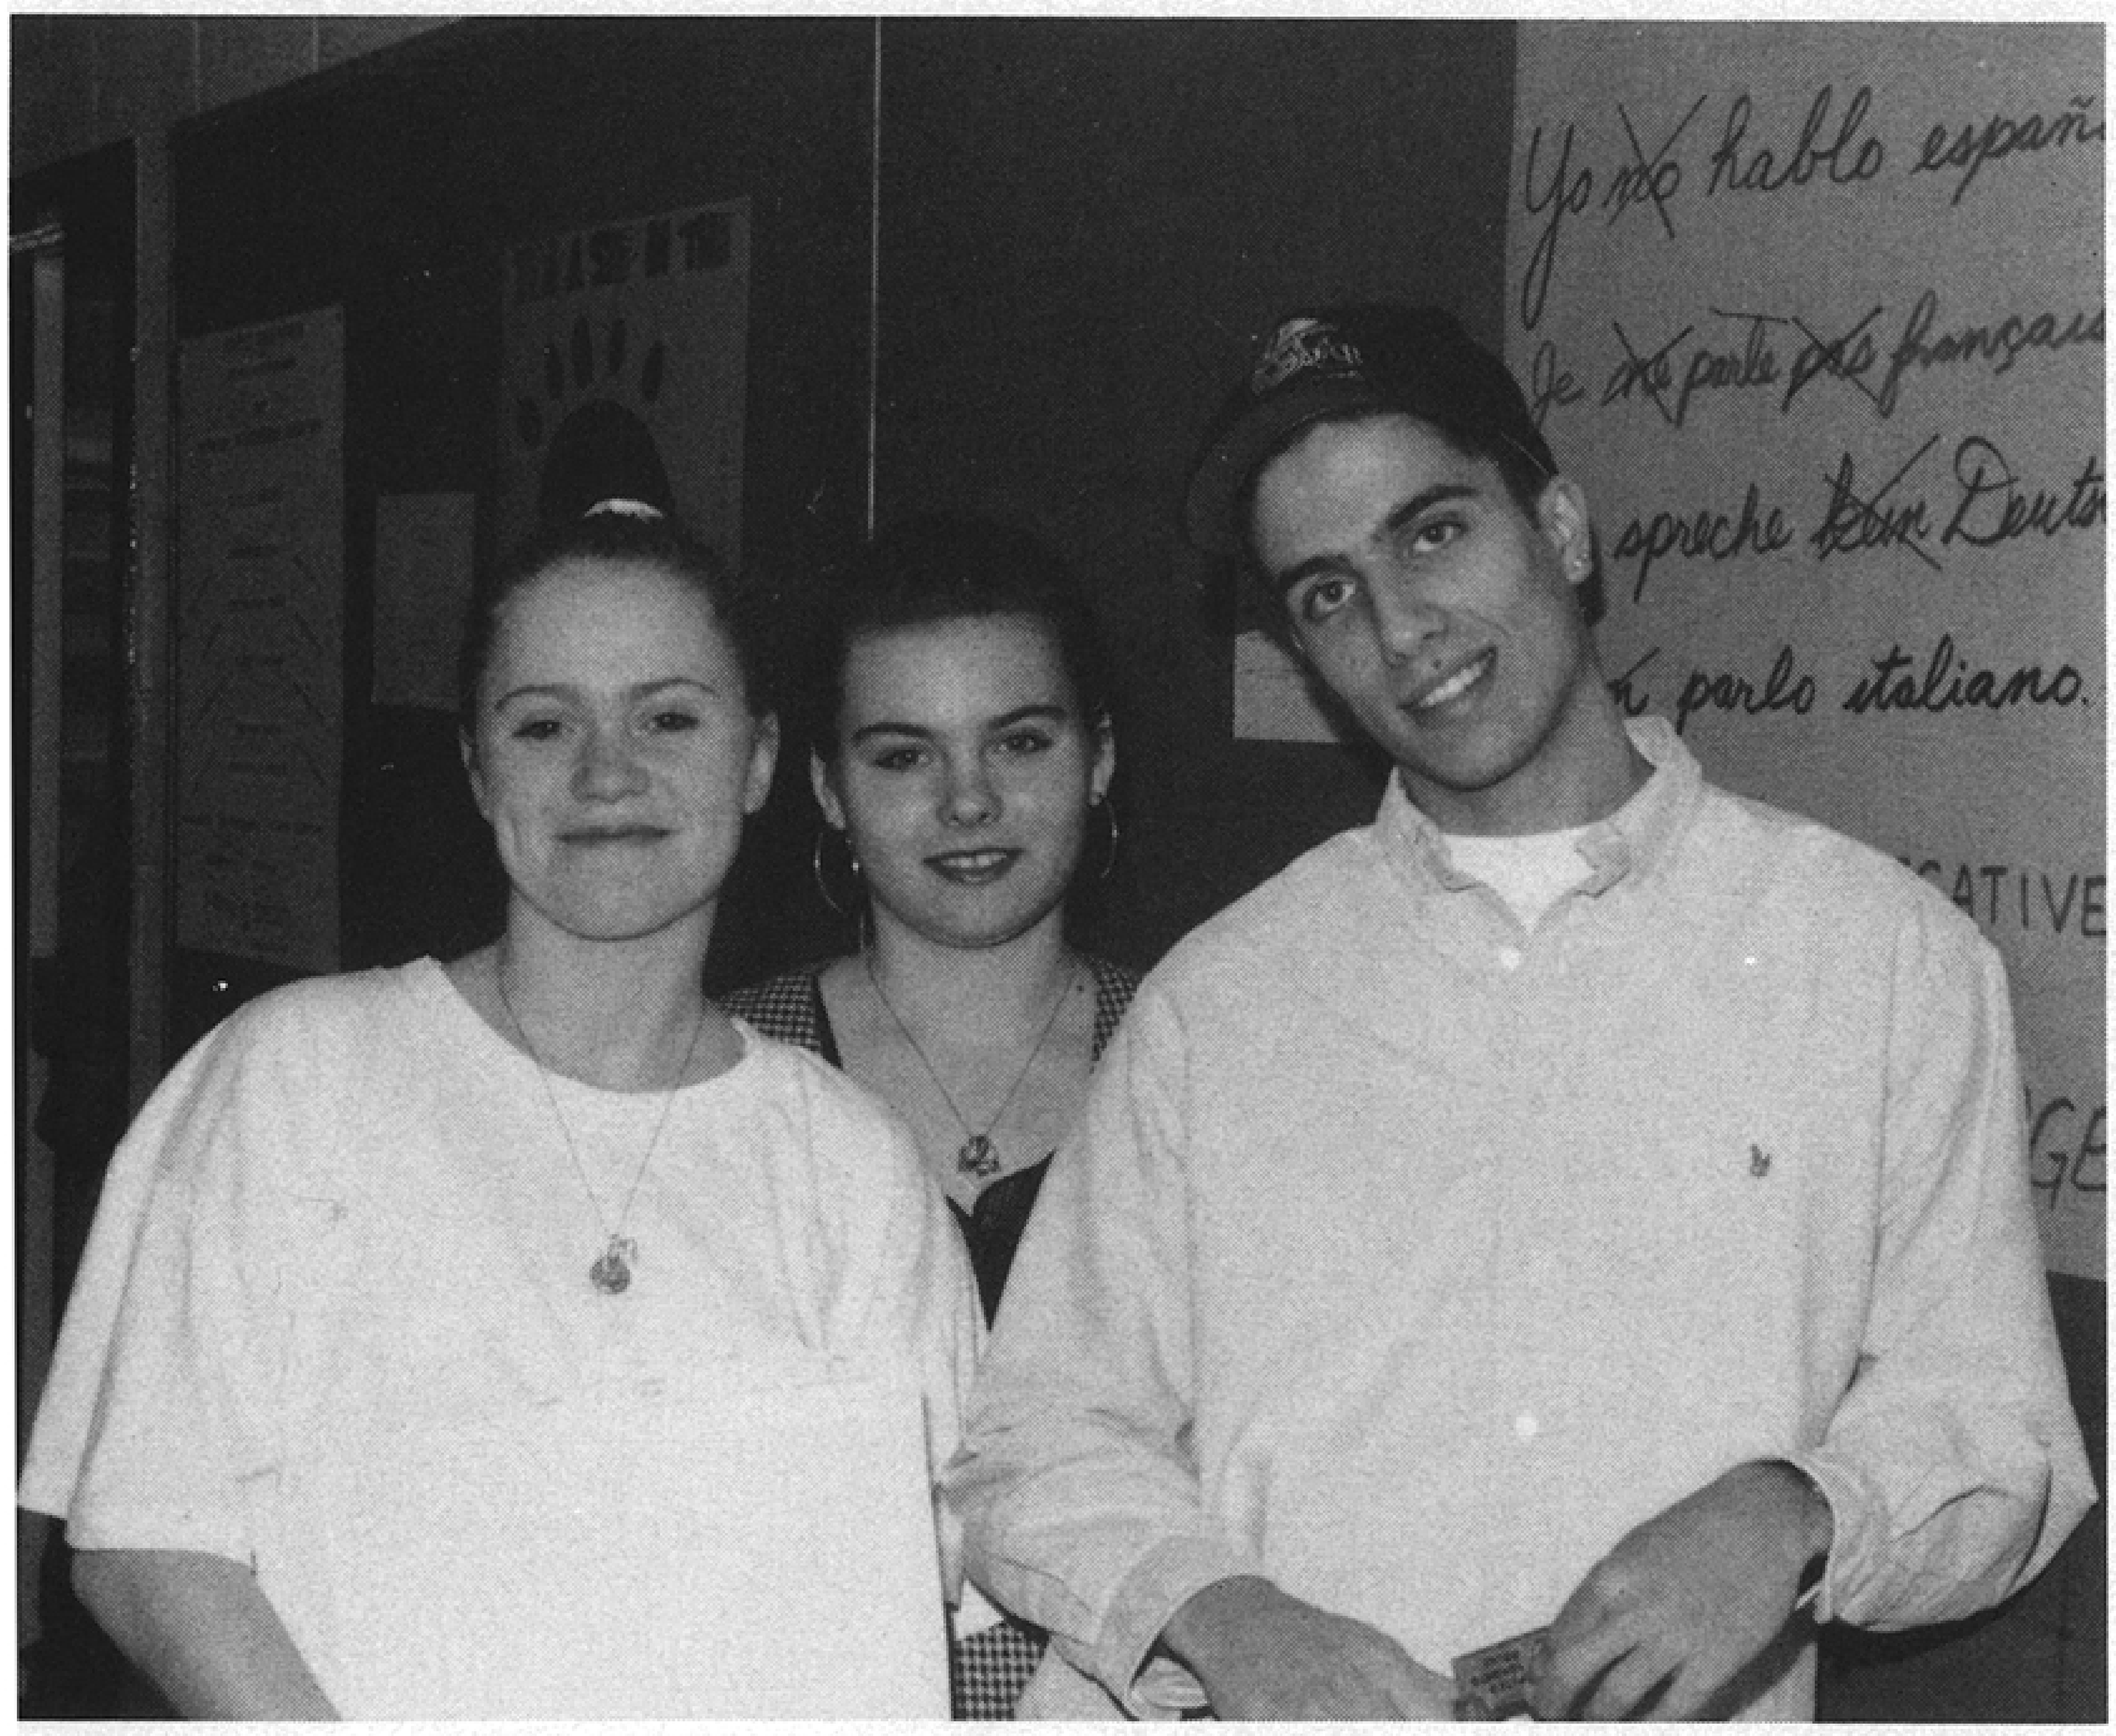

This house belongs to me or you.
You might have more keys that I,
But I have more lambs than monsters.
Your rooms are brighter than mine,
But mine have fewer illusions.

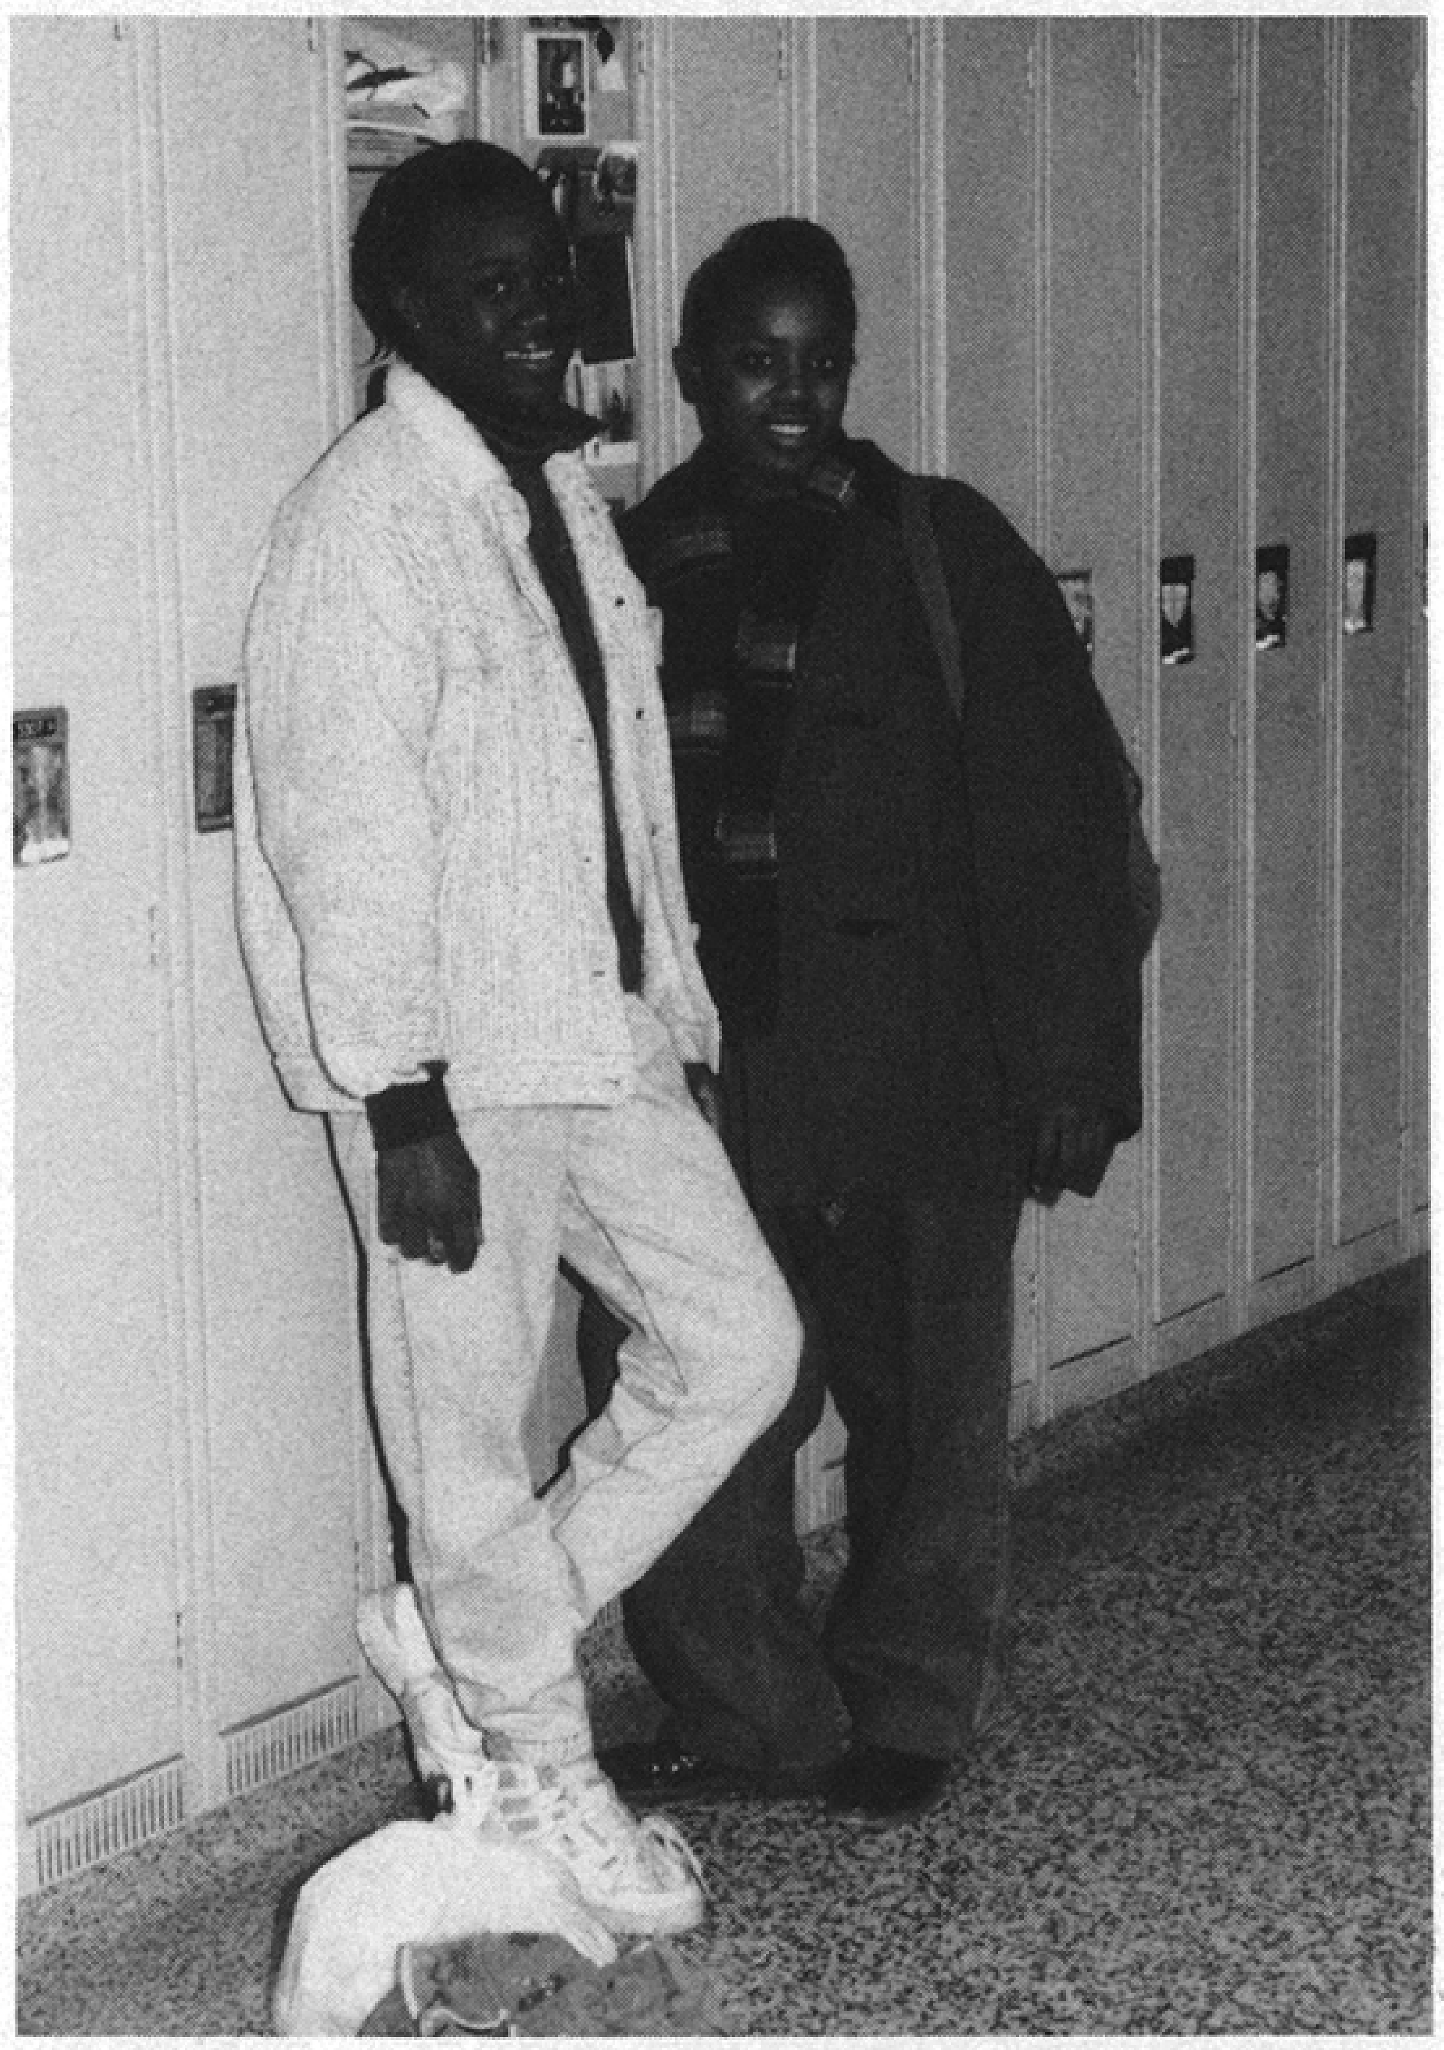

We travel the hallways and visit the rooms,
Not always knowing what to expect.
Will we fight a monster today or pet a lamb?

So you see we are much the same,
You and I with the darkened rooms and eerie hallways.
Both we must face the terrors
In the house.

The Weston Collegiate Ironman. A tradition of eighteen years within our school. He started off as a copy of the Marvel Comic Ironman with minor changes. This symbol of strength, vitality and school spirit has never been printed in our yearbook due to copy-right laws. Although numerous letters were written asking permission to print out rendition of the "Ironman", a refusal was returned every time.

This year, rather than asking permission to print our old Ironman again, the yearbook staff recruited some of the top notch artists in Weston to design a new and improved Ironman; "Our Ironman".

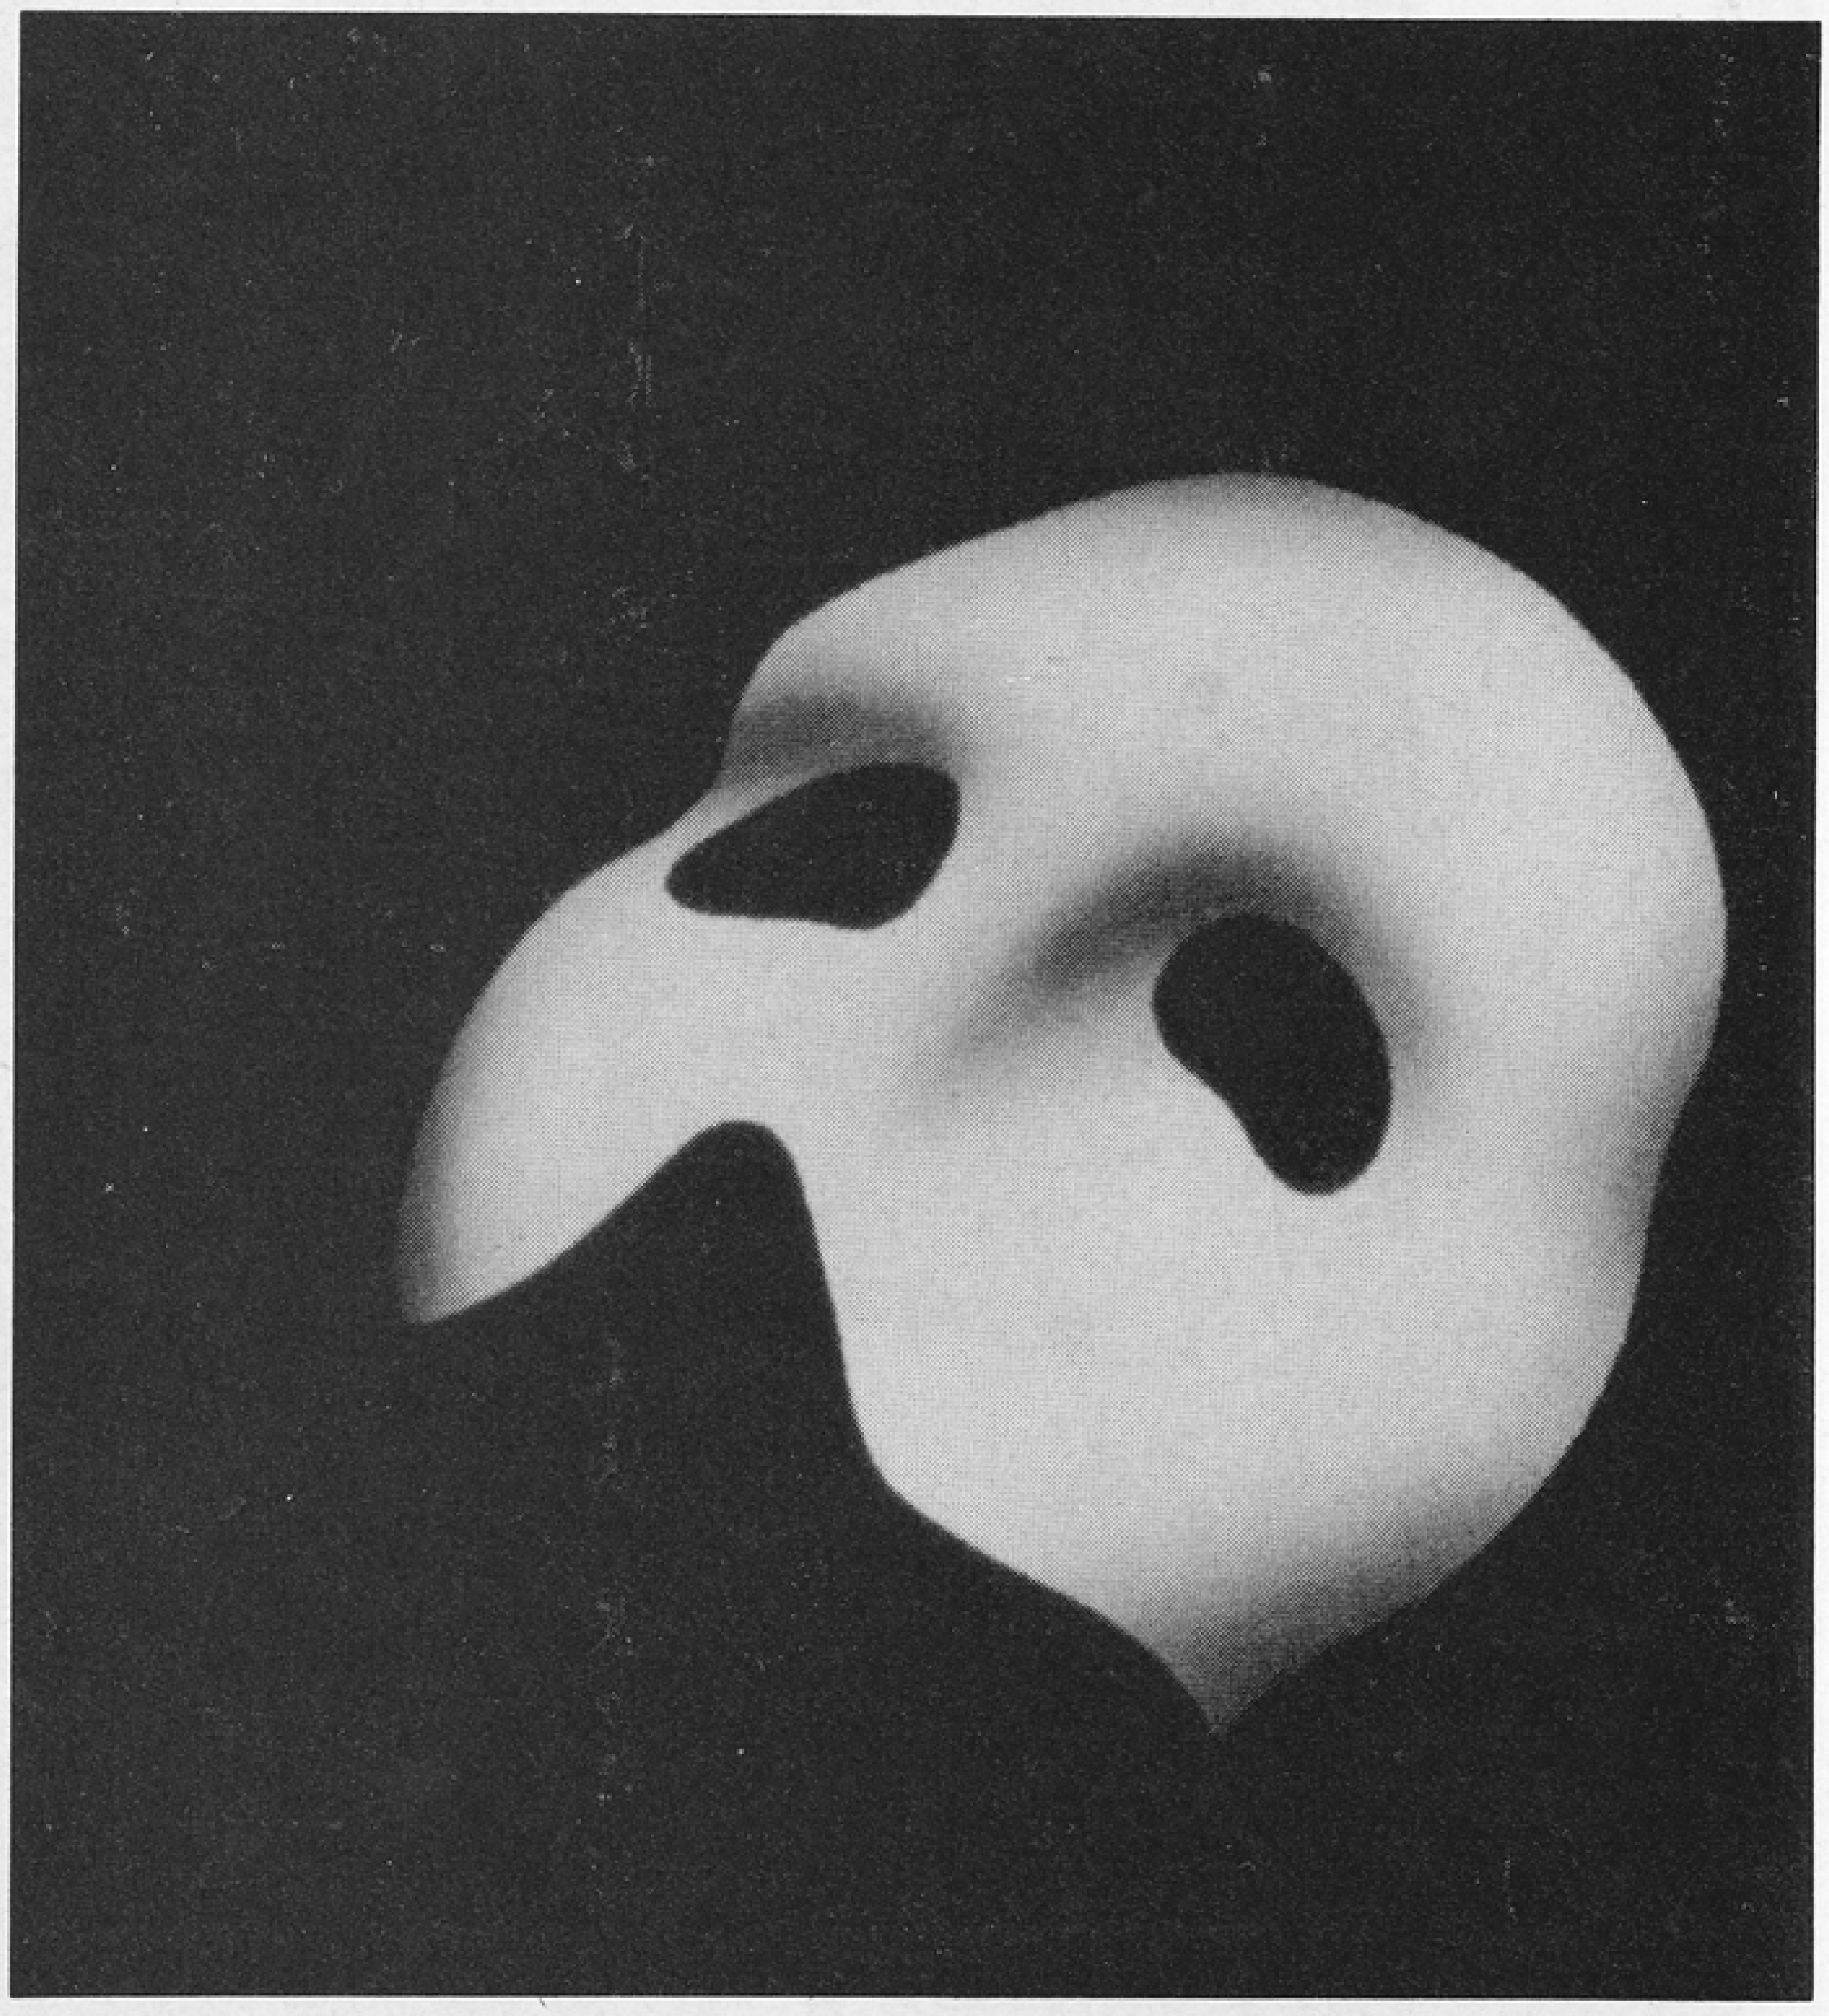

After long hours of work, trials and dedication our artists have come up with a new Ironman which we are proud of and hope you will be too.

"Our Ironman" conveys not only physical strength and power, but also computerized, futuristic intelligence. We hope you can appreciate this work of art and our "new symbol".

The crumbling of the Berlin Wall represented the beginning of the end of communism as we know it today.

The most extravagant theatrical production that this city has ever seen commence with the opening of the Phantom of the Opera.

The boys of summer put it all together in the 1989 to bring the American League East Pennant back to Toronto.
